Educating Oneself In Public Critical Essays In Jurisprudence:

Educating Oneself in Public Michael S. Moore, 2023 *Educating Oneself in Public* is a sophisticated detailed and original examination of the main ideas that have dominated Anglo American legal philosophy since 1945 *Educating Oneself in Public* Michael S. Moore, 2000 The eleven essays in *Educating Oneself in Public Critical Essays in Jurisprudence* constitute an education in the Anglo American jurisprudence of the second half of the twentieth century The book examines both the thought of major figures such as H L A Hart Joseph Raz Ronald Dworkin Lon Fuller and Richard Rorty and the general themes of major movements such as legal realism post modernism and pragmatism Despite this focus on the thoughts of others the book is not a survey but is a critical probing of particular ideas often attributed to such figures Detailed depth of understanding is sought about Hart's conception of a general jurisprudence that describes law in general Dworkin's conception of an internal jurisprudence that interprets the concept of law of our legal culture Fuller's ideal of a functional jurisprudence that seeks the essence of law in the values it serves the place of rules in legal and moral reasoning Raz's idea that laws give exclusionary reasons to legal actors subject to such laws how judges should reason according to the legal realists whether there are right answers to all disputed law cases whether behind the obvious law of legal rules there can exist an unobvious law of legal principles Finnis's conception of the common good as the function law uniquely serves in what sense law practice and legal theory are interpretive activities whether all knowledge or some discrete realm of knowledge is peculiarly interpretive in character Michael Moore's views on each of these topics are detailed and original even if the springboards for each discussion are the writings of those who introduced such topics into modern discussions The introductory chapter includes responses by many of the figures examined in the other essays together with the author's rejoinders

Vagueness and Law Geert Keil, Ralf Poscher, 2016 Vague expressions are omnipresent in natural language As such their use in legal texts is virtually inevitable If a law contains vague terms the question whether it applies to a particular case often lacks a clear answer One of the fundamental pillars of the rule of law is legal certainty The determinacy of the law enables people to use it as a guide and places judges in the position to decide impartially Vagueness poses a threat to these ideals In borderline cases the law seems to be indeterminate and thus incapable of serving its core rule of law value In the philosophy of language vagueness has become one of the hottest topics of the last two decades Linguists and philosophers have investigated what distinguishes soritical vagueness from other kinds of linguistic indeterminacy such as ambiguity generality open texture and family resemblance concepts There is a vast literature that discusses the logical semantic pragmatic and epistemic aspects of these phenomena Legal theory has hitherto paid little attention to the differences between the various kinds of linguistic indeterminacy that are grouped under the heading of vagueness let alone to the various theories that try to account for these phenomena Bringing together leading scholars working on the topic of vagueness in philosophy and in law this book fosters a dialogue between philosophers and legal scholars by examining how

philosophers conceive vagueness in law from their theoretical perspective and how legal theorists make use of philosophical theories of vagueness The chapters of the book are organized into three parts The first part addresses the import of different theories of vagueness for the law referring to a wide range of theories from supervenient to contextualist and semantic realist accounts in order to address the question of whether the law can learn from engaging with philosophical discussions of vagueness The second part of the book examines different vagueness phenomena The contributions in part 2 suggest that the greater awareness to different vagueness phenomena can make lawyers aware of specific issues and solutions so far overlooked The third part deals with the pragmatic aspects of vagueness in law providing answers to the question of how to deal with vagueness in law and with the professional political moral and ethical issues such vagueness gives rise to

The Policy of Law Mauro Zamboni, 2007-11-19 The book focuses on the relationship between law and politics as perceived by the legal community and more specifically the transformation of politics into law After exploring the relationship between law and politics as considered by the major modern schools of legal theory the focus moves to the regions of interaction in which law and politics meet termed the policy of law The policy of law is characterized in this work as the stage of the law making process at which values entrenched in political decisions are transformed into legal concepts in order to fit the existing legal system The space labeled as policy of law is today mainly but not exclusively the domain of legal actors Consequently the identification of a branch of the legal discipline specifically devoted to the investigation of the transformations of values into law is given the policy of law analysis Finally whether and to what extent the policy of law analysis can be encompassed within the traditional legal discipline and more particularly as a part of jurisprudence is explored Zamboni ranges broadly and knowledgeably over vast areas of legal theory But it is no mere taxonomising his argument is valuable and original It is clear learned and never boring Zenon Bankowski University of Edinburgh

