For God And Country:

For God and Country? Elisheva Rosman-Stollman, 2014-11-06 In many modern armies the religious soldier is suspect. Civilians and officers alike wonder if such a soldier might represent a potential fifth column. This concern is especially prominent in the public discourse over the presence of religious Orthodox Jews serving in the Israel Defense Forces. Will they obey their commanding officer or their rabbi? With research collected over almost a decade including hundreds of hours of interviews, Elisheva Rosman examines this question of loyalties and reveals how religious soldiers negotiate a place for themselves in an institution whose goals and norms sometimes conflict with those of Orthodox Judaism. *For God and Country* focuses on the pre service study programs available to religious conscripts. Many journalists and scholars in Israel are suspicious of the student soldiers who participate in these programs, but in fact, as Rosman's research demonstrates, the pre service study programs serve as mediating structures between the demands of Religious Zionism and the demands of the Israel Defense Forces and do not encourage their students to disobey orders. This was especially apparent during the disengagement from Gaza in 2005. Many in Israeli society predicted student soldiers would defy their orders per the instruction of their religious leaders, but this did not happen as expected. In high profile cases such as this and in matters encountered daily by religious soldiers, the mixing of the sexes, for instance, Rosman has discovered that the pre service study programs can successfully serve as agents of civil society, both able to curb the military's efforts to meddle in civilian affairs and vice versa.

For God and Country James Yee, 2005-10-11 In 2001, Captain James Yusuf Yee was commissioned as one of the first Muslim chaplains in the United States Army. After the tragic attacks of September 11, 2001, he became a frequent government spokesman, helping to educate soldiers about Islam and build understanding throughout the military. Subsequently, Chaplain Yee was selected to serve as the Muslim Chaplain at Guantanamo Bay, where nearly 700 detainees captured in the war on terror were being held as unlawful combatants. In September 2003, after serving at Guantanamo for ten months in a role that gave him unrestricted access to the detainees and after receiving numerous awards for his service, there, Chaplain Yee was secretly arrested on his way to meet his wife and daughter for a routine two-week leave. He was locked away in a navy prison, subject to much of the same treatment that had been imposed on the Guantanamo detainees. Wrongfully accused of spying and aiding the Taliban and Al Qaeda, Yee spent 76 excruciating days in solitary confinement and was threatened with the death penalty. After the U.S. government determined it had made a grave mistake in its original allegations, it vindictively charged him with adultery and computer pornography. In the end, all criminal charges were dropped, and Chaplain Yee's record wiped clean. But his reputation was tarnished, and what has been a promising military career was left in ruins. Depicting a journey of faith and service, Chaplain Yee's *For God and Country* is the story of a pioneering officer in the U.S. Army who became a victim of the post-September 11 paranoia that gripped a starkly fearful nation. And it poses a fundamental question: If our country cannot be loyal to even the most patriotic Americans, can it remain loyal to itself? *For*

God and Country Ralph Reed, 2020-03-31 Donald Trump Defender of Religious Freedom In 2016 many Christian leaders opposed candidate Donald Trump He was a social liberal and his vulgarity divorces affairs and scandals made it impossible for him to defend Christian values in public life Or so they thought Trump nevertheless won an overwhelming majority of the Evangelical vote in 2016 as well as the Catholic vote And in 2020 the idea that he can't represent Christians is demonstrably false He has been the most ardent and effective presidential defender of religious liberty and the pro life cause since Ronald Reagan whom he has even surpassed in many ways In *For God and Country* Dr Ralph Reed draws on his deep knowledge of American history his unsurpassed experience as a political strategist his personal dealings with President Trump and the First Family and his moral commitment as a Christian to show why Catholics and Evangelicals should continue to support their unlikely champion In *For God and Country* Reed reveals The sincerity of President Trump's Christian faith and why he has delivered policy victories when other pro Christian presidents haven't Why Trump is the most pro Israel president in American history How liberals hope to demoralize Christians and thus defeat Donald Trump and reverse his pro life pro family pro religious freedom policies Why Never Trump Christians naively preach de facto political surrender *For God and Country* is not just required reading for the 2020 election it is required reading for every conservative Christian who loves America and wants to return it to Christian values

For God and Country Peter C. Mentzel, 2021-03-11 Religion and nationalism are both powerful and important markers of individual identity but the relationship between the two has been a source of considerable debate Much if not most of the early work done in Nationalism Studies has been based at least implicitly on the idea that religion as a genealogical carrier of identity was displaced with the advent of secular modernity which was caused by nationalism Or to put it another way national identity and its ideological manifestation nationalism filled the void left in people's self identification as religion retreated in the face of modernity Since at least the late 1990s this view has been increasingly challenged by scholars trying to account for the apparent persistence of religious identities Perhaps even more interestingly scholars of both religion and nationalism have noted that these two kinds of self identification while sometimes being tense as the earlier models explained are also frequently coexistent or even mutually supportive This collection of essays explores the current thinking about the relationship between religion and nationalism from a variety of perspectives using a number of different case studies What all these approaches have in common is their interest in complicating our understandings of nationalism as a primarily secular phenomenon by bringing religion back into the discussion

For God and Country Elizabeth "Libi" Sundermann, 2016-01-14 This postsecular study on Conservative and Christian thinkers intellectual ferment leading to England's 1944 Education Act examines how politicians and educationalists promoted Christian civic humanism as the educational philosophy underlying the Act It argues that Religious Education and secondary and further educational proposals were meant to go hand in hand to shape a national educational system that promoted an English national identity based on ideals of tradition and progress for the war weary nation The 1944 Act's historic Religious Education mandate however was overshadowed by the hopes and fears for secondary education for all in the postwar class conscious English society The book focuses on the work and collaborations of politicians educationalists and intellectuals with special attention to three men Minister of Education R A Butler educationalist Fred Clarke and sociologist Karl Mannheim As Christian political and social thinkers these men worked in public and behind the scenes to create the landmark Education Act in order to bolster postwar England through appeals to God and country
