Getting The Buggers To Read:

Reading for Pleasure Kenny Pieper, 2016-12-01 In *Reading for Pleasure* Kenny Pieper has gathered a range of tried and tested strategies to get kids reading and enjoying it We hear too often that kids don't read any more Kenny thinks it should be every teacher's mission to prove this isn't true In a squeezed curriculum it can be tempting to accept pupils lack of reading and make excuses that there is not enough time to give to the luxury of personal reading Teachers do this at our peril Reading is the essential building block of further literacy development as well as a skill hobby and habit that we can take with us forever Kenny Pieper takes the act of reading for granted as many but sadly not all adults do You're reading this right now However this isn't the case for everyone Kenny teaches kids whose lives are terrifying obstacle courses of reading related problems They know they struggle with reading so they try to avoid reading at all costs They leave school not merely unaffected by this strange reading thing but saddled with a great deal of emotional baggage about being an outsider even more entrenched in a belief that reading is for others more intelligent than them Then there are the children who can read perfectly well but chose not to unconvinced of the importance of reading in their lives What difference does it make to them We have to answer that question in school We have a duty to put an end to illiteracy and aliteracy Kids need reading role models and as a teacher that role model is you You may be the only adult who that reluctant reader will ever see reading Teachers are critical in giving all children the gift of being able to read well and to value reading Topics covered include the author's personal reading journey how reading enabled him to become the first person in his family to go to university and convinced him that fostering a love of reading is his moral duty as an educator illiteracy and aliteracy reluctant readers book reviews prioritising personal reading by devoting ten minutes each lesson to it habitual reading the reading environment interest inventories technology e readers Accelerated Reader programmes recommended reading building a class library bookmarks book tweets book speed dating libraries librarians literacy and class inequality parental involvement podcasting reading records reading dialogue journals the rights of the reader reading aloud silent reading and literacy and gender amongst others The benefits we can all reap when kids become confident readers who read for pleasure are obvious Discover strategies which will get kids talking about books get them thinking about books get them reading books encourage independent reading develop literacy skills and establish a classroom culture where reading is expected and celebrated Suitable for primary and secondary teachers leaders and SENCOs or just anyone with an interest in or responsibility for getting kids to read

Reading Postcolonial Literature Hayley G. Toth, 2025-03-10 An Open Access edition is available thanks to the kind sponsorship of the libraries participating in the Jisc Open Access Community Framework OpenUP initiative Debates about reading in postcolonial studies rarely discuss non professional readers except to secure the authority of professional reading practices In *Reading Postcolonial Literature* Hayley G Toth places non professional reading practices in dialogue with received academic wisdom to debunk common sense assumptions about non professional readers as Western

or neocolonial consumers Drawing on reading practices recorded in academic books journal articles and on online book reviewing platforms like Amazon and Goodreads Toth draws attention to important continuities between professional and non professional practices of reading postcolonial literature At the same time she highlights that non professionals often have little desire to emulate the practices of professional postcolonial critics Precisely by not adopting the established protocols and methods of postcolonial studies non professional readers call attention to the limits of dominant approaches to reading in the discipline Across four chapters Toth examines the relationship between reading and identity during the Rushdie affair the difference between reading and address the challenges posed by difficult texts and the legitimacy of non understanding and the reception of popular texts primarily read by non professional audiences Reading Postcolonial Literature demonstrates that reception matters in any claims we make about the value of reading postcolonial literature and offers new ways forward for the practice study and teaching of reading in the discipline

