Hybrid Artificial Intelligent Systems Enrique Onieva,Igor Santos,Eneko Osaba,Héctor Quintián,Emilio Corchado,2015-05-29 This volume constitutes the proceedings of the 10th International Conference on Hybrid Artificial Intelligent Systems HAIS 2015 held Bilbao Spain June 2014 The 60 papers published in this volume were carefully reviewed and selected from 190 submissions They are organized in topical sections such as data mining and knowledge discovery video and image analysis bio inspired models and evolutionary computation learning algorithms hybrid intelligent systems for data mining and applications classification and cluster analysis HAIS applications The God of the Prophets William Paul Griffin,1997-09-01 Content analysis which is a computer assisted form of textual analysis is used to examine divine activity in six prophetic texts comparing God s activity to that of humans In this methodologically innovative study the author concludes in the light of quantitative data that God is harsher to non Israelites than to Israelites in all the texts and much kinder to Israelites in Joel than in the typical prophet God and humans are involved in much the same kinds of physical and mental processes but to considerably different degrees Griffin argues persuasively that the God of the prophets is not the wholly other of some theologies but neither do his actions follow exactly the human pattern *Computational Linguistics and Intelligent Text Processing* Alexander Gelbukh,2014-04-18 This two volume set consisting of LNCS 8403 and LNCS 8404 constitutes the thoroughly refereed proceedings of the 14th International Conference on Intelligent Text Processing and Computational Linguistics CICLing 2014 held in Kathmandu Nepal in April 2014 The 85 revised papers presented together with 4 invited papers were carefully reviewed and selected from 300 submissions The papers are organized in the following topical sections lexical resources document representation morphology POS tagging and named entity recognition syntax and parsing anaphora resolution recognizing textual entailment semantics and discourse natural language generation sentiment analysis and emotion recognition opinion mining and social networks machine translation and multilingualism information retrieval text classification and clustering text summarization plagiarism detection style and spelling checking speech processing and applications Current Research and Development in Scientific Documentation ,1964 *Practical Text Analytics* Murugan Anandarajan,Chelsey Hill,Thomas Nolan,2018-10-19 This book introduces text analytics as a valuable method for deriving insights from text data Unlike other text analytics publications Practical Text Analytics Maximizing the Value of Text Data makes technical concepts accessible to those without extensive experience in the field Using text analytics organizations can derive insights from content such as emails documents and social media Practical Text Analytics is divided into five parts The first part introduces text analytics discusses the relationship with content analysis and provides a general overview of text mining methodology In the second part the authors discuss the practice of text analytics including data preparation and the overall planning process The third part covers text analytics techniques such as cluster analysis topic models and machine learning In the fourth part of the book readers learn about techniques used to communicate insights

from text analysis including data storytelling The final part of Practical Text Analytics offers examples of the application of software programs for text analytics enabling readers to mine their own text data to uncover information **Text Mining**

Gabe Ignatow, Rada Mihalcea, 2016-04-20 Online communities generate massive volumes of natural language data and the social sciences continue to learn how to best make use of this new information and the technology available for analyzing it Text Mining A Guidebook for the Social Sciences brings together a broad range of contemporary qualitative and quantitative methods to provide strategic and practical guidance on analyzing large text collections This accessible book written by sociologist Gabe Ignatow and computer scientist Rada Mihalcea surveys the fast changing landscape of data sources programming languages software packages and methods of analysis available today Suitable for novice and experienced researchers alike the book will help readers use text mining techniques more efficiently and productively **Discourse**

Jean-Paul Metzger, 2019-05-24 Discourse is not just a means of expressing thought it is also an autonomous body an act through which we aim to achieve a certain effect Modern linguistics proposes a broader definition of discourse as a discrete and unique enunciative process where the speaker or author makes language concrete through speech in the Saussurian sense and describes the various acts oral illocutionary perlocutionary that discourse performs This book examines discourse an object of analysis and criticism from a wide range of perspectives Among the concepts explored are the contributions of rhetoric in the art of discourse the evolution of multiple approaches and the main methods of discourse analysis conducted by a variety of researchers The book deepens our knowledge and understanding of discourse a concept on which any research related to information and communication can be based **The Content Analysis Guidebook** Kimberly A.

Neuendorf, 2016-04-25 Content analysis is one of the most important but complex research methodologies in the social sciences In this thoroughly updated Second Edition of The Content Analysis Guidebook author Kimberly Neuendorf draws on examples from across numerous disciplines to clarify the complicated aspects of content analysis through step by step instruction and practical advice Throughout the book the author also describes a wide range of innovative content analysis projects from both academia and commercial research that provide readers with a deeper understanding of the research process and its many real world applications **General Inquirer** Philip J. Smith, Daniel M. Ogilvie, 1966-12-15 **Methods to Improve Our Field** Aaron D. Hill, Aaron F. McKenny, Paula

O'Kane, Sotirios Paroutis, 2023-01-18 Offering innovative ideas that explore how strategy and management methodology can be developed Methods to Improve Our Field considers approaches that range from the re imagining of secondary data in the digital age and Interpretive Phenomenological Analysis IPA to Machine Learning and Artificial Intelligence **Content**

Analysis Klaus Krippendorff, 2013 Since the publication of the First Edition of Content Analysis An Introduction to Its Methodology the textual fabric in which contemporary society functions has undergone a radical transformation namely the ongoing information revolution Two decades ago content analysis was largely known in journalism and communication

research and to a lesser extent in the social and psychological sciences Today content analysis has become an efficient alternative to public opinion research a method of tracking markets political leanings and emerging ideas a way to settle legal disputes and an approach to explore individual human minds The Third Edition of Content Analysis remains the definitive sourcebook of the history and core principles of content analysis as well as an essential resource for present and future studies The book introduces readers to ways of analyzing meaningful matter such as texts images voices that is data whose physical manifestations are secondary to the meanings that a particular population of people brings to them Organized into three parts the book examines the conceptual and methodological aspects of content analysis and also traces several paths through content analysis protocols The author has completely revised and updated the Third Edition integrating new information on computer aided text analysis and social media The book also includes a practical guide that incorporates experiences in teaching and how to advise academic and commercial researchers In addition Krippendorff clarifies the epistemology and logic of content analysis as well as the methods for achieving its aims *Users Manual* United States.
