Gospel For The Cities:

Gospel for the Cities Benjamin Tonna, 2004-10-28 Traditionally the city has been the locus for the development of civilization The scholars the poets the persons of commerce and politics came to the city for inspiration and acceptance The city has been both an intriguing place and a place of intrigue For weal or woe the city fashions our culture while altering cultures The person who wishes to analyze with competence the sociological and theological dimensions of the city would do well to study thoroughly Gospel for the Cities It is a study for us who live and work in the urban centers of North America as well as for the missionary today who must bring deep insight biblical historical and sociological to the awesome task of working in the cities of the twenty first century across the world We have waited long for this book Msgr John J Egan University of Notre Dame Many books have been written about cities and urbanization But in an era of severe compartmentalization in knowledge they have come from specialists in one discipline Thus we have the sociology of the city the city in history or the challenge of the city to the church Now this unique volume provides a genuine and compelling interface between competent social analysis and historical description with first rate mission theology and a solid biblical perspective This difficult task has been accomplished with depth and comprehensiveness by Benjamin Tonna in a book of particular relevance to the Third World but useful to all of us committed to concern for the cities in God s world George W Webber President New York Theological Seminary Why Cities Matter Stephen T. Um, Justin Buzzard, 2013-03-31 We live in a unique moment in history Right now more people live in urban centers than ever before This means that we have an unprecedented opportunity to influence the majority of the world through the church in the city Helping us to make the most of this moment urban pastors Justin Buzzard and Stephen Um lay out a compelling vision for cultural engagement and church planting in our world s cities If you re looking for motivation to maintain a commitment to the city or for guidance as you consider going all in this book provides a comprehensive analysis of urban life that informs instructs inspires and answers questions including Why cities are so important What the Bible says about cities How to overcome common issues and develop a plan for living missionally in the city Instead of retreating from or taking from our cities here is a call to make the cities our home to take good care of them and to participate in God s kingdom building work in the urban centers of our world

A Dictionary of Christ and the Gospels James Hastings, 2004-10 The

purpose of this dictionary is to give an account of everything that relates to Christ His Person Life Work and Teaching It is in a sense complementary to the Dictionary of the Bible in which of course Christ has a great place But a dictionary of the Bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything This is first of all a preacher s dictionary The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers And even when the articles have the same titles as articles in the Dictionary of the Bible they are written by new men and from a new standpoint It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain whether directly related to Christ or not Its range however is far greater than that of the Gospels It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world There will be articles on the Patristic estimate of Jesus the Medieval estimate the Reformation and Modern estimates There will be articles on Christ in the Jewish writings and in the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852 1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church

The Cities of Refuge: Or, the Name of Jesus: A Sunday Book for the Young John Ross Macduff,1861-01-01

The City in Biblical Perspective J.W. Rogerson,John Vincent,2014-12-18 The city is an ambiguous symbol in the Bible The founder of the first city is the murderer Cain The city of Jerusalem is the place chosen by God yet is also a place of wrong doing and injustice Jesus seems to have largely avoided cities except Jerusalem where he was crucified The City in Biblical Perspective examines the archaeological and social background of the urban biblical world and explores the implications of the deliberate ambiguities in the biblical text The book aims to deepen our understanding of both the biblical and the contemporary city by asking how the Bible s complex understanding of the city can illuminate our own ever more urban time

Urban Ministry Manuel Ortiz,Harvie M. Conn,2025-06-06 No 3 in the Academy of Parish Clergy Top Ten Books of the Year The city presents serious challenges that cry out for answers poverty racism human exploitation and government corruption How can the church move ahead in the midst of these demands with the gospel of hope Here in one comprehensive volume Harvie Conn and Manuel Ortiz two noted scholars and proven practitioners of urban ministry address the vital work of the church in the city Their dual goal to

understand the city and God's work in it Through four great waves of development Conn and Ortiz trace the history of the city around the world Then they tackle the critical issue of a biblical basis for urban mission How does the Bible view the city Are we closer to God in the country than the city Does the Bible have an anti urban bias These questions are given a thorough analysis that unveils God's urban mandate as reflected in both Old and New Testaments From this foundation the authors unpack the multifaceted nature of the city as place as process as center as power and as a place of change and stability They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop In addition Conn and Ortiz lay out what the social sciences have to offer urban mission including ethnographic and demographic studies and they focus on the particular issues and needs of urban leadership including a plan for developing and mentoring leaders while equipping the laity for ministry in the city This is the essential text for bringing God's kingdom to the city through the people of God
