Edinburgh An Illustrated Architectural Guide:

Edinburgh Charles McKean,1992 Edinburgh ,1996 Edinburgh Charles McKean,1983 **The Rough Guide to Edinburgh** Donald Reid,2002 This pocket handbook to Scotland's capital contains informed accounts of all the city's historic buildings galleries and attractions from the ancient Castle to the new National Museum of Scotland The guide includes the pick of the day trips from Glasgow Stirling and St Andrews to Highland walks and sandy beaches **'Greek' Thomson** Gavin Stamp,2019-08-07 No detailed description available for Greek Thomson **Military History of Scotland** Spiers Edward M. Spiers,2014-07-11 The Scottish soldier has been at war for over 2000 years Until now no reference work has attempted to examine this vast heritage of warfare A Military History of Scotland offers readers an unparalleled insight into the evolution of the Scottish military tradition This wide ranging and extensively illustrated volume traces the military history of Scotland from pre history to the recent conflict in Afghanistan Edited by three leading military historians and featuring contributions from thirty scholars it explores the role of warfare in the emergence of a Scottish kingdom the forging of a Scottish British military identity and the participation of Scots in Britain's imperial and world wars Eschewing a narrow definition of military history it investigates the cultural and physical dimensions of Scotland's military past such as Scottish military dress and music the role of the Scottish soldier in art and literature Scotland's fortifications and battlefield archaeology and Scotland's military memorials and museum collections **Aberdeen** Wa Brogden,1988 A City's Architecture William Alvis Brogden,2016-12-05 When considering the successful design of cities the focus tends to be on famous examples such as Paris or Rome with equally successful but smaller and more remote examples being ignored In addition the more diffuse patterns of settlement of the north and western parts of Europe are hardly considered at all in comparison to the tightly formed urban centres of the Mediterranean However the diffuse town region is typical of our time whatever the location By analysing the development of a successful small city of ancient foundation which grew from a diffuse long settled and dense landscape then demonstrated a slow growth as a tight urban form before an early adoption of the designed landscape as town lessons can be learned These lessons may be useful in addressing the nature and growth of any city or city region The story of Aberdeen is just such an example Not only are the materials for its long history present its relations and concerns with the wider world are also well attested and many of the ideas which directed or significantly impinged on the design of cities were tested there or had their origin there As its form accumulated and developed over such a long time Aberdeen also suggests the idea of an architecture of the city This book examines the development and design of a city from three inescapable aspects its location and character of the landscape its own particular history of development and its cultural responses to various waves of thought **The Making of Our Urban Landscape** Geoffrey Tyack,2022 The fruit of a lifetime's study Geoffrey Tyack's new book offers an expert survey of Britain's urban history from the Romans to the present day A brilliant example of learning worn lightly it takes the reader on a fascinating tour of towns across the country

The Making of Our Urban Landscape is entertaining and enlightening in equal measure It s important too as we confront difficult decisions about our urban future Book jacket The Hero Building Johnny Rodger,2016-03-09 Why was it that across Scotland over the last two and a half centuries architectural monuments were raised to national heroes Were hero buildings commissioned as manifestations of certain social beliefs or as a built environmental form of social advocacy And if so then how and why were social aims and intentions translated into architectural form and how effective were they A tradition of building architectural monuments to commemorate national heroes developed as a distinctive feature of the Scottish built environment As concrete manifestations of powerful social and political currents of thought and opinion these hero buildings make important statements about identity the nation and social history The book examines this architectural culture by studying a prominent selection of buildings such as the Burns monuments in Alloway Edinburgh and Kilmarnock the Edinburgh Scott Monument the Glenfinnan Monument and the Wallace Monument in Stirling They give testimony to how a variety of architectural forms and styles can be adapted through time to bear particular social messages of symbolic weight This tradition which literally allows us to dwell on important social issues of the past has been somewhat neglected in serious architectural history and heritage and indeed one of the main monuments has already been destroyed By raising awareness of this rich architectural and social heritage while analysing and interpreting the buildings in their historical context this book makes an exciting and original scholarly contribution to the current debates on identity and nationality taking place in Scotland and the wider UK **The Trials of Mary Johnnsdaughter** Christine De Luca,2022-06-15 A cold sweat had spread over Mary as she listened What she was hearing was sounding ever more like a premonition adultery was nearly as bad as murder Shetland 1773 a land of hand to mouth living and tight community ties overshadowed by the ever watchful eye of the kirk an institution run by auld men for auld men In this fictionalised retelling of historical events young Waas lass Mary Johnnsdaughter stands accused of having sinned in the eyes of the church after the Batchelor a ship bursting with emigrants seeking new lives in North Carolina is left stranded upon Shetland s shores Will she survive the humiliation Will she become an outcast Will one moment cost her everything A tale of Shetland folk knit out of Shetlandic voices and real parish records The Trials of Mary Johnnsdaughter pits the bonds of friends and family against the grip of the kirk Only one thing is clear then as now Hit s no aesy livin in a peerie place Donald Ross and the Highland Clearances Andrew Ross,2023-06-15 A remarkable new analysis of the shameful Highland clearances through the experience and effective defiance of one man

