## **Good Kid A Manual For Parents:**

*Quick Guide to Good Kids* Virginia Bentz, 2007 Being a good parent is more complicated than ever Kids are exposed to a jungle of dangers premature sex underage drinking drug use etc Yet parents are so busy that many despair of their ability to transform their children into high functioning adults In *Quick Guide to Good Kids* Virginia Bentz shows how parents can be a strong line of defense for their children By managing the environment of your offspring when you are with them you ll help ensure that they make the right decisions when you aren t Bentz s strategies are simple Spend lots of time with babies it s the age at which they re most receptive Don t criticize Children come to believe what you tell them The teacher s word is law don t argue with her Don t quit You must teach by example how work gets done Know where your teenagers are Period The bottom line Parents have lots of time to help their children grow into successful and happy adults they simply have to know how to use it For more information visit [www.QuickGuideToGoodKids.com](http://www.QuickGuideToGoodKids.com) **Parent Survival Manual** Eric

Schopler, 2013-06-29 his book is the result of more than 30 years of experience and hard T resourceful work by Eric Schopler and his team first as lonely pioneers now as leaders whose influence extends as far as Kuwait India and Japan It is the fruit of a concept so simple human and obvious that it is hard to believe that not so long ago it was both revolutionary and controversial Parents of children in mid adulthood well remember what it was like to be considered the cause of their children s problems rather than part of whatever solutions could be achieved In 1971 when Eric Schopler described us as our children s cotherapists in the *Journal of Autism and Childhood Schizophrenia* it validated and strengthened the efforts we had already been making When Division TEACCH began to develop new methods to help autistic children and this is what was revolutionary actually to teach them to parents we could begin to heal So what seems and should seem ordinary and matter of fact about this book that it is a collection of ingenious solutions that parents have developed as responses to the continual challenges of living with autism feels to me more like a miracle It is not only that its nine chapters provide ingenious suggestions for dealing with the difficulties that arise in every aspect of daily life with an autistic person Each chapter illustrates the root principle of Division TEACCH collaboration between parents and professionals **For Parents**
