**Problem Solving** S. Ian Robertson, 2016-11-10 The way that we assess and overcome problems is an essential part of everyday life Problem Solving provides a clear introduction to the underlying mental processes involved in solving problems Drawing on research from cognitive psychology and neuroscience it examines the methods and techniques used by both novices and experts in familiar and unfamiliar situations This edition has been comprehensively updated throughout and now features cutting edge content on creative problem solving insight and neuroscience Each chapter is written in an accessible way and contains a range of student friendly features such as activities chapter summaries and further reading The book also provides clear examples of studies and approaches that help the reader fully understand important and complex concepts in greater detail Problem Solving fully engages the reader with the difficulties and methodologies associated with problem solving This book will be of great use to undergraduate students of cognitive psychology education and neuroscience as well as readers and professionals with an interest in problem solving

**Environmental Problem Solving** Jeffrey W. Hughes, 2013-08-02 As environmental problems become increasingly complex it is critical that students and activists learn the skills with which to address them Although there already are many case studies of actual issues only in the last few years have environmental scientists paid close attention to their resolution Environmental Problem Solving teaches these skills Jeffrey W Hughes creates an organized method for approaching problems understanding larger issues and crafting solutions to a wide range of contemporary environmental issues Many environmental activists often have preconceived ideas of environmental protection and problem solving They react emotionally to news of deforestation a new housing development or a planned big box store without thinking about the problem logically and they may automatically regard foresters development companies and corporations as opponents As their views harden discourse turns acrimonious and it becomes ever more difficult to find satisfactory solutions This book teaches those on both sides of the table to address their own preconceptions and approach hard issues critically methodically and fairly Hughes combines aspects of the decision making process from the fields of business management and communication science based on extensive research and ample practical experience in the field and classroom He creates a logical framework to help guide thinking from identifying a problem to finding its solution Using examples drawn from real life situations Environmental Problem Solving will become an invaluable guide for environmentalists agency professionals consultants students naturalists and concerned citizens

**The Successful Law Student** Imogen Moore, Craig Newbery-Jones, 2022 The Successful Law Student An Insider s Guide to Studying Law is the

ultimate guide for all prospective and current law students Packed full of insights advice and perspectives from current and past law students it is the only student guide to draw extensively on real life examples and advice to help you make the most of your studies

**Liquid Legal** Kai Jacob,Dierk Schindler,Roger Strathausen,2020-08-27 Three years ago the first Liquid Legal book compelled the legal profession to reassess its identity and to aspire to become a strategic partner for corporate executives as well as for clients It also led to the foundation of the Liquid Legal Institute LLI an association that sparks innovation and drives collaboration in the legal industry This second Liquid Legal book builds on the LLI s progress and on the lessons learned by a legal community that has moved beyond focusing purely on LegalTech It not only presents an outlook on how legal professionals will operate in the future but also allows readers to develop a genuine understanding of the value of digitalization standardization and new methodologies Further the book outlines a Common Legal Platform CLP and makes it the common point of departure for every author offering inspiring insights from a wide range of forward thinking experts who are all invested in driving new thinking within the legal ecosystem The book also features Liquid Legal Waves which provide links between the various articles connecting concrete ideas practical solutions and specific topics and putting them into perspective and so creating a true network of ideas for readers A must read this book is vibrant proof of the power of sharing collaboration and coopetition helping the legal profession to shape its digital future and revitalize its relevance while retaining a focus on the human lawyer

**Private Law in Context** Loth, Marc,2022-02-15 Contemplating the nature practice and study of private law this comprehensive book offers a detailed overview of private law s theoretical dimensions It promotes a reflective attitude towards the topic encouraging the reader to question how private law is practiced and studied what this implies for their own engagement in the field and what kind of private lawyer they want to be This thought provoking book draws on examples from a range of legal systems to provide philosophical perspectives on the diverse dimensions of private law
