Educating Clergy Teaching Practices And Pastoral Imagination:

Educating Clergy Charles R. Foster, 2006 Based on extensive literary and field research involving surveys classroom observations and interviews with faculty students and administrators in Roman Catholic mainline and evangelical Protestant and Reform and Conservative Jewish seminaries *Educating Clergy* explores the influence of their historic traditions and academic settings in contemporary classroom and communal pedagogies The book describes elements in classroom pedagogies shared across these religious traditions that distinctively integrate the cognitive practical and normative apprenticeships to be found in all forms of professional education **Educating Clergy** ,2005 **Earthen Vessels** Daniel O. Aleshire, 2008-06-03 In *Earthen Vessels* Daniel Aleshire executive director of the Association for Theological Schools makes the case for the future of theological education in a personal and conversational essay Rather than using a historical or analytic approach Aleshire uses what he terms appreciative inquiry to identify the strengths of theological education and how they can support future work in the field By describing this work and its far reaching benefits he aims to inform school board members donors administrators and faculty who may be seeking to understand the bigger picture of their institutions Aleshire organizes the book into three parts The first makes the case for theological schools by describing the work they were intended to do and the contributions they make The second focuses on the nature of their work teaching learning and research Finally the third describes the partners who make this work possible Aleshire notes that much of the future of these schools will be framed by changes in these partners administration the church and the higher education community and the ways that schools change in response Amazon com **The Book of Resolutions of The United Methodist Church 2016** United Methodist Church, 2016-12-16 The Book of Resolutions provides models for applying an active faith to daily life in ways that can impact the world around us The new Book of Resolutions contains all current social policies adopted by the General Conference of The United Methodist Church Includes positions on more than 200 subjects organized into seven sections The Natural World The Political Community The Nurturing Community The World Community The Social Community The Economic Community Other Resolutions Fully indexed by resolution title Scripture reference and topic Available in English only *Open Minds, Devoted Hearts* Sarah Tauber, 2015-07-16 How do religious educators meaningfully engage adult learners How do they invite adults to begin a learning journey and inspire them to stay on it In an era of spiritual but not religious how can religious educators and clergy in particular respond to the yearnings of adults for connection wholeness and purpose *Open Minds Devoted Hearts* offers the examples of three outstanding congregational rabbis whose teaching answers that call to action Through innovatively incorporating biographical portraits and educational scholarship the book provides a comprehensive exploration of how the themes of narrative transformation and spirituality bring adult religious educators and learners into a powerful interactive educational process The portraits and accompanying analysis reveal how constructing personal meaning and building sacred community through study situates adult learning as a

dynamic centerpiece of an energized congregational life *Teaching Religion Using Technology in Higher Education* John Hilton III, 2018-03-19 This edited collection helps those teaching religion in higher education utilize technology to increase student learning both inside and outside of the classroom Recent times have seen major technological shifts that have important implications for how religion is taught at a post secondary level Providing multiple perspectives on a range of topics including social media use and interactive classroom learning this book presents a series of original case studies and insights on how technology can be used in religion classes in higher education to improve student learning *Glocal Theological Education* Bard Norheim, Shantelle Weber, 2024-06-14 This book presents a vision for Glocal Theological Education an invitation to rethink and reshape theological training in times of crisis The aim is to train theological judgment the ability to exercise sound judgment and practice discernment in the face of the different crises in the world of today like the climate crisis the changed role of the church and the challenge of youth citizenship It explores what has been learned from developing shared global learning within the framework of local learning communities in Norway South Africa and beyond The book also discusses key practices such as the combination of coteaching online and learning in local contexts and best practice research on other educational activities Contributors also reflect more theoretically on where how and what we can learn from crisis and how these theoretical insights can help us shape theological leaders for the future who can read the times **Higher Education: Handbook of Theory and Research** John C. Smart, Michael B. Paulsen, 2012-04-25 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on twelve general areas that encompass the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world *Educating Nurses* Patricia Benner, Molly Sutphen, Victoria Leonard, Lisa Day, 2009-10-30 The authors outline a clear vision of what nursing education can and should be and provide practical exemplars of how we can achieve this vision This is a call for us to work together as guardians of the discipline to assure that future nurses enter the health care system ready and able to meet the challenges ahead PAMELA M IRONSIDE director Center for Research in Nursing Education Indiana University The profession of nursing in the United States is at a significant moment Since the last national nursing education study almost forty years ago profound changes in science technology and the nature and settings of nursing practice have reshaped the field Yet schools have lagged behind in adapting to these changes Added to this the profession faces a shortage of nurses and nursing faculty To meet these challenges the authors assert that schools service providers and the profession must change They recommend four controversial yet essential changes that are needed to

