Encyclopedia of Gender in Media Mary Kosut, 2012-05-01 The media strongly influences our everyday notions of gender roles and our concepts of gender identity The Encyclopedia of Gender in Media critically examines the role of the media in enabling facilitating or challenging the social construction of gender in our society The work addresses a variety of entertainment and news content in print and electronic media and explores the social construction of masculinity as well as femininity In addition to representations of gender within the media we also analyze gender issues related to media ownership and the media workforce Despite an abundance of textbooks anthologies and university press monographs on the topic of gender in media until now no comprehensive reference work has tackled this topic of perennial interest in student research and papers Features and benefits 150 signed entries each with Cross References and Further Readings are organized in A to Z fashion to give students easy access to the full range of topics within gender in media A thematic Reader's Guide in the front matter groups related entries by broad topical or thematic areas to make it easy for users to find related entries at a glance with themes including Discrimination Media Effects Media Modes New Media Media Portrayals Representations Biographies and more In the

electronic version the Reader's Guide combines with a detailed Index and the Cross References to provide users with robust search and browse capacities A Chronology in the back matter helps students put individual events into broader historical context A Glossary provides students with concise definitions to key terms in the field A Resource Guide to classic books journals and web sites along with the Further Readings accompanying each entry helps guide students to further resources for their research journeys An Appendix provides users with a number of reports related to gender in media

Contemplating Maternity in an Era of Choice Sara Hayden, Lynn O'Brien Hallstein, 2010-06-14 Women who came of age in the late twentieth century were raised in the era of choice they grew up believing that reproductive decision making is a political right a responsibility of women living the successes of second wave feminism and under their control Contemplating Maternity in an Era of Choice Explorations into Discourses of Reproduction explores contemporary maternity both within and in light of these late twentieth century understandings Employing a variety of feminist communication approaches the volume's contributors discuss how discourses of choice shape and are shaped by women's identities and experiences as non mothers and how those same discourses affect and reflect private practices and public policies related to reproduction and motherhood Through this process the contributors illustrate a variety of ways of conducting feminist thinking research and practices within the communication discipline Major sub disciplines within communication studies are represented here including feminist organizational interpersonal rhetorical critical cultural and social movement studies Whereas many of the previous scholarly investigations into maternity highlight only one aspect or phase of motherhood Contemplating Maternity in an Era of Choice is unique because it investigates discourses of choice across the arc of maternity and as enacted through various non maternal subject positions

**Gender in the Music Industry** Marion Leonard, 2017-10-03 Why despite the number of high profile female rock musicians does rock continue to be understood as masculine Why is rock generally assumed to be created and performed by men Marion Leonard explores different representations of masculinity offered by and performed through rock music and examines how female rock performers negotiate this gendering of rock as masculine A major concern of the book is not specifically with men or with women performing rock but with how notions of gender affect the everyday experiences of all rock musicians within the context of the music industry Leonard addresses core issues relating to

gender rock and the music industry through a case study of female centred bands from the UK and US performing so called indie rock from the 1990s to the present day Using original interview material with both amateur and internationally renowned musicians the book further addresses the fact that the voices of musicians have often been absent from music industry studies Leonard s central aim is to progress from feminist scholarship that has documented and explored the experience of female musicians to presenting an analytic discussion of gender and the music industry In this way the book engages directly with a number of under researched areas the impact of gender on the everyday life of performing musicians gendered attitudes in music journalism promotion and production the responses and strategies developed by female performers the feminist network riot grrrl and the succession of international festivals it inspired under the name of Ladyfest

