The Principalship Frederick C. Lunenburg, Beverly J. Irby, 2022-08-04 Today s emphasis on student learning outcomes coupled with federal legislation to that end has placed more demands on the role of the principal than ever before in our nation s history To address the heightened demands for greater accountability for student learning The Principalship uses a learning centered approach one that emphasizes the role of the principal as the steward of the school s vision learning for all The critical aspects of the teaching learning process are addressed here including student motivation individual differences classroom management assessing student learning and developing maintaining and changing school culture In addition several topics not found in other principalship texts are addressed including school safety special education gifted education bilingual education nontraditional organizational structures gender inclusive theories diversity ethics political and policy context human resource management legal issues and collective bargaining The book is documented extensively throughout and grounded in the latest research and theory with suggestions for applying theory to practice reflecting cutting edge research and topical issues facing principals in schools today Advances in Computer, Information, and Systems Sciences, and Engineering Khaled Elleithy, Tarek Sobh, Ausif Mahmood, Magued Iskander, Mohammad A. Karim, 2007-06-06 The conference proceedings of International Conference on Industrial Electronics Technology not only the reviewing submissions and registration processes but also the actual conference Conference participants authors presenters and attendees only needed an internet connection and sound available on their computers in order to be able to contribute and participate in this international ground breaking conference The on line structure of this high quality event allowed academic professionals and industry participants to contribute work and attend world class technical presentations based on rigorously refereed submissions live without the need for investing significant travel funds or time out of the office Suffice to say that CISSE received submissions from more than 50 countries for whose researchers this opportunity presented a much more affordable

dynamic and well planned event to attend and submit their work to versus a classic on the ground conference The CISSE conference audio room provided superb audio even over low speed internet connections the ability to display PowerPoint presentations and cross platform compatibility the conferencing software runs on Windows Mac and any other operating system that supports Java In addition the conferencing system allowed for an unlimited number of participants which in turn granted CISSE the opportunity to allow all participants to attend all presentations as opposed to limiting the number of available seats for each session The implemented conferencing technology starting with the submission review system and ending with the online conferencing capability allowed CISSE to conduct a very high quality fulfilling event for all participants See www.cissee2005.org sections IETA TENE EIAE
