Hanson, 2017-12-12 Some jobs come with unexpected benefits Alyssa runs her personal life just like her professional one smoothly and efficiently She learned in the worst way possible that investing her heart in a relationship only leads to disaster and she won't take that risk again Pleasure is still on the table though as long as there are no feelings involved Until a one night stand leaves a lasting impression When after work drinks lead to an after hours hookup Grayson finds himself playing by Alyssa's rules but she leaves him wanting more Even when they discover they work for the same company Alyssa is all business on the outside at least As far as she's concerned keeping Grayson at a safe distance is now part of her job description even if it's her most challenging task But when her living situation falls apart Grayson makes her an offer she can't refuse The terms of their new merger are strict roommates only hands off But every contract can be broken and every heart can be melted if the deal is sweet enough

**Acting Up and Getting Down** Sandra Mayo, Elvin Holt, 2014-04-15 One of the few books of its kind *Acting Up and Getting Down* brings together seven African American literary voices that all have a connection to the Lone Star state Covering Texas themes and universal ones this collection showcases often overlooked literary talents to bring to life inspiring facets of black theatre history Capturing the intensity of racial violence in Texas from the Battle of San Jacinto to a World War I era riot at a Houston training ground Celeste Bedford Walker's *Camp Logan* and Ted Shine's *Ancestors* provide fascinating narratives through the lens of history Thomas Meloncon's *Johnny B Goode* and George Hawkins's *Br'er Rabbit* explore the cultural legacies of blues music and folktales Three unflinching dramas Sterling Houston's *Driving Wheel* Eugene Lee's *Killingsworth* and Elizabeth Brown Guillory's *When the Ancestors Call* examine homosexuality a death in the family and child abuse bringing to light the private tensions of intersections between the individual and the community Supplemented by a chronology of black literary milestones as well as a playwrights canon *Acting Up and Getting Down* puts the spotlight on creative achievements that have for too long been excluded from Texas letters The resulting anthology not only provides new insight into a regional experience but also completes the American story as told onstage

*Getting Down to Earth* World Bank, 2022-01-14 Outdoor air pollution accounts for an estimated 4.2 million deaths worldwide the majority of which are caused by exposure to fine particulate matter or PM<sub>2.5</sub> air pollution Most of these deaths occur in low and middle income countries LMICs Reducing PM<sub>2.5</sub> air pollution is thus crucial for improving public health outcomes in those countries Measuring and reducing the health impacts of PM<sub>2.5</sub> is especially challenging in many LMICs because ground level air quality monitoring networks are typically nonexistent Where they are in place they are often not properly operated and maintained and are thus unreliable Limited local expertise in air quality measurement presents additional challenges These shortcomings can undermine a country's ability to design and implement effective policies to improve outdoor air quality Satellite technology has been used successfully for measuring air quality in high income countries where operation of ground level air quality monitoring networks is well established However *Getting Down to Earth: Are Satellites Reliable for Measuring Air Pollutants That Cause Mortality in Low and Middle Income Countries* investigates the performance of satellites in LMICs for predicting outdoor concentrations of PM<sub>2.5</sub> based on case studies in nine cities in different regions representing a range of environmental conditions including mountainous dusty and coastal The report finds that the satellite derived estimates of PM<sub>2.5</sub> in LMICs are associated with very large uncertainty ranging from 21 percent to 85 percent depending on the model used for translating satellite measurements of aerosol optical depth the parameter measured by satellites to surface level outdoor PM<sub>2.5</sub> concentrations This report shows that satellites are unreliable for estimating ambient concentrations of PM<sub>2.5</sub> in LMICs Furthermore satellite derived measurements cannot replace properly operated and maintained ground level monitoring networks for measuring the concentrations of PM<sub>2.5</sub> that

human beings are typically exposed to daily. Thus it is important that LMICs strengthen support for the establishment of ground level monitoring networks to measure air pollutants notably PM<sub>2.5</sub> that cause mortality in Sub Saharan Africa and other regions with LMICs.

Getting Down David Nalick, 2013-05-09 *Getting Down* is not a typical racetrack story Seabiscuit Swaps Man o War John Henry Secretariat and Zenyatta may well be mentioned but this story is about the people of racing not the horses Its about racetrack workers on both the back and front sides of the track Its about racetrack owners and managers Its about those who own the horses and train them and its about the people who ride them Its also about the people who pay to go to the races the patrons including the rich and famous along with the not so rich and famous all the way down the economic ladder to the out and out homeless The above categories include some of the strangest meanest most dangerous most pathetic most ruthless people on the face of this earth Yet my list of characters also includes some of the nicest kindest most generous funniest happiest people one could ever hope to meet And since this book is also about me and my over fifty years working in this industry Im going to let you decide in which of the above categories you think I might best fit *Getting Down* is about getting down The term getting down is racetrack lingo having to do with the process of successfully putting ones wager on a given horse in the right race before getting shut out In other words its about successfully making ones bet before the race begins and betting for that race But the scope of this story is as you will see much broader than that Indeed it is a story about life because in one way or another in one form or another life itself is about getting down
