Allen,Steve W Lemke,2022-08-01 Calvinism raises serious concerns about the growth of a popularized Reformed theology Through a wide lens of denominational and theological perspectives this volume carefully examines the theological tradition known today as Calvinism particularly its doctrine of salvation Editors David L Allen and Steve W Lemke lead a team of top contributors offering theological historical biblical and practical critiques

The Best Kept Secret Roberta L. Coles,2009-03-16 The Best Kept Secret studies the often overlooked group of single African American custodial fathers While the media focuses on the increase of single mothers and the decline in marriage in the black community Roberta Coles paints a nuanced picture of single black dads Based on qualitative research the author looks at the parenting experience of these fathers who may have become single parents through nonmarital births divorce widowhood and adoption The fathers ranging in age from 20 to 76 discuss their motivations for taking custody of their children what roles they enact as parents what they hope for their children how they socialize their children in a diverse society how parenting daughters differs from sons and what parenting has done for them personally Coles then recommends policy changes to improve the situations for children and single parents particularly often unseen fathers Filled with dynamic

interviews and intriguing case studies *The Best Kept Secret* shows that single black custodial fathers do exist and looks at the ways raising children has shaped their lives      **The Boston Lyceum** ,1827      **Shakespeare After All** Marjorie Garber,2005-09-20 A brilliant and companionable tour through all thirty eight plays Shakespeare After All is the perfect introduction to the bard by one of the country s foremost authorities on his life and work Drawing on her hugely popular lecture courses at Yale and Harvard over the past thirty years Marjorie Garber offers passionate and revealing readings of the plays in chronological sequence from *The Two Gentlemen of Verona* to *The Two Noble Kinsmen* Supremely readable and engaging and complete with a comprehensive introduction to Shakespeare s life and times and an extensive bibliography this magisterial work is an ever replenishing fount of insight on the most celebrated writer of all time      *A Passion for Justice* Tinsley E. Yarbrough,2001 In 1945 when southern segregationist Judge J Waties Waring turned civil rights activist he became the first jurist in modern times to declare segregated schooling inequality per se Throughout his career he also ordered the equalization of teachers salaries outlawed South Carolina s white primary and urged the complete breakdown of state enforced bars to racial intermingling Yarbrough examines the life and career of this fascinating but neglected jurist assessing the controversy he generated and his place in the early history of the modern civil rights movement

*Happenstance* Robert Root,2013-11 Reflecting on how a student s parents met because of a fly ball to center field in a summer softball game author Robert Root wondered how the lives of that student s parents and of the student himself would have changed had the batter bunted or struck out Haunted by this pure example of happenstance he began to ponder his own existence dependent in part on geology the Niagara Escarpment and history the Erie Canal He wondered how happenstance had influenced the course of his parents lives in particular their marriages they married and divorced each other twice and consequently the shaping of his identity *Happenstance* investigates the effects of that phenomenon and choice on one man s life Root explores this theme in interwoven strands of narrative interpretation and reflection One strand *The Hundred Days* follows his attempt to write one hundred journal entries each about a different day in his life to recover memories of specific moments or collections of moments In the strand headed *Album* he examines and interprets old family photographs in light of the way he reads them in the present as someone now privy to a family secret that directed his and his siblings lives without their knowledge Interspersed among these brief interpretations and narratives are reflections on happenstance and choice a sequence contemplating their effect on his life and perhaps on all our lives Through juxtaposition and accumulation the book s incremental unraveling of meaning imitates the process of unexpected epiphanies and gradual self discovery in anyone s life By revisiting individual days giving voice to photographs that mutely preserve family moments and reflecting on the way happenstance and choice determine the directions lives take Robert Root generates a meditation on identity anchored in an album in words and images of a mid twentieth century life      ACT Lisa Zimmer Hatch,Scott A.
