## **Guns Off Gloucester:**

*Guns Off Gloucester* Joseph E. Garland, 1975      *Fitz H. Lane* James A. Craig, 2006-08-01 Fitz H Lanes maritime masterpieces are known throughout the world but the man himself has eluded both historians and art critics for over a century The Luminist painters successful career began in his early childhood in picturesque Gloucester Massachusetts and his talents developed and matured over time making him one of the nations premier nineteenth century artists Throughout his career Lane painted with a vitality and attention to detail that was purely American at heart and it is in pursuit of this ideal that James Craig embarks on a detectives investigation to reconstruct with accuracy and honesty the details of a man about whom much has been written but little revealed Few clues remain today about the artist who so thoroughly embodied the American spirit during one of humanitys most dramatic and confusing historical epochs Lanes era was one of great change for America and both he and his art were there to capture that spirit This dazzling and exhaustive effort provides the first glimpse behind the canvas beyond the career and into the soul of Fitz H Lane Passionate stunning and thrilling this is a narrative that returns life and color to a man intent on preserving and presenting the life of the culture he loved James Craig has given Gloucester back one of her favorite sons      **The Fisherman's Son** Joseph M. Orlando, 2004-05-27 The Fisherman s Son set on the rustic and rocky coast of Gloucester New England s oldest seaport is a tale of legal and emotional conflict passion and a peoples quest for justice John Palermo Sicilian by birth was sent by his dying Papa alone and terrified at the tender age of ten to live with the Amicos in Gloucester Accepted by a loving family and taken in by a community wedded to the sea John grew to cherish and finally to defend his people against those forces who would steal their rights and their dignity The Fisherman s Son is a legal thriller with riveting courtroom confrontations where good and evil stand in stark contrast It is also a love story in depths both tender and compelling      **Twin Lights of Thacher Island, Cape Ann** Paul St. Germain, 2010-05-03 Thacher Island was named for Anthony Thacher who in 1635 lost his four children and other family members in a shipwreck during the most severe storm to ever hit the Massachusetts coast Only Anthony and his wife Elizabeth survived The lighthouses have played an important role in several wars including the Revolutionary War and World Wars I and II when the navy established a radio compass station to protect the coast from enemy submarines A ship bearing a U S president almost wrecked on Thacher Island and the island was used as a witness protection site for a Mafia criminal Twin Lights of Thacher Island Cape Ann captures the history adventures and intimate stories from over 200 years of lighthouse keepers living on the island including how the two towers were built and how scientific discoveries were applied to improve the lights over the years      *Behind the Guns with American Heroes* James William Buel, 1899      **Empire of Guns** Priya Satia, 2018-04-10 NAMED ONE OF THE BEST BOOKS OF 2018 BY THE SAN FRANCISCO CHRONICLE AND SMITHSONIAN MAGAZINE By a prize winning young historian an authoritative work that reframes the Industrial Revolution the expansion of British empire and emergence of industrial capitalism by presenting them as inextricable from the gun trade

A fascinating and important glimpse into how violence fueled the industrial revolution Priya Satia's book stuns with deep scholarship and sparkling prose Siddhartha Mukherjee Pulitzer Prize winning author of *The Emperor of All Maladies* We have long understood the Industrial Revolution as a triumphant story of innovation and technology *Empire of Guns* a rich and ambitious new book by award winning historian Priya Satia upends this conventional wisdom by placing war and Britain's prosperous gun trade at the heart of the Industrial Revolution and the state's imperial expansion Satia brings to life this bustling industrial society with the story of a scandal Samuel Galton of Birmingham one of Britain's most prominent gunmakers has been condemned by his fellow Quakers who argue that his profession violates the society's pacifist principles In his fervent self defense Galton argues that the state's heavy reliance on industry for all of its war needs means that every member of the British industrial economy is implicated in Britain's near constant state of war *Empire of Guns* uses the story of Galton and the gun trade from Birmingham to the outermost edges of the British empire to illuminate the nation's emergence as a global superpower the roots of the state's role in economic development and the origins of our era's debates about gun control and the military industrial complex that thorny partnership of government the economy and the military Through Satia's eyes we acquire a radically new understanding of this critical historical moment and all that followed from it Sweeping in its scope and entirely original in its approach *Empire of Guns* is a masterful new work of history a rigorous historical argument with a human story at its heart

**Saving Straitsmouth Island** Paul St. Germain, 2020-07-20 Just off the coast of Rockport Straitsmouth Island has enjoyed a noteworthy history that belies the island's small size From the Pawtucket Indians who summered there more than one thousand years ago to its discovery by famous explorers Samuel de Champlain and Captain John Smith in the seventeenth century it has seen fishermen shipwrecks and piracy From 1835 to 1935 three lighthouses were built all with fascinating stories of the keepers and their families Thanks to tireless restoration efforts by the Thacher Island Association and Massachusetts Audubon Society the island was opened to the public for the first time in 180 years Local historian Paul St Germain details the rich history of this unique New England treasure and the efforts to preserve both its structures and natural beauty

United States navy dept, 1898 **For King and Country** Oliver Ma, 2013-04-05 When Charles the Prince of Wales departed on a trip north to confront the rebellious Scottish Noble Archibald Argyll he realizes the British Isles were neither as prosperous nor as loyal as he had thought and that he must begin to lighten his father's load or lose the Stuart throne in a Civil War In the 87 000 word historical fiction *For King or Country* Prince Charles Stuart seemed to have his future laid out for him when he was the heir apparent to the English Throne and his father ruled over a prosperous and united British Isles

Then a religious discord originating from Scotland uprooted old sentiments between the English Parliament and the English Crown evolving into a rebellion that threatened to encompass Charles's entire world. In a tale of trials and hardships, Charles must persist through his humility and find his new place in society in order to have any chance of becoming the King of England.

**Black Flags, Blue Waters: The Epic History of America's Most Notorious Pirates** Eric Jay Dolin, 2018-09-18

With surprising tales of vicious mutineers, imperial riches, and high seas intrigue, *Black Flags, Blue Waters* is rumbustious enough for the adventure-hungry Peter Lewis. Set against the backdrop of the Age of Exploration, *Black Flags, Blue Waters* reveals the surprising history of American piracy's Golden Age, spanning the late 1600s through the early 1700s, when lawless pirates plied the coastal waters of North America and beyond. Deftly blending scholarship and drama, Richard Zacks' best-selling author Eric Jay Dolin illustrates how American colonists at first supported these outrageous pirates in an early display of solidarity against the Crown and then violently opposed them. Through engrossing episodes of roguish glamour and extreme brutality, Dolin depicts the star pirates of this period, among them the towering Blackbeard, the ill-fated Captain Kidd, and sadistic Edward Low, who delighted in torturing his prey. Upending popular misconceptions and cartoonish stereotypes, *Black Flags, Blue Waters* is a tour de force history.

*Malta Convoys* David A. Thomas, 1999-12-31

In *Malta Convoys*, David Thomas, the distinguished naval historian, gives a fascinating account of the vital battles fought by sea and air to ensure that essential supplies got through. He vividly describes the appalling cost in men and ships. Here is an important contribution to naval history in the Second World War and at the same time a rattling good read.
