Engaging Cultural Differences The Multic:

Freud Along the Ganges Salman Akhtar, 2005-12-17 Winner of the 2006 Gradiva Award A collection of new and previously published essays that sheds light on the intersections between psychoanalysis and Indic Studies While Indian academics and clinicians have been familiar with psychoanalysis for many decades they have kept this Western model of the mind separate from the spiritual and philosophical traditions of their own country Freud Along the Ganges bridges this important lacuna in psychoanalytic and Indic studies by creating a new theoretical field where human motives are approached not only psychoanalytically but also from the perspective of the teachings of Buddha Tagore Ghandi and Salman Rushdie The authors of this collection show how the insights of these Indian masters give a new force to the Freudian discovery by providing a basis to better understand the social and psychological Indian makeup The book begins by questioning the applicability of the psychoanalytic method to non Western cultures It then traces the history of the psychoanalytic movement in India from its onset while it emphasizes the intricate overlap between Indian existential and mystical traditions and psychoanalysis Freud Along the Ganges offers a unique study of the ways that Indian thought and psychoanalysis illuminate and enrich each other

Transcultural Bodies Ylva Hernlund, Bettina Shell-Duncan, 2007-06-07 Female circumcision or more precisely female genital cutting FGC remains an important cultural practice in many African countries often serving as a coming of age ritual It is also a practice that has generated international dispute and continues to be at the center of debates over women s rights the limits of cultural pluralism the balance of power between local cultures international human rights and feminist activism In our increasingly globalized world these practices have also begun immigrating to other nations where transnational complexities vex debates about how to resolve the issue Bringing together thirteen essays Transcultural Bodies provides an ethnographically rich exploration of FGC among African diasporas in the United Kingdom Europe and Australia Contributors analyze changes in ideologies of gender and sexuality in immigrant communities the frequent marginalization of African women s voices in debates over FGC and controversies over legislation restricting the practice in immigrant populations

Cognitive Activation in the Mathematics Classroom and Professional Competence of Teachers Mareike Kunter, Jürgen Baumert, Werner Blum, Ute Klusmann, Stefan Krauss, Michael Neubrand, 2013-03-29 This work reports the findings of the Professional Competence of Teachers Cognitively Activating Instruction and Development of Students Mathematical Literacy project COACTIV COACTIV applies a broad innovative conceptualization of teacher competence to examine how mathematics teachers knowledge beliefs motivational orientations and self regulation skills influence their instructional practice and teaching outcomes In this project data was collected on various aspects of teacher competence and classroom instruction from the perspective of both the teachers themselves and their students Moreover it gauges the effects of these teacher characteristics on student learning as indexed by the progress students in each class Questions addressed in the study which are reported in this volume include What are the characteristics of successful teaching What distinguishes teachers who

