*Fundamentals of California Litigation for Paralegals* Marlene A. Maerowitz, Thomas A. Mauet, 2007-06-22 The new edition of Maerowitz and Mauet's *Fundamentals of California Litigation for Paralegals* gives students a complete explanation of California specific litigation Clearly written with the student in mind the text makes the material accessible while the accompanying workbook and forms put theory into practice These features make this text an appealing choice offers a complete understanding of the litigation process from the time the client walks into the office through trial and post judgment including settlements and alternative forms of resolutions balanced approach neither oversimplifies the litigation process nor clouds the educational course with excessive information pedagogical aids such as bold faced terms defined in the glossary examples charts and checklists sample documents chapter overviews and summaries and review questions are featured throughout the text tailored to the California rules with each chapter referencing the specific California statute where more information can be found and California forms included throughout provides opportunities for the instructor to pick and choose which areas to emphasize a workbook on CD accompanies the text and includes five case scenarios based on California

law along with associated Judicial Council forms to be used as practical exercises. Instructor's Manual provides answers to the questions posed in the workbook and book as well as a test bank of questions that include true/false, short answer, and essay questions so that the instructor can choose the type of test to give. Projects for research and writing, sample forms, and suggested course outlines are also included. Changes to the Third Edition include chapters on motions and discovery tools have been broken down into separate sections so that they are both easier for the student to understand and digest and easier for the instructor to teach. Depositions, interrogatories, and document production have been included, and demurrers, motions to strike, and summary judgment have been broken out into separate sections. More information is included on litigation management systems and how to use such systems to index and retrieve documents in large cases. Reflects most recent changes in the California rules. This student-friendly text offers a teachable approach to the subject of California litigation. The content is neither oversimplified nor saturated with excess information, which allows for a smooth introduction. Fundamentals of California Litigation for Paralegals, Third Edition, offers a complete understanding of the litigation process, allowing students to walk away with a firm understanding of the complete picture.

*Case Preparation and Presentation: A Guide for Arbitration Advocates and Arbitrators* Jay E. Grenig, Rocco M. Scanza, 2013-06-01. A Publication of the American Arbitration Association and the Scheinman Institute on Conflict Resolution, Cornell University. Arbitration advocates uniformly place great emphasis on case preparation. *Case Preparation and Presentation: A Guide for Arbitration Advocates and Arbitrators* can be used to help prepare parties and their advocates in a wide range of arbitration cases, including labor employment and commercial arbitrations, and will provide lawyers and non-lawyers alike with the focus and direction to maximize their chances of obtaining a good result in arbitration. In this book, readers will find coverage on the following topics: Developing a case theory and case theme; Commencing the arbitration process; Selecting an arbitrator and scheduling the hearing; Evaluating and presenting evidence; Preparing for the arbitration hearing; Conducting the arbitration hearing; Making and responding to objections; Examination and cross examination of witnesses.

*Non-Trial Advocacy* Stephen Nathanson, 2012-10-02. Lawyers use non-trial advocacy skills in court for pre and post trial submissions. They are easier to learn than trial advocacy skills and are much more relevant to the work of most new lawyers. This book examines all key aspects of criminal and civil non-trial advocacy, including bail applications, pleas in mitigation, and interim applications made during the course of civil actions. Readers will learn the strategies and techniques of non-trial advocacy through seven realistic case studies. The lawyers involved discuss their strategies and deliver their arguments; the judge makes a decision, and the strengths and weaknesses of the arguments are then analyzed. With this innovative case study approach to teaching advocacy skills, *Non-Trial Advocacy* provides an insight into how lawyers think and how they translate their strategies into courtroom action. The book concludes with a discussion of ethical conflicts involved in the practice of advocacy and how these affect the quality of lawyers' work in this field.

**¿Cómo y para qué se elabora una teoría del caso?** Danny Marrero, Yesid Reyes Alvarado, 2020-12-01

la verdad procesal en los sistemas adversariales es llevada al juez por cada parte Fiscal y defensa quienes intentaron demostrar que su teoría del caso y la verdad que de ella se deriva son las que deben prevalecer. Pese a que el anterior planteamiento es ampliamente conocido, su validez presenta dificultades en la práctica debido al desconocimiento de la técnica procesal para llegar a esa verdad y en particular a la carencia de una buena selección de teoría del caso articulada con la fundamentación jurídica que la respalde, teoría que debe ser demostrada mediante pruebas que a su vez permitan debilitar y finalmente refutar la teoría de la otra parte procesal. Cuatro apuntes independientes integran el contenido del libro que comprende asimismo un estudio introductorio que los articula con el contexto nacional y en el cual se explican la relevancia de la teoría del caso de cara a la estructura del proceso penal adversarial que rige en Colombia desde su implementación hace más de quince años, las ventajas de contar con una sólida estructura y las consecuencias de su carencia. El libro nos confronta con la forma tradicional de entender el proceso penal y sus construcciones técnicas. Su lectura nos obliga a implementar nuevas técnicas para construir una teoría del caso más sólida y persuasiva para el juez tanto en cuanto a la forma como al contenido, una teoría que nos permita afirmar que cumple el objetivo de llevar la verdad procesal al juez que idealmente debe darle la razón.