Getting the Buggers to Behave Sue Cowley, 2014-10-25

Part of the hit Getting series Sue Cowley's bestselling behaviour guide is essential reading for all teachers in all schools Show the students the can of dog food open it up and then eat from it Offer it round the class to see if anyone else will have a taste This is just one of Sue Cowley's infamous ways of captivating your students seizing control and getting that unruly class to behave **WARNING** Make sure you read the crucial preparation advice before putting this idea into practice Now in its fifth edition Getting the Buggers to Behave remains a firm favourite with trainees newly qualified teachers and experienced staff alike The advice ranges from the basics of behaviour management to how to deal with the class from hell and is applicable whether you are working in the early years primary secondary or further education with level specific examples in every chapter The book covers preparing for your first meeting with a new group of students developing your individual teaching style creating a positive learning environment and working in really challenging schools Sue is famed for the practical honest and realistic nature of her advice and all her ideas include case studies and anecdotes based on her years of experience working as a teacher and the stories and problems she has advised on agony aunt style In this brand new edition Sue takes a detailed look at the use of incentives for managing behaviour considers how to implement a restorative justice approach in order to change children's behaviour and also identifies the ten most common forms of misbehaviour and how to deal with them So if your two year olds are ignoring you your Year 11s are unmanageable your tutor group is running riot or that unmentionable nine year old is driving you round the bend then this is the book for you

Getting the Buggers to Read Claire Senior, 2005-12-20

Although reading is essential for every national curriculum subject very little attention has been paid to the teaching of reading especially in secondary schools Following the winning formula of Getting the Buggers to Behave this practical guide shows teachers how they can improve children's reading skills Brimming with top tips and innovative strategies this book will

prove extraordinarily helpful to teachers everywhere *Promoting Reading for Pleasure in the Primary School* Michael Lockwood, 2008-06-24 Winner of the UKLA Author Award 2009 Lockwood has written a useful supportive book which will help teachers and librarians He describes the background and summarises the research and then proposes thoroughly practical programmes Carousel Michael Lockwood has produced an excellent practical overview and analysis of what works in the primary school to promote reading for pleasure Lockwood's work is grounded and valuable to those who need it most teachers in the classroom working hard to engender a love of reading English Drama Media This book is first class It puts the matter very clearly and succinctly and presents a great deal of evidence to support the argument that pleasure is not a frivolous extra but the very heart and essence of what reading is about It also gives readers plenty of ideas for carrying the principle into the classroom and for justifying it This is an excellent piece of work which I hope will find a place on every staffroom bookshelf Philip Pullman English primary school children are less likely to read for pleasure than their counterparts in many other countries This practical and focused book discusses the background to this situation and looks at how government initiatives have tried to address it Drawing on the author's own research project in order to identify good practice in promoting reading for enjoyment the book presents specific activities which teachers can use to develop their own whole school and classroom practice enabling them to put the fun back into reading Each chapter features case study material and provides examples of planning from schools that have successfully created thriving reading cultures through schemes such as reading assemblies book clubs library loyalty cards school book evenings and quizzes There is also an extensive annotated list of print and internet based resources Topics covered include Becoming a reading for pleasure school Promoting a love of reading in the early years Developing reading enjoyment in the later primary years Getting boys reading Promoting Reading for Pleasure in the Primary School is written for all those involved in education who would like to see as many children as possible develop a love of reading It will be particularly relevant for primary teachers teaching assistants trainee teachers advisers and consultants as well as teacher educators and researchers *Reading by Right* Joy

Court, 2017-06-08 Literacy has now been recognized as a human right for over 50 years in several international declarations and initiatives Every child has a right to read and we have a social responsibility as parents teachers librarians publishers booksellers campaigners and policy makers to ensure that they are able to exercise that right Reading by Right Successful strategies to ensure every child can read to succeed provides a collection of chapters from international experts covering aspects of overcoming reading difficulties or reading reluctance in children and young people The book reveals strategies that are proving effective in overcoming barriers to reading from birth to teens looking at practices and projects from around the globe and revealing some common principles and drivers that have generated success Content covered includes an examination of the current state of reading in the UK and internationally and what the latest research tells us about children who are failing to read how youngsters become reluctant readers and how to improve the situation for everyone examples of

successful projects from the Republic of Korea and Finland countries that consistently perform well in reading tests and international league tables analysis of diversity in publishing and children's books drawing on expertise from authors and publishers This book will be valuable for readers from all those professions that engage with young people and families and with the development of literacy including librarians teachers service managers consultants and other professional practitioners and also to concerned parents

