Cal linebacker Ron Rivera the final lateral receiver Kevin Moen and the immortalized Cardinal trombone player Gary Tyrrell The Play was not televised live There was no instant replay let alone a viral video In 1982 Steve Wozniak and Steve Jobs who had founded Apple Computer Company in a garage only 10 miles from the Stanford campus were just developing the first personal computers It took hours for news of the rivalry game s outcome to spread across the country yet football fans would remain enthralled by the bizarre sequence for decades to come Readers will be transported onto the field and inside the huddle in this definitive history of college football s ultimate oddity **Left Tackle Thayer** Ralph Barbour,2018-11-01
