**Goose of Hermogenes** Ithell Colquhoun, 2025-08-05 A trance like feminist fairy tale of magic alchemy and the battle of the sexes for fans of Angela Carter Leonora Carrington and O Caledonia Britain's foremost surrealist painter puts a lushly visual spin on the Philosopher's Stone in her first ever novel In this modern fairy tale inspired by alchemy a nameless narrator is determined to protect the precious jewels in her possession from her uncle the Prospero like ruler of an island stronghold Locked in a battle of wills her uncle is equally determined to steal the jewels and use their power in his attempts to conquer death by magic Trapped in his house she must use guile strength and the knowledge unlocked by a series of dreamlike encounters to escape without becoming herself a victim of his dark rituals By the end of the novel she has passed through numerous stages of transformation discovered sexual ecstasy spoken with the dead and returned to where she began her family home Enchanted islands journeys across water myth magic and mystery define this narrative of twists and turns The Goose of Hermogenes which is another name for the philosopher's stone can transmute base metals into gold and confer eternal life Structured around the process of alchemical transformation rife with symbolic imagery hallucinatory trances and cries from the unconscious Colquhoun's novel is a feminist fable and its creator's supreme artistic vision **Surrealist**

**Sorcery** Will Atkin, 2023-08-10 Often regarded as an artistic movement of interwar Paris Surrealism comprised an international community of artists writers and intellectuals who have aspired to change the conditions of life itself over the course of the past century Consisting of a wide range of dedicated case studies from the 1920s to the 1970s this book highlights the international dimensions of the Surrealist Movement and the radical chains of thought that linked its followers across the globe from France to Romania and from Canada to the former Czechoslovakia From very early on the surrealists approached magic as a means of bypassing discrediting and combatting rationalism capitalism and other institutionalized systems and values that they saw to be constraining influences upon modern life Surrealist Sorcery maps out how this interest in magic developed into a major area of surrealist research that led not only to theoretical but also practical explorations of the subject Taking an international perspective Atkin surveys this important quality of the movement and how it's remained an important element in the surrealist project and its ongoing legacy **Surrealism and the Gothic** Neil

Matheson, 2017-08-07 Surrealism and the Gothic is the first book length analysis of the role played by the gothic in both the initial emergence of surrealism and at key moments in its subsequent development as an art and literary movement The book argues the strong and sustained influence not only of the classic gothic novel itself Ann Radcliffe Charles Maturin Matthew Lewis etc but also the determinative impact of closely related phenomena as with the influence of mediumism alchemy and magic The book also traces the later development of the gothic novel as with Bram Stoker's Dracula and its mutation into such works of popular fiction as the Fant mas series of Marcel Allain and Pierre Souvestre enthusiastically taken up by writers such as Apollinaire and subsequently feeding into the development of surrealism More broadly the book considers a

range of motifs strongly associated with gothic writing as with insanity incarceration and the accursed outsider explored in relation to the personal experience and electroshock treatment of Antonin Artaud A recurring motif of the analysis is that of the gothic castle developed in the writings of Andr Breton Artaud Sade Julien Gracq and other writers as well as in the work of visual artists such as Magritte

*I Saw Water* Ithell Colquhoun, 2015-01-09 Ithell Colquhoun 1906 1988 is remembered today as a surrealist artist writer and occultist Although her paintings hang in a number of public collections and her gothic novel *Goose of Hermogenes* 1961 remains in print critical responses to her work have been severely constrained by the limited availability of her art and writings The publication of her second novel *I Saw Water* presented here for the first time together with a selection of her other writings and images many also previously unpublished marks a significant step in expanding our knowledge of Colquhoun s work Composed almost entirely of material assembled from the author s dreams *I Saw Water* challenges such fundamental distinctions as those between sleeping and waking the two separated genders and life and death It is set in a convent on the Island of the Dead but its spiritual context derives from sources as varied as Roman Catholicism the teachings of the Theosophical Society Goddess spirituality Druidism the mystical Qabalah and Neoplatonism The editors have provided both an introduction and explanatory notes The introductory essay places the novel in the context of Colquhoun s other works and the cultural and spiritual environment in which she lived The extensive notes will help the reader with any concepts that may be unfamiliar

**Platonic Mysticism** Arthur Versluis, 2017-08-16 Restores the Platonic history and context of mysticism and shows how it helps us understand more deeply the humanities as a whole from philosophy and literature to art In *Platonic Mysticism* Arthur Versluis clearly and tautly argues that mysticism must be properly understood as belonging to the great tradition of Platonism He demonstrates how mysticism was historically understood in Western philosophical and religious traditions and emphatically rejects externalist approaches to esoteric religion Instead he develops a new theoretical critical model for understanding mystical literature and the humanities as a whole from philosophy and literature to art A sequel to his *Restoring Paradise* this is an audacious book that places Platonic mysticism in the context of contemporary cognitive and other approaches to the study of religion and presents an emerging model for the new field of contemplative science An important work on the mystical experience delving deep into its history particularly from the Platonic perspective An essential text for anyone interested in mysticism and its relationship to philosophy and creative expression

