There is obviously trouble in the global capitalist paradise. But why do we find it so difficult to imagine a way out of the crisis we're in? It is as if the trouble feeds on itself: the march of capitalism has become inexorable, the only game in town. Setting out to diagnose the condition of global capitalism, the ideological constraints we are faced with in our daily lives and the bleak future promised by this system, Slavoj Žižek explores the possibilities and the traps of new emancipatory struggles. Drawing insights from phenomena as diverse as Gangnam Style to Marx, The Dark Knight to Thatcher, *Trouble in Paradise* is an incisive dissection of the world we inhabit and the new order to come. Few thinkers illustrate the contradictions of contemporary capitalism better than Slavoj Žižek. One of the world's best known public intellectuals, John Gray, New York Review of Books.

**The Trouble with Pleasure** Aaron Schuster, 2016-02-09 An investigation into the strange and troublesome relationship to pleasure that defines the human being, drawing on the disparate perspectives of Deleuze and Lacan. Is pleasure a rotten idea mired in negativity and lack which should be abandoned in favor of a new concept of desire? Or is desire itself fundamentally a matter of lack, absence and loss? This is one of the crucial issues dividing the work of Gilles Deleuze and Jacques Lacan, two of the most formidable figures of postwar French thought. Though the encounter with psychoanalysis deeply marked Deleuze's work, we are yet to have a critical account of the very different postures he adopted toward psychoanalysis and especially Lacanian theory throughout his career. In *The Trouble with Pleasure*, Aaron Schuster tackles this tangled relationship head on. The result is neither a Lacanian reading of Deleuze nor a Deleuzian reading of Lacan, but rather a systematic and comparative analysis that identifies concerns common to both thinkers and their ultimately incompatible ways of addressing them. Schuster focuses on drive and desire, the strange convoluted relationship of human beings to the forces that move them from within. The trouble with pleasure. Along the way, Schuster offers his own engaging and surprising conceptual analyses and inventive examples. In the *Critique of Pure Complaint*, he provides a philosophy of complaining ranging from Freud's theory of neurosis to Spinoza's intellectual complaint of God and the Deleuzian great complaint. Schuster goes on to elaborate, among other things, a theory of love as mutually compatible symptoms, an original philosophical history of pleasure including a hypothetical Heideggerian treatise and a Platonic theory of true pleasure, and an exploration of the 1920s literature of the death drive including Thomas Mann, Italo Svevo and Blaise Cendrars.

*Heart's Ease in Heart Trouble*. By John Bunyan or rather, by James Burdwood John Bunyan, 1850 *Trouble in the Forest* Richard Widick, Wars over natural resources have been fiercely fought in the Humboldt Bay redwood region of Northern California, a situation made devastatingly urgent in recent decades of timber war that raised questions of economic sustainability and ecological preservation. In *Trouble in the Forest*, Richard Widick narrates the long and bloody history of this hostility and demonstrates how it exemplifies the key contemporary challenge facing the

modern societies the collision of capitalism ecology and social justice An innovative blend of social history cultural theory and ethnography *Trouble in the Forest* traces the origins of the redwood conflict to the same engines of modernity that drove the region's colonial violence against American Indians and its labor struggles during the industrial revolution Widick describes in vivid detail the infamous fight that ensued when Maxxam Inc started clearing ancient forests in Humboldt after acquiring the Pacific Lumber Company in 1985 but he also reaches further back and investigates the local Indian clashes and labor troubles that set the conditions of the timber wars Seizing on public flash points of each confrontation including the massacre of Wiyot on Indian Island in 1860 the machine gunning of redwood strikers by police and company thugs during the great lumber strike of 1935 and the car bombing of forest defenders in 1990 Widick maps how the landscape has registered the impact of this epochal struggle and how the timber wars embody the forces of market capitalism free speech and liberal government Showing how events such as an Indian massacre and the death of a protester at the hands of a logger create the social memory and culture of timber production and environmental resistance now emblematic of Northern California's redwood region *Trouble in the Forest* ultimately argues that the modern social imaginary produced a perpetual conflict over property that fueled the timber wars as it pushed toward the western frontier first property in land then in labor and now in environment
