Genie: The Endless Story Dr. Robert C. Worstell, 2017-10-19 How to Build Plots That Grab Your Readers and Won't Let Go By Building and Integrating Characters Story Arcs and Engaging Themes Ever wonder what makes a great book or movie different from a pitiful excuse for entertainment Mostly it starts with a plot But what makes a plot work From months of my own studying the vast numbers of approaches to plotting it's clear that there is still a wide gulf between the mechanics of a plot and having a working framework usable for any writer This led to the study of two authors who had already done their own studies of which plots made successful entertainment and actually built their own still popular plot generators based on this knowledge Many well known and obscure writers have used these methods instead of being dogged by writer's block The answers to what makes a great plot are simple and few The bonus in this book is giving you your own plot generator to help you when you're stuck Get Your Copy Today      *Fatal Ambition* William Sonzski, 1991      Esports Business Management David P. **The Complete Plays of Jean Racine** Jean Racine, 2015-10-13 This is the first volume of a planned translation into English of all twelve of Jean Racine's plays a project undertaken only three times in the three hundred years since Racine's death For this new translation Geoffrey Alan Argent has taken a fresh approach he has rendered these plays in rhymed heroic couplets While Argent's translation is faithful to Racine's text and tone his overriding intent has been to translate a work of French literature into a work of English literature substituting for Racine's rhymed alexandrines hexameters the English mode of rhymed iambic pentameters a verse form particularly well suited to the highly charged urgency of Racine's drama and the coiled strength of his verse Complementing the translations are the illuminating Discussions and the extensive Notes and Commentaries Argent has furnished for each play The Discussions are not offered as definitive interpretations of these plays but are intended to stimulate readers to form their own views and to explore further the inexhaustibly rich world of Racine's plays Included in the Notes and Commentary section of this translation are passages that Racine deleted after the first edition and have never before appeared in English The full title of Racine's first tragedy is *La Thébaine ou les Frères ennemis* The Saga of Thebes or The Enemy Brothers But Racine was far less concerned with recounting the struggle for Thebes than in examining those indomitable passions in this case hatred that were to prove his lifelong focus of interest For Oedipus's sons Eteocles and Polynices the titular brothers vying for the throne is rather a symptom than a cause of their unquenchable hatred so unquenchable that by the end of the play it has not only destroyed these twin brothers but has also claimed the lives of their mother their sister their uncle and their two cousins as collateral damage Indeed as Racine acknowledges in his preface There is hardly a character in it who does not die at the end
