Advances in Project Management Darren Dalcher, 2016-03-23. On the evidence of the authors of *Advances in Project Management* Narrated Journeys in Uncharted Territory there is a sea change coming. That change will affect the way projects are perceived, lead and governed particularly in the context of the wider organisation to which they belong, whether that is in the public, private or not-for-profit sectors. Many organisations have struggled to apply the traditional models of project management to their new projects in the global environment. Anecdotal and evidence-based research confirms that projects continue to fail at an alarming rate. A major part of the build up to failure is often the lack of adequate project management knowledge and experience. *Advances in Project Management* covers key areas of improvement in understanding and project capability further up the management chain amongst strategy and senior decision makers and amongst professional project and programme managers. This collection drawn from some of the world's leading practitioners and researchers and compiled by Professor Darren Dalcher of the National Centre for Project Management provides those people and organisations who are involved with the developments in project management with the kind of structured information, new approaches and novel perspectives that will inform their thinking and their practice and improve their decisions.

Second Order Project Management Michael Cavanagh, 2012. This text features extracts from a series of interviews with an international group of very senior managers who have been responsible for managing highly complex projects. These comments are combined and interspersed with brief explanations of some of the techniques.
