Issues In Teaching Multicultural Literature:

Teaching Multicultural Children's Literature in a Diverse Society AnnMarie Alberton Gunn, Susan, V. Bennett, 2023-03-28 This textbook is a comprehensive resource for teaching multicultural children's literature Providing foundational information on how and why to integrate diverse children's literature into the classroom this book presents a necessary historical perspective on cultural groups in the United States and context for how to teach children's literature in a way that reflects and sustains students rich cultural backgrounds The historical insights and context on diverse cultural groups at the heart of the book allow readers to deepen their understanding of why teaching about cultural diversity is necessary for effective and inclusive education Part I offers foundational information on how to teach children's literature in a diverse society and Part II overviews pedagogy resources and guidance for teaching specific culturally and linguistically marginalized groups Each chapter contains book recommendations discussion questions and additional resources for teachers With authentic strategies and crucial background knowledge embedded in each chapter this text is essential reading for pre service and in service teachers and is ideal for courses in children's literature literacy methods instruction and multicultural education

Multicultural Literature for Children and Young Adults Mingshui Cai, 2002-10-30 There is much discussion of multiculturalism in education This is especially true of multicultural literature for children and young adults The rise of multicultural literature is a political rather than a literary movement it is a movement to claim space in literature and in education for historically marginalized social groups rather than one to renovate the craft of literature itself Multicultural literature has been closely bound with the cause of multiculturalism in general and thus has been confronted with resistance from conservatives This book discusses many of the controversial issues surrounding multicultural literature for children and young adults The volume begins with a look at some of the foundational and theoretical issues related to multicultural literature The second part of the book addresses issues related to the creation and critique of multicultural literature including the authorship of such works and the role of the reader in determining whether or not a work is multicultural The third looks at the place of multicultural literature in the education of children and young adults Throughout its discussion the book makes extensive references to a large body of multicultural fiction and provides a thorough review of research on this important topic

Multicultural Issues in Literacy Research and Practice Arlette Ingram Willis, Georgia Earnest Garcia, Rosalinda B. Barrera, Violet J. Beyond the Culture Tours Gladys Cruz, Sarah Jordan, Jos, Mel, ndez, Steven Ostrowski, 2013-10-11 In calling this book Beyond the Culture Tours the authors bring the reader's attention to a set of issues in the teaching of literature and culture The Culture Tour is an old concept in the West dating back to the seventeenth century The educated young man it was an exclusively male project at first was expected to round off his education with the Grand Tour This meant a visit to the major sites on the

European continent particularly Greece and Rome and occasionally to the Holy Land The object was to have a first hand view of these monuments and looking at them alone brought people the name of being cultured or well traveled As the idea spread in the early part of the twentieth century it allowed for the vicarious tour rather than the actual one Students were asked to look at collections of art or reproductions of art work listen to concerts or later recordings and to read certain classical works drawn from what has come to be known as the canon The point of this form of education was that exposure to these works in itself formed a version of the Grand Tour The basic idea behind the tour approach is that exposure to a culture in books is like travel to an ethnic theme park This volume looks beyond the tour approach and reports on the results of a four year project undertaken by a research team from the National Center for Research in the Learning and Teaching of Literature Their intent was to study the teaching and impact of multicultural literature The team examined how students approached texts that either came from their culture or from another and how teachers perceived the students the literature and their role This volume details various aspects of their findings
