Gender Questions

**Mariia Chekhovska, Natalia
Chuprinova, Svitlana Hanaba**

Gender Questions:

The Gender Question In Education Ann Diller, 2018-10-08 In this innovative book four prominent philosophers of education introduce readers to the central debates about the role of gender in educational practice policymaking and theory More a record of a continuing conversation than a statement of a fixed point of view The Gender Question in Education enables students and practicing teachers to think through to their own conclusions and to add their own voices to the conversation Throughout the authors emphasize the value of a gender sensitive perspective on educational issues and the relevance of an ethics of care for educational practice Among the topics discussed are feminist pedagogy gender freedom in public education androgyny sex education multiculturalism the inclusive curriculum and the educational significance of an ethics of care The multiauthor dialogic structure of this book provides unusual breadth and cohesiveness as well as a forum for the exchange of ideas making it both an ideal introduction to gender analysis in education and a model for more advanced students of gender issues

The Gender Question in Globalization Francien van Driel, 2020-11-25 Orthodox views of globalization assume that it has the same features and impact everywhere i e the feminization of poverty labour and even peace As these ideas circulate in official documents and scientific writings they settle practically as truths This challenging and unique book is amongst the first to deconstruct these orthodoxies using a multi layered gender analysis where globalization is not treated as a linear and top down process with a known outcome and a pre conceived definition of gender Instead the authors scrutinize the dynamics of each context on its own merits including the agency of women and men resulting in unexpected and groundbreaking insights into the variety of differences apparent even in sometimes seemingly similar global processes Through this gender lens different and new meanings of gender appear rooted in multiple modernities The book will be a seminal contribution to debates in the fields of international labour sexuality identity feminism peace studies and migration

Pieties and Gender Hilda Rømer Christensen, 2009-09-30 Taking up the challenge of Saba Mahmood to feminist studies in religion that there is a liberalist understanding of agency and a tendency to mix the feminist political project with the analytical the authors of this anthology discuss the relations between pieties and politics pieties and methodologies virtuous masculinities and symbolic gender representations Several articles discuss highly controversial questions Muslim piety religion in the European Union between the Vatican and the Muslim populations the religiously motivated abstinence policies of the US Furthermore there is an interesting section about religious masculinities in a historical and contemporary perspective Contributors include Saba Mahmood Robin May Schott Kari E B rresen Claire Gresl Favier Clyde Wilcox Lene Sjørup Thomas Blom Hansen Yvonne Maria Werner Karin E Gedge Hilda Rømer Christensen and Jone Salomonsen

in International Higher Education Research Emily Henderson,Z Nicolazzo,2018-12-07 Bridging a gap between higher education research and women s and gender studies this volume explores the conceptual underpinnings and methodological implications involved in researching different concepts commonly associated with gender including queer trans women men feminisms intersectionality alongside discussions about the term gender itself Drawing on a range of empirical experiences and methodological frameworks chapter authors consider the ethical political theoretical and practical questions that arise when conducting gender related research in college and university contexts This book is a foundation for understanding the complexities of gender as well as a site for envisioning new futures for educators and researchers in this emerging global discipline

Designing Quality Survey Questions Sheila B. Robinson,Kimberly Firth Leonard,2024-09-23 This text shows readers how to craft precisely worded survey questions with appropriate response options that provide useful data to help answer research questions The authors offer guidance on creative approaches to question design to keep respondents engaged consider different survey administration modes outline practices for culturally responsive survey design discuss current language considerations for demographic questions and consider factors that can influence survey responses The Second Edition offers more detail about survey question design and includes more on rating scales and open ended questions It provides more guidance on cultural responsiveness and equity considerations including use of inclusive language how to survey youth and a deeper discussion on asking questions about sex and gender and disability

Climate Hazards, Disasters, and Gender Ramifications Catarina Kinnvall,Helle Rydstrom,2019-06-11 This book focuses on the challenges of living with climate disasters in addition to the existing gender inequalities that prevail and define social economic and political conditions Social inequalities have consequences for the everyday lives of women and girls where power relations institutional and socio cultural practices make them disadvantaged in terms of disaster preparedness and experience Chapters in this book unravel how gender and masculinity intersect with age ethnicity sexuality and class in specific contexts around the globe It looks at the various kinds of difficulties for particular groups before during and after disastrous events such as typhoons flooding landslides and earthquakes It explores how issues of gender hierarchies patriarchal structures and masculinity are closely related to gender segregation institutional codes of behaviour and to a denial of environmental crisis This book stresses the need for a gender responsive framework that can provide a more holistic understanding of disasters and climate change A critical feminist perspective uncovers the gendered politics of disaster and climate change This book will be useful for practitioners and researchers working within the areas of Climate Change response Gender Studies Disaster Studies and International Relations

