About the Book If you love your stricken one this is your Bible said Denzel Koh of Brisbane Australia after he healed his daughter's cancer using the information in a previous edition of this book A cancer diagnosis always causes fear All of us have seen relatives and friends destroyed by conventional cancer treatment Now thanks to books like this one and the Internet you can quickly learn what you need to know You can heal the cancer using natural non toxic substances that work What you need is a guide to cut through the overwhelming jungle of information This book provides that guide The information in it has been refined over twelve years using feedback from real cancer survivors about what worked for them Bill Henderson one of the authors has counseled about 4 000 cancer patients by phone and video in 64 countries At least 3 000 of them have recovered using his information He is not a medical professional He is a reporter furnishing you with information that consists of what he would do if he were you or your loved one His coaching is available to you after you have read this book if you need it The co author is Dr Carlos Garcia a formally trained M D who has broken out of that mold and trained himself to be a well informed holistic physician His Utopia Wellness clinic in Oldsmar Florida regularly helps Stage IV cancer patients heal themselves Bill Henderson has published 165 free newsletters on natural cancer treatment to 38 000 subscribers all over the world starting in 1999 The information in these newsletters has now been incorporated into this his third book The book is up to date specific and accurate Bill and Dr Garcia inform you of over 140 web sites and dozens of other books and newsletters you can use to expand your knowledge of natural cancer treatment The self treatments they recommend are harmless enough that you can start them immediately without more research if you like They do not interfere with conventional cancer therapy if that is your choice In fact they offset most of the side effects of that treatment Cancer is not a disease says Bill It is a reaction to what your body has experienced Reverse those causes and the cancer goes away Continue what you did to reverse it and it stays away Bill explains that there are four common characteristics of all cancers These have been known since the 1920 s 1 Low oxygen uptake by the cells 2 A weak immune system 3 Toxins usually caused by diet and dental work 4 Acidity again usually caused by diet as well as stress and dental work Bill Henderson's and Dr Garcia's recommended regimen tracks with the knowledge for which Otto Warburg a famous German doctor and researcher won a Nobel Prize in 1931 He described the cancer cell and stressed the need to reverse the above four characteristics of the cancer in order to heal it None of these are addressed by conventional cancer treatment Bill's mission to help cancer patients heal started with his experience with his former wife Marjorie Her ovarian cancer was treated with conventional cancer treatment from 1990 to 1994 when she died Bill is convinced that the treatment killed her He wants to help as many people as possible avoid her fate Dr Garcia's mission is to help cancer patients heal themselves starting in a controlled clinical environment and continuing at home He has been doing this successfully for 15
