Saying Goodbye Jean C. West, 2015-10-30 Saying Goodbye My Spiritual Journey through Death and Dying dares to face the basic reality that so much of modern culture strains itself to deny everyone who lives will die The hope and the encouragement come not in pretending that death will not happen but in shaping the way in which one says goodbye to friends and family Jean C West who sat with her husband and her siblings as they died draws upon both her experiences and her research to present a guide to assist all who find themselves in the position making or witnessing end of life goodbyes Her advice covers the circumstances of those who are dying and of others who accompany loved ones in their dying Saying Goodbye describes the common landmarks one encounters in a journey through death and dying It presents special guidance for circumstances in which children are dying It talks through the sorts of plans one can make in advance of death It consoles and supports individuals during the time after a loved one's death Saying Goodbye My Spiritual Journey through Death and Dying recognizes that while each person's circumstances and perspective are unique the common elements of the human experience of death and dying can provide the foundation for saying goodbye and for journeying through times of human mortality

Turner,2023-08-07 While Turner author of Here Bullet grieves the loss of his wife to cancer The Goodbye World Poem is a series of poetic meditations that sit quietly in the silent afterward of someone s death Losing his wife his father and his best friend in quick succession Turner explores those relationships through the complicated lenses of moments in time weaving in and out of memory to explore the disparate history that fuses together to form ones psyche Throughout the collection a prevailing motion recurs that of submersion sinking plunging into the deep whether it be the ocean or the subconscious In other words this book is a kind of poetic biography a journey of the self that ultimately pours everything that s happened in a life all of the love and all of the loss into the moment of death itself The poems are meant to be celebratory and sublime in their comprehension of what happens to our memories when we die And if the reader is inclined the reader becomes the vessel who holds all of this in their own imagination carrying Turner and his memories forward into their own lives in a small way **Goodbye Planet Earth** Rich Giesbrecht,2021-11-08 The novel Goodbye Planet Earth provides close looks at the