transform nursing education A volume in The Carnegie Foundation for the Advancement of Teaching's Preparation for the Professions series the book discusses key topics for the future of the field and offers revolutionary recommendations for change *Exploring the Pressures of Medical Education From a Mental Health and Wellness Perspective* Smith, Christina Ramirez, 2017-10-31 Discussions surrounding mental health are becoming more prominent and these conditions are becoming less stigmatized Studying the effects that mental wellness has on students within the medical field can provide an insider perspective on this critical topic *Exploring the Pressures of Medical Education From a Mental Health and Wellness Perspective* is a critical reference source that examines the mental and emotional problems that arise with students practicing in the medical field Featuring relevant topics such as student burnout cognitive learning graduate education and curriculum development this scholarly publication is ideal for medical practitioners academicians students and researchers that are interested in staying apprised of the latest trends and developments relating to mental wellness [For Life Abundant](#) Dorothy C. Bass, Craig Dykstra, 2008-04-29 Bass and Dykstra have written extensively and collaboratively on Christian Practices arguing that the what Christians have done faithfully over time constitutes a life giving way of life and that this living of Christianity is more primary to what it means to be Christian than doctrinal confession that our confessions spring from faithful living rather than the other way around This book contains numerous essays that take up the question of Christian Practices and ministry the preparation of ministers theological education etc in a post Enlightenment understanding of the relationship of practice and head knowledge Because the book is the result of a community conversation it doesn't have a clear thesis but it models its conviction that reflection on theology arises from community conversation around our life in discipleship together An extremely helpful beginning to a conversation about ministry practices of faith clergy preparation etc as the time has come to integrate the kind of learning that comes in the classroom with the kind that only comes from living the faith with others Amazon.com *Artisanal Theology* Lisa M. Hess, 2009-01-15 Paradox and surprise face those who pursue deeper spiritual practice theological wisdom and even a religious calling into the ministry Unbeknownst to incoming students the pursuit of theological education in established institutions today furthers a faith that is recognizable in delight and compassion even as it may just as easily deform it into a moral duty and autonomous professionalism so divisive in today's religious ecology How may those drawn into ministry formation today receive its deep theological treasures and sustain a vibrant faith with a theologically expressive delight able to companion the suffering of self and others *Artisanal Theology* explores the paradoxes and surprises that await those walking in the worlds of theological education the local congregation the academy the tradition denomination Part handbook part witness it offers guidance for the path of intentional formation within contemporary institutions of theological education whose riches may be mined in a disciplined spiritual stewardship and grounded in radically covenantal companionship Just like artisanal bread blends the classical methods of bread baking with modern conveniences so an artisanal theology relies upon the personal and communal

touch of human relationship amidst the contemporary forms of programmatic theological education An artisanal theology offers an articulate and traditionally rooted faith perspective grounded in covenantal companionships sustained in contexts of church tradition and most importantly practice Ultimately an artisanal theology witnesses beyond the anticipated political divides to the Triune God among us known in a theologically expressive delight able to companion the suffering of self and others

The Oxford Handbook of Anglican Studies Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world

Handbook of Theological Education in World Christianity Dietrich Werner, David Esterline, Namsoon Kang, Joshva Raja, 2010-11-19 The Handbook of Theological Education in World Christianity is the first attempt to map and analyze developments in theological education on a global scale This volume with contributions from 98 leaders in theological education from around the world provides a comprehensive introduction to the major themes and contexts in the international discourse on theological education surveys of the issues and challenges faced in different regions and introductory essays on the developments in the major denominational families in World Christianity The editors are Dietrich Werner World Council of Churches Geneva David Esterline McCormick Theological Seminary Chicago Namsoon Kang Brite Divinity School Fort Worth and Joshva Raja Queen's Foundation Birmingham