Andrew Newberg author of *How Enlightenment Changes Your Brain* *The New Science of Transformation* The present work the latest from the pen of Arthur Versluis provides a trenchant learned and illuminating analysis of the origins of Western mysticism in the Platonist tradition relayed through such figures as Plotinus and Dionysius the Areopagite down through Meister Eckhart and others while suitably excoriating the attempts of certain modern philosophers and sociologists of religion to deconstruct it from a materialist perspective I found it a rattling good read

*The Living Stones* Ithell Colquhoun, 2025-08-05 A classic travelogue by Britain's foremost female surrealist painter which immerses the reader in a dreamlike Cornwall where landscape and legend meet Her responses to the aura of place are keen and her eye for detail is excitingly sharp Sunday Times She is sensitive to the ways of wind and water the flowers and birds and trees Country Life In the midst of the 2nd World War surrealist painter Ithell Colquhoun withdraws from London to Cornwall searching for a studio and a refuge from the Blitz as well as from a shattered marriage So begins a profound and lifelong relationship with Britain's westernmost county It is a land of granite ridges and lush valleys surrounded by sea and steeped in myth where the ancient Celtic past makes contact with the present There she finds a hut with no running water or electricity and lovingly brings it to life creating a haven for her creative pursuits and slowly coming to think of these rivers hills and caves seen in every season as her true home Drawn to the sacred and the beautiful the wild and the weird Colquhoun writes about Cornwall as a living landscape where every tree standing stone and holy well is a palimpsest of folklore and perhaps a place where everyday reality connects to the world beyond In prose as gorgeously dreamlike as it is sharply witty this inimitable artist gives us a travelogue deeply attuned to natural rhythms local atmosphere and the eerie beauty of a place that is as much legend as it is water and rock

**Surrealism and the Occult** Nadia Choucha, 1992-10 Searching for a deeper understanding of the power and influence of surrealist art Nadia Choucha clearly confirms that many surrealists and their predecessors were steeped in magical ideas The Theosophical involvement of Kandinsky the visionary paintings of Salvador Dali the alchemy of Pablo Picasso and the shamanism of Max Ernst and Leonora Carrington all demonstrate the fundamental and dynamic impact of

magic and mysticism on surrealism Surrealist artists believed that society had much to learn from the unconditioned spontaneous forms of art produced by spiritual mediums children untutored artists and the insane In their attempt to tap the unconscious regions of the mind the surrealists borrowed imagery from alchemy the Tarot Gnosticism Tantra and other esoteric traditions and sought inspiration from ancient myths irrational thought and ethnic art Enhanced by both color and black and white reproductions of fine art Choucha's account explains the intimate connections between occult and surrealist philosophies and provides an essential key to the mysteries of the surrealist movement and the forces that give it life Back cover

British Women Artists Carolyn Trant, 2024-03-14 Consider for a moment the history of modern art in Britain you may struggle to land on a narrative that features very many women On this journey through a fascinating period of social change artist Carolyn Trant fills in some of the gaps in traditional art histories Introducing the lives and works of a rich network of neglected women artists British Women Artists sets these alongside such renowned presences as Barbara Hepworth Laura Knight and Winifred Nicholson In an era of radical activism and great social and political change women forged new relationships with art and its institutions Such change was not without its challenges and with acerbic wit Trant delves into the gendered make up of the avant garde and the tyranny of artistic isms In the decades after women won the vote in Britain the fortunes of women artists were shaped by war domesticity continued oppressions and spirited resistance Some succeeded in forging creative careers others were thwarted by the odds stacked against them Weaving devastating individual stories with playful critique British Women Artists reveals this hidden history

*The Quest*, 1929 Gothic Kernow: Cornwall as Strange Fiction Ruth Heholt, Tanya Krzywinska, 2022-01-11 Cornwall as Strange Fiction is focused on written and visual culture that is made in or made about Cornwall and where there is affinity with Gothic Cornwall and the Scilly Isles known as Kernow in the Cornish language have a special relationship with Gothic one that has been overlooked in the literature on regional Gothic In 1998 Avril Horner and Sue Zlosnik coined the term Cornish Gothic in relation to the work

of Daphne du Maurier Since then however there have been few discussions of the distinctive types of Gothic engendered by cultural and imaginative re creations of Cornwall or where it has played a generative role within creative practice Cornwall as Strange Fiction argues that a persistent imaginative romance with the peninsular has produced a specific and distinctive set of Gothic fictions and creative outputs that mark an exciting new departure in the discussion of regional and media aware Gothic studies Offering new insights into the relationships between place and Gothic this book aims to engender and encourage greater debate through our argument that Cornwall plays a potent role in the landscape of regional Gothic and argues that it needs to be considered more fully as a major catalyst in the Gothic imagination