Causation and Responsibility Michael S. Moore, 2010-07-15 The concept of causation is fundamental to ascribing moral and legal responsibility for events Yet the relationship between causation and responsibility remains unclear What precisely is the connection between the concept of causation used in attributing responsibility and the accounts of causal relations offered in the philosophy of science and metaphysics How much of what we call causal responsibility is in truth defined by non causal factors This book argues that much of the legal doctrine on these questions is confused and incoherent and offers the first comprehensive attempt since Hart and Honoré to clarify the philosophical background to the legal and moral debates The book first sets out the place of causation in criminal and tort law and outlines the metaphysics presupposed by the legal doctrine It then analyses the best theoretical accounts of causation in the philosophy of science and metaphysics and using these accounts criticises many of the core legal concepts surrounding causation such as intervening causation foreseeability of harm and complicity It considers and rejects the radical proposals to eliminate the notion of causation from law by using risk analysis to attribute responsibility The result of the analysis is a powerful argument for revising our understanding of the role played by causation in the

attribution of legal and moral responsibility **Constitutional Imaginaries** Jiří Příbáň, 2021-09-30 This book offers a social theoretical analysis of imaginaries as constituent social forces of positive law and politics Constitutional imaginaries invite constitutional and political theorists philosophers and sociologists to rethink the concept of constitution as the normative legal limitation and control of political power They show that political constitutions include societal forces impossible to contain by legal norms and political institutions The constitution of society as one polity defined by the unity of topos ethnos nomos that is the unity of territory people and their laws informed the rise of modern nations and nationalisms as much as constitutional democratic statehood and its liberal and republican regimes However the imaginary of polity as one nation living on a given territory under the constitutional rule of law is challenged by the process of European integration and its imaginaries informed by transnational legal and societal pluralism administrative governance economic performativity and democratically mobilised polity This book discusses the sociology of imagined communities and the philosophy of modern social imaginaries in the context of transnational European constitutionalism and its recent theories most notably the theory of societal constitutions It offers a new approach to the legal constitutions as societal power formations evolving at national European and global levels The book will be of interest to scholars and students interested in constitutional and European law theory and philosophy as much as interdisciplinary and socio legal studies of transnational law and society

Philosophical Foundations of the Nature of Law Wil Waluchow, Stefan Sciaraffa, 2013-03-14 In recent years we have witnessed major developments in philosophical inquiry concerning the nature of law and with the continuing development of international and transnational legal institutions in the phenomenon of law itself This volume gathers leading writers in the field to take stock of current debates on the nature of law and the aims and methods of legal philosophy The volume covers four broad themes The essays within the first theme address and develop the traditional debates between legal positivism natural law theory and Dworkinian interpretivism Papers within the second theme focus on the power of coercion often overlooked in contemporary legal philosophy The third set of papers addresses the aims and methods of legal theory and the role of conceptual analysis The final section explores new methods and issues in the subject and offers fresh starting points for future work in the field Gathering many leading and up and coming writers in the subject the volume offers a snapshot of the best current work in general jurisprudence

To Kill Another Graham McAleer, 2017-07-12 Basing his argument on natural law Graham J McAleer asserts that only public authority has the right to intentionally kill He draws upon the work of Thomas Aquinas and Francisco de Vitoria defending the claim that these natural law theorists have developed the best available theory of homicide To have rule of law in any meaningful sense the author argues there must be protections for the guilty and prohibition against killing innocents Western theories of law have drifted steadily towards the privatization of homicide despite the fact that it runs counter to rule of law Public acts of homicide like capital punishment are now viewed by many as barbaric while a private act of homicide like the starvation of comatose patients is viewed by many as a caring

