**From Creation to Abraham** John Day, 2021-11-18 John Day investigates disputed points of interpretation within Genesis 1-11 expanding on his earlier book From Creation to Babel with 11 stimulating essays Day considers the texts within their Near Eastern contexts and pays particular attention to the later history of interpretation and reception history Topics covered include the meaning of the Bible's first verse and what immediately follows as well as what it means that humanity is made in the image of God Further chapters examine the Garden of Eden the background and role of the serpent and the ambiguous role of Wisdom the many problems of interpretation in the Cain and Abel story as well as what gave rise to this story how the Covenant with Noah and the Noachic commandments though originally separate became conflated in some later Jewish thought and the location of Ur of the Chaldeans Abraham's alleged place of origin and how this was later misinterpreted by Jewish Christian and Islamic sources as referring to a fiery furnace of the Chaldeans These chapters which illuminate the meaning background and subsequent interpretation of the Book of Genesis pave the way for Day's forthcoming ICC commentary on Genesis 1-11