Understanding and Developing Theological Education Bernhard Ott, 2016-01-31 Historically education has been driven from behind the history and above the educational institution Traditions and adherence requirements have led to inflexible models of school leadership that are focused on administration and rife with educational politics In contrast today's theological landscape needs institutions with a grassroots driven educational system looking to a future that is biblically and theologically grounded This publication an English translation from the original German focuses on the leadership and curriculum development required for such a paradigm shift Ott comprehensively assesses trends in current theological

education across the world with detailed reference to wider trends in global tertiary education Written primarily for those in leadership roles at theological schools and training institutions this handbook is an essential resource for equipping the next generation of leaders in theological education *From Vocational to Professional Education* Jens-Christian Smeby, Molly Sutphen, 2014-11-27 One of the most important routes to employment within the social welfare sector worldwide is higher education which equips students not only with the knowledge for employment but with the tools to use and build on this knowledge During the last few decades there has been an academic drift in professional education especially for many shorter professional programmes Many of these shorter programmes have left the realm of vocational education to enter higher education On the one hand graduates are confronted by an increased demand for research and evidence based knowledge and on the other they are criticised for lacking the knowledge and skills relevant for professional work *From Vocational to Professional Education* presents new research into programmes suggesting how best to prepare students for professional work and addresses the challenges facing the education of professionals for social welfare The book identifies and clarifies key problems as well as outlining the political and historical context in which they are embedded Chapters discuss theoretical and analytical ways to address these challenges and suggest recommendations for the further development of education for professional practice Based on comprehensive longitudinal research data the book will appeal to policy makers leaders of higher education and teachers and researchers involved in programmes qualifying students for professional work Religious Leadership Sharon Henderson Callahan, 2013-05-20 This 2 volume set within The SAGE Reference Series on Leadership tackles issues relevant to leadership in the realm of religion It explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more Topics are examined from multiple perspectives traditions and faiths Features Benefits By focusing on key topics with 100 brief chapters we provide students with more depth than typically found in encyclopedia entries but with less jargon or density than the typical journal article or research handbook chapter Signed chapters are written in language and style that is broadly accessible Each chapter is followed by a brief bibliography and further readings to guide students to sources for more in depth exploration in their research journeys A detailed index cross references between chapters and an online version enhance accessibility for today's student audience **The Wiley Blackwell Companion to Practical Theology** Bonnie J. Miller-McLemore, 2011-09-23 Through a series of essays contributed by leading experts in the field *The Wiley Blackwell Companion to Practical Theology* presents an introduction to practical theology as a major area of Christian study and practice including an overview of its key developments themes methods and future directions The first comprehensive reference work to provide a survey description and analysis of practical theology as an area of study A range of leading scholars in the field provide original contributions on the major areas issues and figures in practical theology Reviews an extensive range of methods for studying theology in

practice along with sub disciplines in theological education such as pastoral care and preaching Covers developments in the discipline in a range of global contexts and distinct Christian traditions Shows how practical theology is relevant to everyday life

Common Worship in Theological Education Siobhán Garrigan,Todd Eric Johnson,2010-01-01 What is the place of corporate worship in theological education Certainly it is not unexpected to have ministry students attending seminary chapel but what are the expectations for the students who attend chapel Is it to form their liturgical sensibilities into conformity with a particular worship tradition or style Or is it to provide a safe place to try things that one would be reluctant to experiment with in congregational worship Although common worship for ministry students is almost a given in all theological schools there are few common understandings about its goals and purposes Common Worship in Theological Education is the first book to address the theological pedagogical and political issues involved in the planning and execution of seminary chapel It offers voices from across the theological and ecumenical spectrum about chapel as well as involving multiple disciplines in the conversation This volume provides the first comprehensive survey of the worship issues at stake in seminary education today The essays in this collection provide the foundation for a productive conversation within a seminary faculty or among colleagues within a theological discipline This volume makes the case that the chapel ought to have a seat at the table when the education mission of a theological school is being discussed So pull up a chair and prepare for a fascinating conversation

Educating in Ethics Across the Professions Richard M. Jacobs,2022-08-01 Educating in Ethics for the Professions A Compendium of Research Theory Practice and an Agenda for the Future offers a state of the art discussion on the part of applied professional ethics educators who describe the teaching of ethics for their professions and who collectively represent a wide ranging array of professions The volume begins with an overview of the topics contested ideas and challenges confronting applied ethics educators across the generations providing a foundation from which the concept of ethics education as an integral formation frames each contributor's historical overview identifying how research theory and practice have evolved in each profession to this day These discussions then turn to the topics contested ideas and challenges emerging in contemporary discourse Each discussion culminates with suggestions regarding what ethics educators must consider for the future The volume closes with a synthesis of the commonalities among and differences between the discussions representing diverse professional perspectives yet framing this history as well as identifying an agenda for teaching applied ethics in the future