gesture both to patient and family This subversion of the rule of law is prompted by humanitarian ethics McAleer argues that humanitarianism is a false friend to those committed to the rule of law The problem of human vulnerability makes political theology an inescapable consideration for law Readers will find much to reflect upon in this book McAleer's argument can be read as a cultural chapter in the history of moral ideas but also as a close and timely reading of a grim subject **The Oxford Handbook of Philosophy of Criminal Law** John Deigh, David Dolinko, 2011-09-22 This title contains 17 original essays by leading thinkers in the field and covers the field's major topics including limits to criminalization obscenity and hate speech blackmail the law of rape attempts accomplice liability causation responsibility justification and excuse duress and more **Authorities** Nicole Roughan, 2013-10-03 Interactions between state international transnational and intra state law involve overlapping and sometimes conflicting claims to legitimate authority This has led scholars to new theoretical explanations of sovereignty constitutionalism and legality but there has been little treatment of authority itself This book asks whether and under what conditions there can be multiple legitimate authorities with overlapping or conflicting domains Can legitimate authority be shared between state supra state and non state actors and if so how should they relate to one another Roughan argues that understanding authority in contemporary pluralist circumstances requires a new conception of relative authority and a new theory of its legitimacy The theory of relative authority treats the interdependence of authorities and the relationships in which they are engaged as critical to any assessment of their legitimacy It offers a tool for evaluating inter authority relationships prevalent in international transnational state and non state constitutional practice while suggesting significant revisions to the idea that law in general or even by necessity claims to have legitimate authority International Energy and Poverty Lakshman Guruswamy, 2015-08-20 Around 2.8 billion people globally also known as the Other Third or energy poor have little or no access to beneficial energy that meets their needs for cooking heating water sanitation illumination transportation or basic mechanical power This book uniquely integrates the hitherto segmented and fragmented approaches to the challenge of access to energy It provides theoretical philosophical and practical analysis of energy for the low energy non hydrocarbon based Other Third of the world and how the unmet needs of the energy poor might be satisfied It comprehensively addresses the range of issues relating to energy justice and energy access for all including affordable sustainable energy technologies ASETs The book breaks new ground by crafting a unified and cohesive framework for analysis and action that explains the factual and socio political phenomenon of the energy poor and demonstrates why clean energy is a primary determinant of their human progress This is a must read for all scholars students professionals and policy makers working on energy policy poverty and sustainable energy technologies *Legal, Moral, and Metaphysical Truths* Kimberly Kessler Ferzan, Stephen J. Morse, 2016 Reviewing the work of legal philosopher Michael S. Moore this volume examines how crimes ought to be defined what justifies punishment what moral commitments underlie the law how our understanding of concepts such as causation impact law and morality and how psychiatry and cognitive neuroscience relate

to law **Intention in Law and Philosophy** Ngaire Naffine, Rosemary Owens, 2019-05-24 This title was first published in 2001 Legal systems are posited on the assumption that people are rational intentional agents who can choose to follow or break the law This book connects the common interests of lawyers and philosophers in the meaning of intention and its relation to responsibility in legal moral and political contexts **Moral Puzzles and Legal Perplexities** Heidi M.

Hurd, 2019 Engages with the life and work of Larry Alexander to explore puzzles and paradoxes in legal and moral theory

The Alexy-Poscher Debate on Legal Principles Robert Alexy, Ralf Poscher, 2025-06-12 This collective work provides a chronological and up to date reconstruction of the three round debate between Robert Alexy and Ralf Poscher The debate represents the German development of an enduring jurisprudential controversy over the concept and adjudicatory role of legal principles classically addressed by HLA Hart and Ronald Dworkin Alexy's principles theory which has initially defined legal principles as optimisation requirements currently argues that they express an ideal ought Poscher's critique challenges the soundness of Alexy's principles theory by questioning its ontological and epistemological commitments As legal principles are directly related to constitutional rights the Alexy Poscher debate has significant implications for constitutional adjudication For instance proportionality analysis which incorporates a highly controversial balancing test and the legitimate boundaries of judicial power hinge on the debate's two opposing views Yet despite the centrality and pervasiveness of this topic German contributions to the theoretical and practical impact of legal principles remain generally overlooked by English speaking scholars Concluding with David Duarte's critical and meticulous assessment of the debate this collection bridges that important scholarly gap Whether or not conversant in the debate on legal principles legal researchers and advanced law students with interdisciplinary interests in jurisprudence and constitutional law will find in this book a timely and distinctive introduction to leading developments in German legal thinking **Institutionalized Reason** Matthias Klatt, 2012-02-23

