Find out directly from them how they want to revolutionize giving, to expand its positive impact on our lives and our communities. Which causes interest them, how they want to engage with those causes, and perhaps more important, how they do not want to engage. Which new tools and strategies for change excite them most? What they are learning from previous generations and what they want to bring to their work alongside those generations. How we can all ensure their historic potential is channeled in ways that make our world better. The Impact Revolution will be messy, but it could also result in solutions for some of our most persistent problems. Generation Impact offers targeted practical advice to parents, families, and their advisors, as well as nonprofit professionals, those who work closest with these next-gen donors, on how to engage, nurture, and encourage them as they reshape major giving and make their mark on history. Help them channel their enthusiasm and their wealth to make the most positive difference in a world with such great need. *Solar Energy Update*, 1980-10
