Reports and Documents United States. Congress, **Risk Society and Education in Post-Disaster Fukushima** Kaoru Miyazawa, 2021-12-30 In response to the explosion of the Fukushima Daiichi power plant in March 2011 this book examines how the concept of a risk society was handled in the various education programs implemented in post disaster Fukushima The explosion and subsequent radiation contamination that affected the biosphere of the Fukushima region and beyond revealed that we live in a risk society Despite this revelation official discourses in Fukushima have been geared strictly toward the future with the aim of restoring communities and resuming development projects Based on the ethnographic data the author collected in Fukushima between 2013 and 2016 various contested emotions emerged in those education spaces as students and teachers remembered their romanticized and difficult past and dealt with the challenges presented by the risk society in their present lives The emotionally charged interactions between past and present also shaped their vision of their future community and of the actions they might take The dialogues and actions that took places in these education spaces encourage readers to examine the meaning of development and question the basic assumptions and methods of education as society shifts to a risk society A valuable resource for scholars and students in the fields of globalization and education curriculum studies sociology of education and Japanese studies

Higher Education in Transition Willis Rudy, 2017-07-05 At a time when our colleges and universities face momentous questions of new growth and direction the republication of Higher Education in Transition is more timely than ever Beginning with colonial times the authors trace the development of our college and university system chronologically in terms of men and institutions They bring into focus such major areas of concern as curriculum

administration academic freedom and student life They tell their story with a sharp eye for the human values at stake and the issues that will be with us in the future One gets a sense not only of temporal sequence by centuries and decades but also of unity and continuity by a review of major themes and topics Rudy s new chapters update developments in higher education during the last twenty years Higher Education in Transition continues to have significance not only for those who work in higher education but for everyone interested in American ideas traditions and social and intellectual history **Pan American Record** ,1916 **Intermediate Report of the Committee on Government Operations** United States. Congress. House. Committee on Government Operations,1958