succeed in their profession How can the quality of instruction be improved **To Be an Immigrant** Kay Deaux,2006-08-17 Immigration is often discussed in broad statistical terms with a focus on how it affects labor markets schools and social services But at its most basic level immigration is a process that affects people and their identities in deeply personal ways In **To Be an Immigrant** social psychologist Kay Deaux explores the role of both social conditions and individual capacities in determining how well immigrants adapt to life in their new homelands and makes a strong case for the relevance of social psychology in immigration studies **To Be an Immigrant** looks at how immigrants are defined shaped and challenged by the cultural environment they encounter in their new country and offers an integrated psychological framework for studying the immigrant experience Deaux argues that in addition to looking at macro level factors like public policies and social conditions and micro level issues like individual choices immigration scholars should also study influences that occur on an intermediate level such as interpersonal encounters Each of these three levels of analysis is essential to understanding how immigrants adapt to a new homeland and form distinct identities As a case study for her framework Deaux examines West Indians exploring their perceptions of the stereotypes they face in the United States and their feelings of connection to their new home Though race plays a limited role in the West Indies it becomes more relevant to migrants once they arrive in the United States where they are primarily identified by others as black rather than Guyanese or Jamaican Deaux s research adds to a growing literature in social psychology on stereotype threat which suggests that negative stereotypes about one s group can hinder an individual s performance She finds that immigrants who have been in the United States longer and identify themselves as African American suffer from the negative effects of stereotype threat more than recent immigrants More than a discrete event immigration can be understood as a life long process that continues to affect people well after they have migrated **To Be an Immigrant** takes a novel approach to the study of immigration looking at how societal influences help shape immigrants and their understanding of who they are Canadian Cultural Studies Sourayan Mookerjee,Imre Szeman,Gail Faurschou,2009-06-17 **DIVAn** anthology that brings work by contemporary Canadian cultural analysts together with that of an earlier generation including Harold Cardinal Northrup Frye Harold Innis and Marshall McLuhan div Research in Education ,1972 Resources in Education ,1994 Multicultural Education ,1997 Multicultural America Betty E.M. At War with Women Jennifer Greenburg,2023-02-15 At War with Women reveals how post 9 11 politics of gender and development have transformed US military power In the mid 2000s the US military used development as a weapon as it revived counterinsurgency in Iraq and Afghanistan The military assembled all female teams to reach households and wage war through development projects in the battle for hearts and minds Despite women technically being banned from ground combat units the all female teams were drawn into combat nonetheless Based on ethnographic fieldwork observing military trainings this book challenges liberal feminist narratives that justified the Afghanistan War in the name of women s rights and celebrated women s integration into combat as a victory for gender equality Jennifer Greenburg critically interrogates a new imperial feminism and its central role in securing US hegemony Women s incorporation into combat through emotional labor has reinforced gender stereotypes with counterinsurgency framing female soldiers as global ambassadors for women s rights This book provides an analysis of US imperialism that keeps the present in tension with the past clarifying where colonial ideologies of race gender and sexuality have resurfaced and how they are changing today [Resources in Education](#) ,1993

Understanding Cultural Diversity in Today's Complex World Dr. Leo Parvis,2005 No one in this country is untouched by the impact of diversity Yet as diverse as diversity is are too the many different emotions and attitudes evoked by diversity As a nation we are not well equipped to deal with the swirling transitions that are converging on us on a daily basis because of the nature of being the most diverse country in the world This text will well serve the purpose for many who decide to learn and teach the fundamentals of cultural diversity It will be beneficial for college students high school juniors and seniors and organizations whose ever changing workforce leads to the necessity of educating employees on how to deal with the diversity of employees and customers in a positive manner This timely publication is filled with current and relevant examples taken from pop culture from TV shows song lyrics and poetry of the times These excerpts make this publication much more interesting and easy for the reader to relate to and understand *The Four Skills of Cultural Diversity Competence* Mikel Hogan-Garcia,2007 Providing students with a step by step format for entering into and developing cultural competence

Hogan's text helps students acquire the skills necessary to become culturally competent practitioners. The process this book sets forth draws strongly on the author's twenty years of cultural diversity work as well as the fundamental premise that cultural competence is an ongoing and multi-layered process involving personal, interpersonal, and organization-wide levels. The book is divided into four skills: the first two skills increase cultural awareness and understanding, while the third and fourth skills foster effective interpersonal techniques and organization change strategies. Each chapter combines both cognitive and experiential learning.

Effective Multicultural Teams: Theory and Practice Claire B. Halverson, S. Aqeel Tirmizi, 2008-06-06

Multicultural and multinational teams have become an important strategic and structural element of organizational work in our globalized world today. These teams are demonstrating their importance from the factory floors to the boardrooms of contemporary organizations. The emergence of multicultural teams is evident across a variety of organizations in the private, public, and civil society sectors. These developments have led to an increasing interest in the theory and practice of multicultural teams. Management educational and training programs are giving increasing attention to these developments. At the same time, there is emerging interest in research about and study of multicultural teams. This book emerged from our teaching, research, and consulting with multicultural and diverse teams in multiple sectors over the last several years. In particular, we have developed and refined our ideas about the concepts in this book from teaching an advanced course called *Effective Multicultural Teams* in the Graduate Program at the School for International Training (SIT) in Vermont. We have learned from the rich background of students who are from and have worked in six continents and who are or plan to be working in the public, educational, not-for-profit, and for-profit sectors. Additionally, we have engaged with a variety of teams through our consulting and training, providing consultation to teams in a variety of sectors and continents as they struggled to become more effective.
