**The Emergence of a Hero** Andrei Zorin,2023-04-26 The Emergence of a Hero is dedicated to the history of Russian emotional culture of the late eighteenth and early nineteenth centuries the epoch when the court Masonic lodges and literature were competing for the monopoly on the symbolic images of feeling that an educated and Europeanised Russian was supposed to interiorize and reproduce The case study in the centre of the study is the story of the life and death of

Andrei Turgenev 1781 1803 the author of a confessional diary a gifted poet and an early Russian Romantic who failed to live up to the principles and models he cherished Brought up on the patterns of emotions he found in works of Rousseau Sterne and the authors of Sturm and Drang he soon found them too narrow for his individuality and navigated towards a more mature nineteenth century Romanticism but was not able to make this transition Turgenev experimented not so much in his literary work as in his life The reconstruction of this convoluted and enigmatic case is based on archival research and innovative analysis of individual emotional experience Won in Translation Roger Chartier,2022-05-24 In Won in Translation Roger Chartier one of the world s leading historians of books publishing and reading considers the mobility of the early modern text and the plurality of circulating versions of the same work The agent for both is translation for through their lexical aesthetic and cultural decisions translators always assign new meaning or new status to what they translate Won in Translation proceeds by way of four case studies three dedicated to works originally in Spanish the fourth to a Portuguese dramatic adaptation of Don Quixote Bartolom de Las Casas Brev sima relaci n de la destrucci n de las Indias first printed in 1552 was a powerful instrument for the construction of what was later called the black legend of Spanish monarchy Baltasar Graci n s Or culo Manual published in 1647 became the most famous courtier s manual in Europe Both traveled more widely and were translated more often than any other books of their era For Chartier they illustrate the great power of translation which allowed Las Casas account to be placed in multiple and successive contexts and enabled Graci n s book to take on a range of meanings it had not originally had Chartier s next two chapters are devoted to plays one by Lope de Vega the other by Ant nio Jos da Silva In the case of Lope s Fuente Ovejuna the translation was one from historical chronicle to dramatic performance In Ant nio Jos da Silva s Vida do Grande D Quixote the textual migration is twofold as Cervantes hero moves from Spanish to Portuguese and from novel to play In an Epilogue Chartier moves three centuries forward to consider the paradox that it is the absolute immobility of the text reinvented word for word that creates its mobility in Jorge Luis Borges fiction Pierre Menard Author of the Quixote Works are transformed through changes of genre or language to be sure but even when the texts remain fixed their readers give them different or inverted meaning Foreign Plays in English New York Public Library,1920 Bulletin of the New York Public Library New York Public Library,1920 Includes its Report 1896
