*Christlikeness* Robert P. Vande Kappelle, 2022-12-20 Human beings are happiest when they live virtuously For Jesus and his first followers living virtuously meant loving God and others as extensions of oneself However what began as an inclusive ethical way of life based on unconditional love gradually degenerated into an exclusive social and political religious movement that came to be known as Christendom Originally a continuation of Jewish messianism the Christian movement aligned itself with Platonic and Aristotelian elements comprising a marriage of specific elements of Greek philosophy with Roman imperialism What if instead of aligning with the dualist idealist exclusivist and supremacist Socratic movement perpetuated by Plato and his followers ancient Christians had aligned with the nondualist realist inclusivist and egalitarian Stoic movement spread by Zeno and his followers an ethical tradition that like the teachings of Jesus was guided by providential and natural law ethics The results of such a synthesis laid out in this innovative study are practical inspiring and transformative for they are based on the greatest vision possible for

humanity a nondualist approach to life that counters authoritarian and exclusivist behavior fostered by supremacist political ethical and social religious ideologies Unlike Christendom based on ecclesiastical triumphalism the way of Christlikeness envisioned by Jesus for humanity is grounded in humility compassion service and love of others *Saturate Field Guide* Jeff Vanderstelt, Ben Connelly, 2018-09-28 Whether you're just beginning a relationship with Jesus or you've been a follower of Jesus for a long while many of us have a hard time translating the truths we believe in our mind to the reality of our everyday life Given our tendency to wander away from God we need both encouragement and tools to keep the gospel at the center of our action in the everyday stuff of our lives This 8 week guide offers an all of life approach to being disciples who make disciples of Jesus The questions activities prayers and exercises will prompt you to do exactly that put your thoughts and theology into hands on practice Designed for both group and individual use each week will build on the next aligning your heart with the will of God examining your core identity beliefs and launching you into mission When God's people commit together to sow gospel seeds in the everyday rhythms of life a ripple effect moves through our lives out toward the whole earth saturating it with the good news of Jesus **War, Peace, and Violence: Four Christian Views** Paul

Sumner B Twiss, 2018-03-08 Inspired by the 1993 Parliament of the World's Religions this volume for the first time brings the scholarly discipline of comparative religious ethics into constructive collaboration with the community of interreligious dialogue The contributors draw from both communities of discourse in addressing questions of method and theory and global moral issues such as human rights distributive justice politics of war international business the environment and genocide in a cross cultural context Inspired by the 1993 Parliament of the World's Religions this volume for the first time brings the scholarly discipline of comparative religious ethics into constructive collaboration with the community of interreligious

dialogue Its design is premised on two important insights First interreligious dialogue offers to comparative religious ethics a new more persuasive rationale agenda of issues and practical orientation Second comparative religious ethics offers to interreligious dialogue an arsenal of critical tools and methods which will enhance the sophistication of its practical work In this way both theory a dominant concern and strength of comparative religious ethics and praxis a dominant concern and strength of interreligious moral dialogue are joined together in mutual effort each contributing to the benefit of the other The volumes contributors share this vision of collaboration drawing explicitly from both communities of discourse in a manner that crosses disciplinary and professional boundaries to deal creatively and constructively with important methodological and global moral issue Although theory and practice cannot easily be separated in such a collaborative project for the purpose of clarity the volume is divided into two main parts The first specifically engages questions of method theory and the social role of the public intellectual the second on substantive moral themes and issues many of which were raised at the 1993

Parliament Taken together the volumes essays articulate and illustrate new ways of approaching contemporary moral concerns cross culturally yet with a rigor appropriate to our complex and pluralistic world

*Conceptual Blending in Early Christian Discourse* Aleksander Gomola, 2018-03-19 Cognitive linguists and biblical and patristic scholars have recently given more attention to the presence of conceptual blends in early Christian texts yet there has been so far no comprehensive study of the general role of conceptual blending as a generator of novel meanings in early Christianity as a religious system with its own identity This monograph points in that direction and is a cognitive linguistic exploration of pastoral metaphors in a wide range of patristic texts presenting them as variants of THE CHURCH IS A FLOCK network Such metaphors or blends rooted in the Bible were used by Patristic writers to conceptualize a great number of particular notions that were constitutive for the early church including the responsibilities of the clergy and the laity morality and penance church unity baptism and soteriology This study shows how these blends became indispensable building blocks of a new religious system and explains the role of conceptual blending in this process The book is addressed to biblical and patristic scholars interested in a new unifying perspective for various strands of early Christian thought and to cognitive linguists interested in the role of conceptual integration in religious language Produced with the support of the Faculty of Philology Jagiellonian University in Krak w Poland

**C.S. Lewis and Christian Postmodernism** Kyoko Yuasa, 2017-05-25 Employing a postmodernist literary approach Kyoko Yuasa identifies C S Lewis both as an antimodernist and as a Christian postmodernist who tells the story of the Gospel to twentieth and twenty first century readers Lewis is popularly known as an able Christian apologist talented at explaining Christian beliefs in simple logical terms His fictional works on the other hand feature expressions that erect

ambiguous borders between non fiction and fiction an approach similar to those typical in postmodernist literature While postmodernist literature is full of micronarratives that deconstruct the Great Story Lewis s fictional world shows the reverse in his world micronarratives express the Story that transcends human understanding Lewis s approach reflects both his opposition to modernist philosophy which embraces solidified interpretation and his criticism of modernised Christianity Here Yuasa brings to the fore Lewis s focus on the history of interpretation and seeks a new model
