Fifty Two Simple Ways To Say I Love You:

52 Ways to Live the Course in Miracles Karen Casey, 2016-01-01 The impact A Course In Miracles ACIM has had on Karen Casey's life is immeasurable. First introduced to ACIM during the early stages of sobriety when she hung on to Alcoholics Anonymous like her life depended on it and of course it did, she yearned for something that could quiet her near constant anxiety. ACIM has done that for her, bringing her a simpler, softer, slower and more loving life. Writing a book of essays about the course, suggesting how one can practice it for personal benefit, is so pleasurable. Every word I write is a constant reminder to me of how to cultivate greater peace in my own life. What could be better than that? Nothing comes to mind, frankly, from the introduction. 52 Ways to Live the Course In Miracles takes readers on a journey through simple ideas and affirmations for meditation. Casey not only offers an explanation of the ideas but also shares her own experiences with them, stumbles and all, offering proof of how helpful and practical they really are and showing that the goal isn't perfection but rather progress toward creating a life of love and peace. Paperbound Books in Print, 1992. *50 Reasons Why You Are Extraordinary* Valorie Maya, 2016-06-20 This is not an ordinary story; it's a piece from Valorie's life that changed her vision for her future and her understanding of the animal world. Like a powerful heart activation, it is still working on her. Valorie hopes that sharing the book's message will benefit others in the same way. It took a Buddha dog a life time and a half to get the message through to Valorie that she is an extraordinary person living on a beautiful, loving planet in a time of exciting vibratory growth. It started out as an exercise meant to wake Valorie up, and now it's a gift for those who need a wake up call of their own, whether they live with a companion animal or not. It will definitely make you think about what your pets are really doing with you. The planetary vibration is shifting into higher frequencies; we are moving forward to change our DNA and improve as human beings. To do this, it's important to remember who we are and how to appreciate, understand, and be kind to ourselves, because this is how we open our hearts to grow with our Mother Earth. Don't let another day go by without opening your heart to the realization that you are extraordinary too. *Forthcoming Books* Rose Arny, 2000. 50 shades of dating 2 Chee Webb, 2024-12-07 Julia uses Tinder in the hope of finding the love of her life. In Part 2, she travels to Ibiza, Formentera, Tenerife, Granada, Almeria, and of course, Málaga. Once again, she meets many characters. Are they passers-by in Julia's life? Will they be friends? Is there a keeper? Or is that something that will wait until Part 3 of the trilogy? Part 2 reveals what happened to George and continues the story of Julia's best friend Emma, who has been ill for a long time. Gradually, the secret about who is the father of Julia's son also comes to light. Chee Webb is the nom de plume of Greet Embrechts. In real life, she is the mother of four adult children, lives in Belgium, and works in a branch of the Standard Bookstore in Antwerp. Feel free to call her a creative jack of all trades, because in addition to writing, she also paints and sculpts. She mainly gets her inspiration from Spain, where she has been travelling alone regularly for the past seven years. Travelling, meeting people, gathering stories: it has become a real passion. Her debut novel, 50 shades of dating, immediately became a trilogy. Really