This volume gathers leading figures from legal philosophy and constitutional theory to offer a critical examination of the work of Robert Alexy The contributions explore the issues surrounding the complex relations between rights law and morality and reflect on Alexy's distinctive work on these issues The focus across the contributions is on Alexy's main pre-occupations his anti-positivist views on the nature of law his approach to the nature of legal reasoning and his understanding of constitutional rights as legal principles In an extended response to the contributions in the volume Alexy develops his views on these central issues The volume's juxtaposition of Anglo American and German perspectives brings into focus the differences as well as the prospect of cross fertilization between Continental and Anglo American work in jurisprudence **Metaphilosophy of Law** Pawel Banas, Adam Dyrda, Tomasz Gizbert-Studnicki, 2016-10-06 Methodological and metaphilosophical disputes in the contemporary philosophy of law are very vivid Basic issues remain controversial The purpose of the book is to confront approaches of Anglo Saxon and continental philosophy of law to the following topics the purpose of legal philosophy the role of disagreement in legal philosophy methodology of legal philosophy conceptual analysis and normativity of law We see those

areas of legal metaphilosophy as drawing recently more and more attention in the literature The authors of particular chapters are internationally recognised scholars rooted in various traditions Anglo Saxon Gerald Postema Dennis Patterson Kenneth Ehrenberg Veronica Rodriguez Blanco Southern European Riccardo Guastini Manuel Atienza Nordic Torben Spaak German Ralf Poscher and Central European Jan Wolenski Tomasz Gizbert Studnicki Adam Dyrda They represent different approaches and different backgrounds The purpose of the volume is to contribute to the cross cultural discussions of fundamental issues of philosophy of law

The Methodology of Legal Theory Michael Giudice, 2017-07-05 The last decade has witnessed a particularly intensive debate over methodological issues in legal theory The publication of Julie Dickson's *Evaluation and Legal Theory* 2001 was significant as were collective returns to H L A Hart's *Postscript to The Concept of Law* While influential articles have been written in disparate journals no single collection of the most important papers exists This volume the first in a three volume series aims not only to fill that gap but also propose a systematic agenda for future work The editors have selected articles written by leading legal theorists including among others Leslie Green Brian Leiter Joseph Raz Ronald Dworkin and William Twining and organized under four broad categories 1 problems and purposes of legal theory 2 the role of epistemology and semantics in theorising about the nature of law 3 the relation between morality and legal theory and 4 the scope of phenomena a general jurisprudence ought to address

Reasoning with Law Andrew Halpin, 2001-12-12 The reader is invited to follow a route that visits Fish's view of theory and practice Raz's legal reasoning thesis theoretical models of judicial review Dworkin's right answer thesis the law of the excluded middle and Lukasiewicz's development of three valued logic Wittgenstein's language games and Moore's metaphysical realism The destination is the practice at the heart of legal reasoning It is suggested that this manifests the way in which the limitations of language and the incompleteness of human experience allow the opportunity for coherent development of the law and at the same time produce an inherent incoherence within the law The central part of the book seeks to demonstrate how the problems of understanding legal reasoning replicate difficulties encountered in the philosophy of language but challenges the attempts that have been made to harness approaches from within that discipline to illuminate legal reasoning Instead it is argued that law provides an unrivalled test bed for examining the limits of the capacity of our words and that the study of law may be used to confront in a robust and illuminating manner the limitations of that discipline The final chapter considers some of the implications of recognising the incoherence at the heart of legal reasoning commenting on an institutional approach to law the legitimacy of law legal definitions different approaches to legal reasoning the role of appellate courts the general possibility of providing a theoretical model of law the use of legal rules and the nature of law's critical aperture The book should be of interest to advanced undergraduate students particularly on jurisprudence courses postgraduate students academics and practitioners concerned to reflect on the nature of the discipline they practice

The Cambridge Companion to Comparative Law Mauro Bussani, Ugo Mattei, 2012-08-16 The book delves into the deeper structures of the world's legal

systems where law meets culture politics and socio economic factors

Educating Oneself In Public Critical Essays In Jurisprudence Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Educating Oneself In Public Critical Essays In Jurisprudence free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Educating Oneself In Public Critical Essays In Jurisprudence free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading

Educating Oneself In Public Critical Essays In Jurisprudence free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Educating Oneself In Public Critical Essays In Jurisprudence. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Educating Oneself In Public Critical Essays In Jurisprudence any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Educating Oneself In Public Critical Essays In Jurisprudence Books

What is a Educating Oneself In Public Critical Essays In Jurisprudence PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Educating Oneself In Public Critical Essays In Jurisprudence PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Educating Oneself In Public Critical Essays In Jurisprudence PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Educating Oneself In Public Critical Essays In Jurisprudence PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Educating Oneself In Public Critical Essays In Jurisprudence PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How

do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