Arran Thorbjorn Campbell,2013-05-13 Arran is an archaeological and geological treasure trove of stunning scenic beauty Its history stretches back to the great stone circles more than 5 000 years old whose remnants still decorate the plains of Machrie Runic inscriptions tell of a Viking occupation lasting centuries Later in 1307 King Robert the Bruce began his triumphant comeback from Arran Subsequently the island was repeatedly caught up and devastated in the savage dynastic struggles of medieval Scotland After the 1707 Parliamentary Union came a new and strange upheaval unwarlike but equally

unsettling Arran became a test bed for the new theories of the ideologists of the Industrial Revolution The ancient runrig style of farming gave way to enclosed fields and labour saving methods which eventually lead to the socially disastrous Highland Clearances to Arran and the misfortune of the times was culminated by the Great Irish Potato Famine of 1845 At last the area began to settle down through an increasingly stable mixture of agriculture and tourism in the 19th and 20th centuries In this book Thorbjorn Campbell gives an original fascinating and comprehensive account of Arran s long and eventful history

When The Clyde Ran Red Maggie Craig,2018-03-08 This social history chronicles the protest movements of early 20th century Glasgow and Western Scotland A moving story told with enthusiasm Sunday Herald UK When the Clyde Ran Red paints a vivid picture of the heady days when revolution was in the air of Glasgow and surrounding areas along the River Clyde Through the bitter strike at the Singer Sewing machine plant in Clydebanks in 1911 Bloody Friday in Glasgows George Square in 1919 the General Strike of 1926 and on through the Spanish Civil War to the Clydebanks Blitz of 1941 the people fought for the right to work the dignity of labor and a fairer society for everyone The Red Clydeside movement took hold in a Glasgow where overcrowded tenements stood no distance from elegant tea rooms dance halls and art galleries The River Clyde was also home to the famous artists of the Glasgow Style and exhibitions showcasing the wonders of the age Political idealism and artistic creativity were matched by industrial productivity especially in ship and locomotive building In this book Maggie Craig situates the politics of the time in the broader historical context telling a story of social change and human drama

Scotland David M. Munro,Bruce M. Gittings,Royal Scottish Geographical Society,2006 This is the first comprehensive guide to Scotland since the 19th century produced on behalf of the Royal Scottish Geographical Society It is remarkable that in this age of information there is no up to date guide to the places of Scotland That situation is about to be remedied with the publication of Scotland An Encyclopedia of Places and Landscape edited by Dr David Munro Director of the Royal Scottish Geographical Society and Bruce Gittings of the University of Edinburgh This authoritative comprehensive gazetteer will include over 8 500 entries on cities towns and villages mountains lochs and rivers visitor attractions and monuments throughout the nation Each entry places its subject in an appropriate historical geological or environmental context providing essential information of interest to a wide range of potential users The book starts with an introductory essay on the Landscapes of Scotland There is also an extensive glossary of terms including Gaelic words incorporated into many place names and a detailed bibliography Street plans are provided for over 100 main towns and cities as are maps of each administrative area spread throughout the book There is a fully indexed full colour atlas providing a wealth of extra cartographic information

Up-helly-aa Callum G. Brown,1998 Up Helly Aa is Europe s largest and most spectacular winter fire festival In the biting Arctic wind on the last Tuesday of every January a Guizer Jarl leads one thousand men in guising costumes with flaming torches through the streets of Lerwick the capital of the Shetland Isles accompanying a Viking galley to its ceremonial burning

Whaur Extremes Meet Catriona M.M. MacDonald,2009-10-30 On the cusp of

memory and history the story of Scotland's twentieth century is contested territory international yet parochial prosperous yet ailing and passionate yet temperate This thematic account of Scotland's twentieth century examines the economic social political and cultural aspects that shaped the country during the period Catriona MacDonald underlines the tensions inherent in the life of a nation distinguished by stark changes and surprising continuities a fragmented identity a shifting and at times uneasy accommodation in the UK nation state and an ongoing engagement with globalising tendencies In identifying the choices ambitions possibilities and contradictions that Scotland experienced during a century of profound change she uncovers a country in which one can truly say extremes met

St Cuthbert's Way Mary Low, 2019-05-10 There's nothing like putting one foot in front of the other day after day in all weathers for getting you in touch with the things that really matter St Cuthbert's Way runs from Melrose in the Scottish Borders to Lindisfarne Holy Island off the coast of Northumberland This book designed as a Pilgrims companion presents Information essential for walking the Way A field guide to places of interest along the route An introduction to St Cuthbert and his world Songs meditations and stories Ideas and resources for a contemporary pilgrimage experience

Tourism in Peripheral Areas Frances Brown, Derek Hall, 2000-08-31 There has been little research on tourism in those European countries or regions which lie outside the continent's main centres of production and population even though tourism may be one of the few economic options open to them This volume aims to fill a gap by presenting a range of case studies including northern Sweden the Orkneys the tip of Norway and northern Cyprus on tourism in the peripheral areas of Europe Taking as a leitmotiv the paradoxes inherent in developing places whose very attraction may lie in their lack of development the case studies investigate and illustrate both the opportunities and the threats that tourism presents to peripheral areas Although they share certain similarities the cases also demonstrate differing approaches to tourism development and varying outcomes over time They suggest solutions for dealing with for example community participation as well as providing practical insights into visitor perceptions of peripheral areas and into ways of marketing such areas in a sensitive manner Together they provide a picture of the needs of peripheral areas and of how far and how best tourism can fulfil those needs

Natural History Societies and Civic Culture in Victorian Scotland Diarmid A. Finnegan, 2016-09-12 The relationship between science and civil society is essential to our understanding of cultural change during the Victorian era Science was frequently packaged as an appropriate form of civic culture inculcating virtues necessary for civic progress In turn civic culture was presented as an appropriate context for enabling and supporting scientific progress Finnegan's study looks at the shifting nature of this process during the nineteenth century using Scotland as the focus for his argument Considerations of class religion and gender are explored illuminating changing social identities as public interest in science was allowed even encouraged beyond the environs of universities and elite metropolitan societies
