Gender Work And Tourism:

Gender, Work and Tourism M Thea Sinclair, M. Thea Sinclair, 2005-08-18 *Gender Work and Tourism* examines the central role played by women in the tourism industry. It discusses the nature of their work and the ways in which tourism creates tensions between the attitude and conduct of tourists and the beliefs and behaviour of local women. Among the areas explored are the segmentation of tourism work in Northern Cyprus, women's and men's work in Bali, and the division of social and political power. Gendered tourism work in Mexico and the Philippines, material and ideological changes in sex tourism in South East Asia, and the exploitation of South East Asian women in Japan. **Routledge Handbook on Gender in Tourism**

Magdalena Petronella (Nellie) Swart, Wenjie Cai, Elaine Chiao Ling Yang, Albert Nsom Kimbu, 2024-02-20 This comprehensive handbook delves into the multifaceted dimensions of the role of gender in tourism, spanning education, research, and practice. With 40 international contributions from leading thinkers in the field, this book brings together diverse themes such as entrepreneurship, mobility, sustainability, and sexuality. In doing so, it shatters traditional boundaries and dissects how gender influences perceptions, experiences, and opportunities, advocating for equality and challenging entrenched power dynamics. Informed by the United Nations' Gender Equality goals, this handbook champions the potential of gender-aware tourism to reshape the world by fostering inclusivity, empowerment, and understanding. It adopts diverse insights encompassing feminist and queer perspectives, challenging norms and exploring marginalised voices. By dissecting gender in educational, entrepreneurial, and research contexts, it unveils hidden dynamics. This book empowers readers to grasp the breadth of gender's role and equips them with tools to foster equality and reshape the tourism landscape while making suggestions for future research agendas. This book is intended for scholars, educators, researchers, government officials, and practitioners in the fields of gender studies, tourism, education, entrepreneurship, employment, mobility, research, sustainability, and sexuality.

Tourism and Poverty Reduction Anna Spenceley, Dorothea Meyer, 2017-10-02 Over the past decade, there have been an increasing number of publications that have analysed and critiqued the potential of tourism to be a mechanism for poverty reduction in less economically developed countries (LEDCs). This book showcases work by established and emerging researchers that provides new thinking and tests previously made assumptions, providing an essential guide for students, practitioners, and academics. This book advances our understanding of the changes and ways forward in the field of sustainable tourism development. Five main themes are illustrated throughout the book: 1. measuring impacts of tourism on poverty; 2. the need to evaluate whether interventions that aim to reduce poverty are effective; 3. how unbalanced power relations and weak governance can undermine efforts; 4. the importance of the private sector's use of pro-poor business practices; and 5. the value of using multidisciplinary and multi-method research approaches. Furthermore, the book shows that academic research findings can be used practically in destinations and how practitioners can benefit from sharing their experiences with academic scholars. This book was based on a special issue and various articles from the *Journal of*

Sustainable Tourism Tourism and Gender-based Violence Paola Vizcaino, Heather Jeffrey, Claudia Eger, 2020-08-14 This book focuses on the multiple and interconnected manifestations of violence that women girls encounter in tourism consumption and production while seeking to open the debate on violence against sexual minorities LGBT and discussing men boys as victims and perpetrators of GBV **Tourism and Gender**, 2007-01-01 While contemporary popular discourses dismiss gender and feminism as passe patriarchy and sexism continue to limit human possibilities around the globe This collection of studies seeks to advance feminist and gender tourism studies with its focus on embodiment **Gender, Tourism Entrepreneurship and Social Policy** Anna de Jong, Michael Zisuh Ngoasong, Albert Nsom Kimbu, 2024-11-07 This timely volume is a novel and important contribution to scholarly literature on gender and tourism entrepreneurship utilising feminist and post colonial frameworks to interrogate the role of social policies in facilitating inclusive tourism entrepreneurship Drawing on contributions and case studies from across the Global South and Global North this multi disciplinary collection identifies how regional variations in governance and policy influence the experiences and potentialities of tourism entrepreneurship as a promised avenue for inclusive growth for marginalised identities Problematising universalised constructions of entrepreneurs as necessarily masculine western and driven only by economic imperatives that seek to fix and dislocate entrepreneurial support this volume takes focus with place based approaches to explore the intersections between identity tourism entrepreneurship and social policy It is this geographically informed perspective that seeks to account for the complexity of entrepreneurial experience and the role of social policy within this that constitutes an original contribution to the field The focus on gender and social policy reflects the increasing importance of tourism entrepreneurship within the context of the UNWTOs Sustainable Development Goals This book will be a pivotal resource for students researchers academics and policy makers in tourism gender studies development studies sustainability and business

Environmental Geography and Sustainable Society Subrata Pan, Somnath Mukherjee, Druheen Chakraborty, Swarup Ganguly, 2018-01-01 This edited volume Environmental Geography and Sustainable Society is indebted to fill the gap between physical and human geography by incorporating and critically evaluating many aspects of man s activities on both physical and human elements The way of analysis and the methods used for interpretations are mostly geographical in nature However to make it an interdisciplinary volume viewpoints from other disciplines have also been incorporated The volume has been intersected by six subsections not merely as subdivisions but to manifest six different ways of man s role in changing the face of the earth Each and every chapter in the book is independent in thought substantial in coverage and unique in methodology As a consequence readers can start from any part of the book In short the present book is succinct concise and elaborate The basic concepts have been illustrated by research findings The contents and deliberations in this book will definitely provide useful information and methods of study to the interested persons *A Research Agenda for Gender and Tourism* Erica Wilson, Donna Chambers, 2023-01-20 Original and thought provoking this Research Agenda

investigates the many ways in which tourism is gendered It outlines current thought and directions for future research looking forward by imagining and challenging the ways that gender will continue to intersect with and impact on tourism as well as looking back to trace the key developments and contributions in gendered thinking **Gender and Tourism**

Sustainability Claudia Eger, Ana María Munar, Cathy H.C. Hsu, 2023-03-21 This book examines the relationship between gender and sustainability in tourism Whilst an extensive body of work exists in the areas of gender and sustainability these two fields of knowledge are seldom combined to examine tourism phenomena When we look at the evolution of tourism we see that sustainability has become an essential element in educational programmes policy making and strategic considerations for organisations and destinations Whilst the beginnings of tourism sustainability were challenging presently its relevance is seldom questioned However this situation is not the case with gender research Although gender theorising and research have existed for over a century and a rich legacy of knowledge exists on this topic meaningful and respectful engagement with this line of scholarship is thus far peripheral in tourism studies The aim of this book is to reflect on and rethink the intersection of gender and tourism sustainability through the lens of gender theory and feminist epistemology to stay with the trouble and devise pathways for sustainability gender knowledge This book will be of great interest to students researchers and academics in tourism gender and sustainability as well as tourism management The chapters in this book were originally published as a special issue of the Journal of Sustainable Tourism **Gender and Tourism** Marco
