

A small blue boat is positioned in the lower right foreground, floating on a calm body of water. The water reflects the vibrant colors of the sunset sky, which is a mix of purple, pink, and orange. Several dark, silhouetted clouds are scattered across the sky. In the background, a dark shoreline with some trees is visible. A semi-transparent dark rectangular box is centered in the upper half of the image, containing a quote in white text. Below the quote, the name 'Helen Keller' is written in white text on a small pink rectangular background. At the bottom center, there is a small circular logo with the text 'quadrax' next to it.

One can never consent to creep

Wiersbe, 2010-09-01 Picture a world where people live according

to their own personal standards where believers can't seem to agree and where people are trapped in every kind of sin. Sound familiar? While this list hits close to home, these issues are found in the book of Judges. And it's during times like these where God is searching for those who are ready, willing, and available to confront the enemy. Part of Dr. Warren W. Wiersbe's best-selling BE commentary series, BE Available, has now been updated with study questions and a new introduction by Ken Baugh. A respected pastor and Bible teacher, Dr. Wiersbe shares that God's kingdom advances through those who are available to Him. Based on the book of Judges, this study encourages us to stand for what's right and step into what God is doing in our world.

The Social Contexts of Disability Ministry Albert A. Herzog, 2017-09-29. This book provides pastors, seminarians, and interested laity with the background necessary to understand the need for disability ministry and the contexts out of which the church's ministry among people with disabilities must emerge. This is true not only for descriptions of ministries over the past sixty years but also the challenges disability poses for biblical studies, church history, Christian theology, and ethics. Insights are gained not only from mainstream secular and religious sources but from evangelical and other conservative materials. The blending of items from different religious resources reveals just how ubiquitous disability is and the need for disability ministry now and for many years into the future. The book's format is such that either it can serve as a text for courses on disability ministry or individual chapters can be employed in various courses on selected topics in biblical studies, history, theology, and ethics. Pastors and lay leaders will enjoy the depth of coverage for each topic. This is a book about a serious subject for serious readers. Its materials are designed to inform, stimulate, and promote disability ministry as a topic worthy of serious study.
