Educational Subnormality A Study In Decision Making:

Educational Subnormality Sally Tomlinson, 2018-09-03 First published in 1981 Based on a three year study of children moving into special ESN M education in an English city in the mid 1970s this book questions the whole concept of mild educational subnormality by examining the criteria according to which professionals make decisions to place children within this stigmatised category It suggests that the beliefs that the professionals hold about the behavioural family and class characteristics of the children help to determine their judgements and that these beliefs are related to their own position within the social structure

Race, Class and Education (RLE Edu L) Len Barton, Stephen Walker, 2012-05-04 One problem which continues to absorb social scientists is the way in which so much social deprivation stems from racial or class status The discussion in this book is developed in two ways firstly careful attention is given to an examination of the way minority groups create and maintain collective identities and action Secondly the relationship between this movement and such topics as racism in schools schooling unemployment and West Indian involvement in sporting rather than academic activities is analysed together with the nature of the educational experience of different class and gender groups

A Sociology of Special and Inclusive Education Sally Tomlinson, 2017-02-24 A Sociology of Special and Inclusive Education brings sociological perspectives to bear on the social political and economic policies and practices that comprise special and inclusive education and the education of lower attainers Increasingly governments have accepted the premise that education should incorporate all social and ethnic groups especially those regarded as having special educational needs disabilities and difficulties in learning but despite a plethora of literature on special and inclusive education world wide governments are still unsure of the reasons for this sector's expansion in their national education systems Professor Tomlinson applies critical sociological perspectives to the social processes policies and practices that comprise special and inclusive education particularly in England and the USA She clearly examines the way in which people or groups exercise power and influence to shape this area of education and discusses the conflicts of interest that arise in resulting social interactions and relationships Key questions asked include Why and how has a whole sector of education dealing with young people regarded as having learning difficulties low attainments behaviour problems or disabilities developed How have special education programmes and resources become subsumed into variations of inclusive education Why have ideological beliefs in hierarchies of ability limits to learning potential and IQ as measurement continued to legitimate the treatment of young people What happens to young people after their special included or lower attainers programmes in terms of work and life chances A Sociology of Special and Inclusive Education will be of interest to a wide range of educators professionals practitioners and policy makers concerned with special inclusive and vocational education in addition to undergraduate post graduate and research students and academics

The Sociology of Disability and Inclusive Education Madeleine Arnot, 2013-09-13 Len Barton's intellectual and practical contribution to the sociology of disability and education is highly significant and widely known The leading

scholars in this collection including his long term collaborators offer both a celebration and a reassessment of this contribution addressing the challenge that the social model of disability has presented to dominant medicalised concepts categories and practices and their power to define the identity and the lives of others At the same time the authors build upon some of the key themes that are woven through Len Barton s work such as his call for a politics of hope This collection explores a wide range of topics including difference as a field of political struggle the relationship of disability studies disabled people and their struggle for inclusion radical activism organic intellectuals and the disability movement discrimination exclusion and effective change inclusive education the politics of hope resilience and transformative actions universal pedagogy human rights and citizenship debates The Sociology of Disability and Inclusive Education highlights Len Barton s humane vision of academic work of the nature of an inclusive and non discriminatory society of the role of an education system which addresses the rights and potential of all participants It indicates how such a society could be achieved through the principles of social inclusion human rights equity and social justice This book was originally published as a special issue of the British Journal of Sociology of Education
