Dr Ibim Alfred,2023-01-26 The miracles of Christ Jesus are recorded by all the Four Gospel writers which are treated in accordance with arrangement of each writer in their respective books A careful reading and scrupulous examination in Matthew Mark Luke and John shows that the three categories of the miracles mentioned above are mixed up or rather placed or scattered haphazardly Please note this does not in any way constitute to contextual criticism The main task of this book is to re cast or re set these three types of miracles which are unsystematically or indiscriminately placed in the Four Gospels and to meticulously put them in an organised or methodically order or format Under the guidance of the Holy Spirit this had been achieved in this book and this is one of the strongest and positive advantages and strength which makes this book unique and special This makes it possible to read these amazing wonders with ease and without tears **Rural**

*Jason: 1 | Stigma: 0* Jason W. Finucan, 2019-04-18 Mental illness can be treated but stigma can be cured Part memoir and part how to this engrossing book is the culmination of a lifetime of unique personal experiences with illness by author Jason Finucan As someone who has experienced both a major physical illness heart defect leading to open heart surgery in 1988 and a major mental illness bipolar disorder leading to hospitalization in 2005 Jason realized that the stigma still surrounding mental illness was unnecessarily making his diagnosis of bipolar disorder far worse than it needed to be And this problem was

happening everywhere Despite significant gains in awareness in recent years mental illnesses like clinical depression or anxiety disorder are still treated far differently than physical illnesses like cancer As a result of the confusion isolation and lack of support created by stigma there is an increase in the number of people suffering with untreated mental illnesses or tragically dying by suicide In this book Jason shares his alarmingly candid personal experiences with an engaging storytelling style and offers insight on how we perceive illness in our society today the important role of empathy and what we can all do to effect change His goal is for everyone to understand this important topic so they are empowered to make a real change and ultimately join his vision for future without stigma This is a mental health movement and Jason wants you to be a part of it