100 Ideas for Teaching English Angella Cooze, 2006-01-31 100 Ideas for Teaching English contains 100 creative and innovative ideas for getting students engaged in all aspects of the English curriculum Ideas range from understanding basic grammar and punctuation to studying plays poetry and core texts

EBOOK: A-Z of Teaching Jonathan Savage, Martin Fautley, 2013-07-16 A Z of Teaching provides an informative engaging and accessible introduction to the art and craft of teaching introducing you to a range of essential topics alongside some of the key ideas and key thinkers from the educational research literature The topics covered range from practical teaching advice on areas such as questioning to exploration of significant themes within education such as creativity Each entry includes An introduction to the topic with a definition of the term An exploration of key ideas within the topic Reference to the work of key thinkers who have explored the topic in the educational literature How these ideas apply in your day to day practice of teaching and learning A set of questions for you to consider as you seek to develop your pedagogy in a particular topic area Further reading and references including links to relevant writings in other publications or online sources

Teaching is a broad and complex activity so whether you are thinking about becoming a teacher training to be a teacher or a qualified teacher wishing to keep abreast of the latest thinking in the field the ideas contained in this book will prove helpful and constructive as you seek to develop your teaching skills Every so often a new idea unfolds that seems so deceptively simple that one wonders why it hasn't appeared before now this is the case with A Z of Teaching Serving as a high definition map of classroom teaching it provides mentorship for survival and thriving in the profession Comprehensive without being laboured rich in concepts without succumbing to clutter ingeniously economic in the identification of key themes without being trifling Savage and Fautley manage to distil the important and inspiring from vast amounts of theory research and practical experience of teaching and present the essential elements in a most accessible manner for early career teachers More experienced educators will also find many gems to renew and inspire their practice The approach is pragmatic whilst never seeking to trivialise the challenges of teaching or the vast amounts of extant theories Most importantly the reflective questions at the end of each section serve to provoke further thinking research and action thus contributing meaningfully to the development of effective and reflective teachers for contemporary schools Regina Murphy PhD Senior Lecturer St Patrick's College Dublin City University Ireland The construction of this book is very satisfying it is so straightforward to access and simultaneously works at so many levels Using the tried and tested structure of an A to Z listing Jonathan Savage and Martin Fautley consider a number of highly significant aspects of education pedagogy and professional issues for teachers at all

stages of their professional development In their consideration of some 103 topics they skilfully blend key theoretical underpinning with current practice in the classroom making this book extremely useable by teachers in all sectors and age phases The range of topics makes this especially useful because it covers some big issues but also explores some less frequently covered things such as audience and elicitation What I have found particularly helpful is the fact that in this book I readily recognise aspects of my own classroom practice in the overview of each topic but I am encouraged and inspired to reflect more deeply on my professional development in the light of the collected wisdom and challenging questions This book will be an invaluable tool for training and beginning teachers as well as for those with years of experience The inclusion of key questions and further reading means that it can serve as a very accessible reference book an aide memoir or as a stimulus for more detailed debate discussion or professional development Consequently it will support the work of individuals department or phase teams or even larger groups The potential to individualise training and coaching by referring trainees to relevant entries is great I will certainly want to use it when working with trainee teachers and also with teachers undertaking CPD and Masters qualifications I look forward to Volume 2 appearing in the future Simon Spencer Birmingham City University UK I am delighted to welcome this brief but important compendium of the A Z of Teaching written by Jonathan Savage and Martin Fautley authors with extensive experience of teaching This book provides eloquent insights and distilled definitions of key terms and concepts in an introductory way that will inform inspire engage and help navigate through the maze of key terms which busy students in initial teacher education and practising teachers simply must read Pamela Burnard Faculty of Education University of Cambridge UK This is a very entertaining and well structured resource written in easy and accessible language It contains a serious carefully referenced introduction to a number of major issues encountered in the early stages of learning to teach It will be equally useful for beginners or experienced teachers and mentors as it gives practical guidance about some of the areas for discussion coaching and assistance which commonly arise when learning to teach Professor Janet Hoskyns Head of School Education Birmingham City University UK
