Hunter, 2013-11-05 This Volume VII of eleven in a series on India History Economy and Society Originally published in 1886 this book presents an account of India and its people condensed from statistical surveys that initially were 128 volumes and 60 000 pages Further shrunk into twelve volumes as the he Imperial Gazetteer of India this single volume has the essence of the whole A Footnote to History Robert Stevenson, 2019-04-29 An affair which might be deemed worthy of a note of a few lines in any general history has been here expanded to the size of a volume or large pamphlet The smallness of the scale and the singularity of the manners and events and many of the characters considered it is hoped that in spite of its outlandish subject the sketch may find readers It has been a task of difficulty Speed was essential or it might come too late to be of any service to a distracted country Truth in the midst of conflicting rumours and in the dearth of printed material was often hard to ascertain and since most of those engaged were of my personal acquaintance it was often more than delicate to express I must certainly have erred often and much it is not for want of trouble taken nor of an impartial temper And if my plain speaking shall cost me any of the friends that I still count I shall be sorry but I need not be ashamed In one particular the spelling of Samoan words has been altered and the characteristic nasal n of the language written throughout ng instead of g Thus I put Pango Pango instead of Pago Pago the sound being that of soft ng in English as in singer not as in finger **A Footnote to History, Eight Years of Trouble in Samoa (Annotated)** Robert Louis Stevenson, 2021-01-10 Differentiated book It has a historical context with research of the time The purpose of realizing this historical context is to approach the understanding of a historical epoch from the elements provided by the text Hence the importance of placing the document in context It is necessary to unravel what its author or authors have said how it has been said when why and where always relating it to its historical moment A Footnote to History

Eight Years of Trouble in Samoa by Robert Louis Stevenson It is an 1892 non fiction historical work by Robert Louis Stevenson that describes the contemporary Samoan Civil War Robert Louis Stevenson arrived in Samoa in 1889 and built a house in Vailima He quickly became passionately interested and engaged in the concomitant political machinations These involved the three colonial powers that were fighting for control of Samoa the United States Germany and Great Britain and the indigenous factions that were fighting to preserve their old political system The book covers the period from 1882 to 1892 The book served as such a staunch protest against existing conditions that it resulted in the removal of two officials and Stevenson for a time feared that it would result in his own deportation When things were finally over he wrote to Sidney Colvin who came from a family of distinguished colonial administrators
