Goodbye My Irish Child:

Goodbye My Irish Child Monica McCormack-Sheehan, 2004-05 Goodbye My Irish Child is the story of one girl's journey from the innocence of childhood to the harsher realities of life. Through her ability to rebound from trauma, she becomes able to embrace the gift of life and live each moment with wonder, to seize the joy of her imagination where infinite possibilities lie. She is one of six children who, being raised without a television set, delve into their own creative spirits to find action and adventure in the rural West of Ireland during their summer holidays in 1980. The freedom to explore at will the surrounding countryside and coastline enables them to fully explore what nature has to offer and what they can create, and often results in a hilarious situation. As each adventure unfolds, the history, myths, and folklore of western Ireland come alive through the eyes of a twelve-year-old girl.

The Famine Irish Ciaran Reilly, 2016-04-04 From a range of leading academics and historians, this collection of essays examines Irish emigration during the Great Famine of the 1840s. From the mechanics of how this was arranged to the fate of the men, women, and children who landed on the shores of the nations of the world, this work provides a remarkable insight into one of the most traumatic and transformative periods of Ireland's history. More importantly, this collection of essays demonstrates how the Famine Irish influenced and shaped the worlds in which they settled, while also examining some of the difficulties they faced in doing so.

The Letters of Sidney and Beatrice Webb: Volume 2, Partnership 1892-1912 Webb, Sidney Webb, 2008-10-14 Sidney and Beatrice Webb were among the outstanding political personalities in the period 1890-1945. They were leading figures in the Fabian Society, prominent historians, and founders of the London School of Economics and the New Statesman. They exchanged letters with many of the leading figures in the political, intellectual, and literary worlds of the time, among them Herbert Asquith, Ramsay MacDonald, George Bernard Shaw, and Bertrand Russell. Volume II of the letters covers the years between the Webb marriage and their return from Asia in 1912. They were the prime years of the partnership in which the Webbs came to dominate the Fabian Society, founded the London School of Economics, and launched their campaign for the reform of the Poor Law.

Finding Molly Johnson Mark G. McGowan, 2024-09-15 Ireland's Great Famine produced Europe's worst refugee crisis of the nineteenth century. More than 1.5 million people left Ireland, many ending up in Canada. Among the most vulnerable were nearly 1,700 orphaned children who now found themselves destitute in an unfamiliar place. The story Canada likes to tell is that these orphans were adopted by benevolent families and that they readily adapted to their new lives, but this happy ending is mostly a myth. In *Finding Molly Johnson*, Mark McGowan traces what happened to these children. In the absence of state support, the Catholic and Protestant churches worked together to become the orphans' principal caregivers. The children were gathered, fed, schooled, and placed in family homes in Saint John, Quebec, Montreal, Bytown, Kingston, and Toronto. Yet most were not considered members of their placement families but rather sources of cheap labour. Many fled their placements, joining thousands of other Irish refugees on the Canadian frontier, searching for work, extended family, and the opportunity to begin a new life. *Finding Molly Johnson*