Trans and Gender Diverse Ageing in Care Contexts Michael Toze,Paul Willis,Trish Hafford-Letchfield,2024-07-19 Gender diversity and non conformity are becoming increasingly visible within society As more trans and non binary service users come out and trans populations age practitioners and service providers working in health care social care welfare services and housing will begin to see a growing number of older gender diverse

service users With contributions from trans and non binary scholars and practitioners and those with lived experience this book outlines what good care and support looks like for older trans and non binary people This book provides a range of reflective learning activities that can be used by educators policy makers and practitioners in healthcare social care public and community services to develop their knowledge and skills to ensure their practice is affirmative and inclusive

Chaucer, Ethics, and Gender Alcuin Blamires, 2006-04-06 This book makes a vigorous reassessment of the moral dimension in Chaucer's writings For the Middle Ages the study of human behaviour generally signified the study of the morality of attitudes choices and actions Moreover moral analysis was not gender neutral it presupposed that certain virtues and certain failings were largely gender specific Alcuin Blamires mainly concentrating on The Canterbury Tales discloses how Chaucer adapts the composite inherited traditions of moral literature to shape the significance and the gender implications of his narratives Chaucer Ethics and Gender is therefore not a theorization of ethical reading but a discussion of Chaucer's engagement with the literature of practical ethical advice Working with the commonplace primary sources of the period Blamires demonstrates that Stoic ideals somewhat uncomfortably absorbed within medieval Christian moral codes as Chaucer realized penetrate the poet's constructions of how women and men behave in matters for instance of friendship and anger sexuality and chastity protest and sufferance generosity and greed credulity and foresight The book will be absorbing for all serious readers or teachers of Chaucer because it is packed with commanding new insights It offers illuminating explanations concerning topics that have often eluded critics in the past the flood forecast in The Miller's Tale for example or the status of emotion and equanimity in The Franklin's Tale the unethical sexual trading in the Shipman's Tale the contemporary moral force of a widow's curse in The Friar's Tale and the quizzical moral link between the Wife of Bath's Prologue and Tale There is even a new hypothesis about the conceptual design of The Canterbury Tales as a whole Deeply informed and historically alert this is a book that engages its reader in the vital role played by ethical assumptions with their attendant gender assumptions in Chaucer's major poetry

Gender Identity and Discourse Analysis Lia Litosseliti, Jane Sunderland, 2002 This is a collection of work by researchers in the area of gender and language It shows how a discourse approach to the study of gender and language can facilitate the study of the complex and subtle ways in which gender identities are represented constructed and contested through language

Handbook of Gender in Archaeology Sarah Milledge Nelson, 2006-07-13 The pursuit of gender in the archaeological record is explored in this exciting new collection of essays by renowned archaeologists and gender theorists These essays place gender in the context of the past by approaching the data in light of the previous decades of gender research Issues such as tool making hunting and evolution take on new meaning as the contributors examine the impact of gender worldwide They do so in terms of the theories methods and ways of teaching and learning amassed through archaeological data These essays provide insight into the study of gender in archaeology and will prove valuable to the scholarship of gender based theory

Gender And Crime: A Reader Evans,

Karen, Jamieson, Janet, 2008-07-01 Law **Gender Circuits** Eve Shapiro, 2010-02-25 Gender Circuits explores the impact of new technologies on the gendered lives of individuals through substantive sociological analysis and in depth case studies Examining the complex intersections between gender ideologies social scripts information and biomedical technologies and embodied identities this book explores whether and how new technologies are reshaping what it means to be a gendered person in contemporary society *Gender, Development and Globalization* Lourdes Beneria, Günseli Berik, Maria Floro, 2015-07-24 Gender Development and Globalization is the leading primer on global feminist economics and development Lourdes Bener a a pioneer in the field of feminist economics is joined in this second edition by Gunseli Berik and Maria Floro to update the text to reflect the major theoretical empirical and methodological contributions and global developments in the last decade Its interdisciplinary investigation remains accessible to a broad audience interested in an analytical treatment of the impact of globalization processes on development and wellbeing in general and on social and gender equality in particular The revision will continue to provide a wide ranging discussion of the strategies and policies that hold the most promise in promoting equitable and sustainable development The authors make the case for feminist economics as a useful framework to address major contemporary global challenges such as inequalities between the global South and North as well as within single countries persistent poverty and increasing vulnerability to financial crises food crises and climate change The authors approach is grounded in the intellectual current of feminism and human development drawing on Amartya Sen s capability approach and focused on the importance of the care economy increasing pressures faced by women and the failures of neoliberal reforms to bring about sustainable development reduction in poverty inequality and vulnerability to economic crisis
