**Rethinking Obesity** Lee F. Monaghan, Emma Rich, Andrea E. Bombak, 2022-05-16 Theoretically informed and empirically grounded Rethinking Obesity invites readers to reconsider the medical and public health framing of population weight gain as a massive global problem epidemic or crisis Attentive to social values scientific uncertainty and possible harms the book furthers critique of the weight centred health paradigm and world war on obesity Building upon existing international literature from critical weight studies fat studies and critical obesity research the book advances scholarship with reference to body politics and health policy epidemiology and obesity

science media reporting and weight related stigma The authors resist the common moralised narrative that the overweight majority are lazy gluttonous and personally responsible for their actual or potential ills and the solution ultimately necessitates individual lifestyle change Critique is also extended to seemingly compassionate public health interventions that putatively avoid victim blaming through an appeal to the obesogenic environment a consequence of modern living Empirical case studies are grounded in women s repeated and often frustrating experiences of dieting and schoolgirls encounters with fat pedagogy which challenges dominant obesity discourse Recognising that declared public health crises may become layered and cascade through society this book also includes timely research on the COVID 19 pandemic response amidst concerns about lockdown weight gain heightened risk of infection and death among people deemed overweight and obese Rethinking Obesity interrogates how social injustice is reproduced not only through cruelty but also through seemingly benevolent representations pedagogies and policies Alternative approaches and action ranging from weight inclusive health paradigms to broader social change are also considered when seeking to foster collective hope in crisis times This is valuable reading for students and researchers in medical sociology social and population health sciences physical education critical weight and fat studies and the social dimensions of the body

**The Backwash of War** Ellen N. La Motte,2019-02-05 Banned in multiple countries for its frank depiction of the horrors of war Ellen N La Motte s *The Backwash of War* is one of the most stunning antiwar books ever published We are witnessing a phase in the evolution of humanity a phase called War and the slow onward progress stirs up the slime in the shallows and this is the Backwash of War It is very ugly Ellen N La Motte In September 1916 as World War I advanced into a third deadly year an American woman named Ellen N La Motte published a collection of stories about her experience as a war nurse Deemed damaging to morale *The Backwash of War* was immediately banned in both England and France and later censored in wartime America At once deeply unsettling and darkly humorous this compelling book presents a unique view of the destruction wrought by war to the human body and spirit Long neglected it is an astounding book by an extraordinary woman and merits a place among major works of WWI literature This volume gathers for the first time La Motte s published writing about the First World War In addition to *Backwash* it includes three long forgotten essays Annotated for a modern audience the book features both a comprehensive introduction to La Motte s war time writing in its historical and literary contexts and the first extended biography of the lost author of this lost classic Not only did La Motte boldly breach decorum in writing *The Backwash of War* but she also forcefully challenged societal norms in other equally remarkable ways as a debutante turned Johns Hopkins trained nurse pathbreaking public health advocate and administrator suffragette journalist writer lesbian and self proclaimed anarchist

**The war uncalled** Sriteja Devarakonda,2023-05-19 Countries in the middle east are burning

with terrorism and countless terror organizations claiming power make officials at the white house worried Internal counterterrorism cells prove ineffective and call for assistance Ex Syrian Airforce pilot Omar signed up for the unanticipated call he is involved in everything but never knows how Chethan flew from India as an undercover news reporter recruited by a ghost agency worried his family Omar s newfound love interest works for the national airliner and finally agrees to marry him but it can wait till the bloody open war ends In another part of the world Mr Joseph Director of C I A eliminated the most wanted man on earth but still the beheadings never stopped The new self proclaimed leader is a very familiar face but who is he Can the ground forces penetrate the man made hell on Earth Should the forces put guns to use or allow peace to save lives Read on to see who really is deserving to win this battle for humanity     *Prairie Farmer* ,1918     **Examining War and Conflict around the World** David Jerome Ph.D.,2019-12-02 This volume addresses 10 issues pertaining to war and conflict such as ethics of war national security and refugees and examines how countries around the world are facing these issues To truly explore war and conflict one must consider why the peoples and the leaders of the world behave the way that they do toward one another For instance why are refugees in a variety of circumstances treated so inhumanely in times of conflict and unrest through no fault of their own How are women and those in the LGBTQ community treated in terms of service to their country Examining War and Conflict around World includes ten chapters each addressing a specific issue relating to war and conflict as it pertains to a variety of countries including anti Americanism military robots and drones nuclear weapons and proliferation and torture Each chapter begins with an introduction to the issue Following the chapter introduction each chapter highlights that issue in eight countries Chapters provide historical perspective but the book addresses each of the issues in a contemporary context This work will provide an overview for all readers of ten very important topics that address matters relating to war and conflict in the twenty first century

## Adopting the Beat of Expression: An Psychological Symphony within **Fat Wars Action Planner**

In some sort of eaten by screens and the ceaseless chatter of instantaneous transmission, the melodic splendor and psychological symphony developed by the written term frequently diminish in to the background, eclipsed by the persistent sound and disturbances that permeate our lives. Nevertheless, nestled within the pages of **Fat Wars Action Planner** a marvelous fictional value full of raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, this charming masterpiece conducts viewers on a psychological journey, skillfully unraveling the concealed tunes and profound affect resonating within each cautiously crafted phrase. Within the depths with this touching review, we will investigate the book is key harmonies, analyze their enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