Feminist Approaches to Media Theory and Research Dustin Harp,Jaime Loke,Ingrid Bachmann,2018-07-12 Feminist Approaches to Media Theory and Research tackles the breadth and depth of feminist perspectives in the field of media studies through essays and research that reflect on the present and future of feminist research and theory at the intersections of women gender media activism and academia The volume includes original chapters on diverse topics illustrating where theorization and research currently stand with regard to the politics of gender and media what work is being done in feminist theory and how feminist scholarship can contribute to our understanding of gender as a mediated experience with implications for our contemporary global society It opens for discussion how the research theory and interventions challenge concepts of gender in mediated discourses and practices and how these fit into the evolving state of contemporary feminisms Contributors engage with discussions about contemporary feminisms as they are understood in media theory and research particularly in a field that has changed rapidly in the last decades with digital communication tools and through cross disciplinary work Overall the book illustrates how the politics of gender operate within the current media landscapes and how feminist theorizing shapes academic inquiry of these landscapes Rhetoric of Femininity Donnalyn Pompper,2016-12-20 Rhetoric of Femininity Female Body Image Media and Gender Role Stress Conflict offers critical and social identity intersectionalities approach to interpretations of femininity among three generations of women for a rhetorical examination of how femininity is made to mean by media and popular culture Amplified are voices of women across multiple age ethnic and sexual orientation groups who shared in focus groups and interviews their perceptions of femininity and feminine ideals Femininity is explored using theories from communication and mass media psychology sociology and feminist and gender studies Donnalyn Pompper explores femininities as shaped by cultural rituals and industries at home and at work in organizations on sporting fields and arenas and in politics **Feminist Perspectives on Advertising** Kim Golombisky,2018-11-29 This volume edited by Kim Golombisky applies an intersectional lens to advertising focusing on gender race ethnicity sexuality disability age class and nationality Intersectional feminist perspectives on advertising are rare in the advertising industry even as it faces pressure to reform This anthology focuses on advertising

messaging to follow up the professional practices covered in *Feminists Feminisms and Advertising* edited by Kim Golombisky and Peggy Kreshel In this new collection contributors write from a variety of perspectives including Black African lesbian transnational poststructuralist material commodity and environmental feminisms The authors also discuss the reproductive justice framework feminist disability studies feminist ethnography feminist discourse analysis and feminist visual rhetoric Together these scholars introduce big ideas for feminist advertising studies The first section titled *Historicize This* includes work dealing with historicized analyses of advertising ranging from more than a century of stereotypes about black women to early twentieth century white women purchasing automobiles all contextualized with women s complex relations with technologies from cars to Twitter The second section *Advertising Body Politics* groups work on topics related to body politics in advertising including lesbians disabled women aging women and Chinese promotion girls The third section *Media Reps* revisits advertising representation in novel ways from operational definitions of race and advertising news about gay men to advertising twenty first century masculinities in Ghana and the United States The last section *Reproduction and Postfeminist Empowerment* ends the book with a selection of case studies on the advertising industry s cooptation and commodification of feminism particularly in regressive postfeminist ideologies about women s reproductive health and mothering

Communication & Cognition ,2004      **The Emotional Organization** Stephen Fineman,2009-02-09 This landmark collection is exclusively devoted to demonstrating mapping what is understood today about the power and structural effects of emotion and identity in organizations Essays at the leading edge of research reveal the influence of workplace cultures power and institutional expectations while also exploring the negative impacts of emotion management in the workplace Brings together an international group of cutting edge researchers to write critically about emotion in different organizational and cultural settings Includes research on policy change management and professional practice Exposes the influence of workplace cultures power and institutional expectations on emotion Reveals the darker and oppressive features of emotion management in organizations Applies recent critical organizational theory to emotion      Socially Constructing Communication Gloria J. Galanes,Wendy Leeds-Hurwitz,2009 The idea for this book originated at NCA s Summer Institute *Catching Ourselves in the Act* A Collaborative Planning Session to Enrich our Discipline through Social Constructionist Approaches The conference provided the opportunity to interact with like minded others to discuss how social construction approaches influence or should influence our work Another goal for the conference and for this book is to promote social construction approaches within the discipline We need to look forward by focusing on how the social construction perspective transforms our own work When we teach how can we best clarify the social construction principles we believe in and how can we convey the passion we feel for this approach How can we insure that our research practices are faithful to constructionist principles What practices can we or must we adopt to remain faithful to these principles Together the chapters in this volume address such questions with the intention of helping us take the next step forward This book extends

the conversation about social constructionism approaches and invites others to participate in that conversation
