Writing Up

Qualitative Research Harry F. Wolcott, 2001-05-23 Harry Wolcott's book is one of those little must-have must-read gems. The voice of experience is unmistakable. It's great fun to read and chock-full of helpful how-to advice. H. Russell Bernard, University of Florida and author of *Social Research Methods*. How do you select what to write up from all the qualitative data that has been collected? How can you best tell the story of your study? Harry F. Wolcott has thoroughly revised the book that has provided a solution to this conundrum as well as inspired thousands of readers with their writing. Using lively examples and friendly tips gleaned from his own and other researchers' experiences and a warm, reflective and remarkably candid writing style, Wolcott offers readers suggestions for when and where to begin, how to keep the momentum going once writing is underway, suggestions for tightening things up, alternatives for handling questions of theory and method, how to proceed with the mechanics of preparing a manuscript from the table of contents to the index, and how to get published. Designed in a new format to make it easier to locate and review key ideas, this second edition has been completely updated and expanded to include features such as Chapter 4 on Linking Up. Provides readers with thoughtful guidelines as to how and where to use theory, how much needs to be said about method, and some thoughts about the traditional literature review. Applications Give readers the opportunity to put into practice some of Wolcott's tips to improve or jump-start their own writing. Bulleted Reviews Highlight the key points to remember from each chapter. Subject and author indexes for easy reference. Read the book that will not only enable you to better tell the story of your research but will inspire you to write that dissertation article or book and incorporate writing into its essential place as part of a professional research career. Written in an easy-to-read conversational tone. *Writing up Qualitative Research* is useful and interesting and will be an important aid to graduate students working on their dissertations. It will also enable recent doctorates who accept university positions to advance in their profession through writing and publishing. From review of First Edition in *Harvard Educational Review*. Recommended reading for anyone out there despairing of ever starting to turn that pile of transcripts into written form and indeed for all those lucky enough to have already started. From review of First Edition in *Social Research Association News*. Writing Local History Today Thomas A. Mason, J. Kent Calder, 2024-06-02 *Writing Local History Today* guides local historians through the process of researching, writing, and publishing their work. Thomas A. Mason and J. Kent Calder present step-by-step advice to guide aspiring authors to a successful publication and focus not only on how to write well but also how to market and sell their work. Highlights include: Discussion of how to identify an audience for your writing project; Tips for effective research and planning; Sample documents such as contracts and requests for proposals; Tips and guidance for working with publishers; Discussion of how to use social media to leverage your publication; Discussion of the benefits and drawbacks to self-publishing. The second edition updates literature databases and websites in the field. This guide is useful for first-time authors who need help with this sometimes daunting process or for previously published historians who need a quick reference or timely tips. **Public History** Thomas Cauvin, 2016-05-20 *Public History: A Textbook of Practice* is a guide to the many

challenges historians face while teaching learning and practicing public history Historians can play a dynamic and essential role in contributing to public understanding of the past and those who work in historic preservation in museums and archives in government agencies as consultants as oral historians or who manage crowdsourcing projects need very specific skills This book links theory and practice and provides students and practitioners with the tools to do public history in a wide range of settings The text engages throughout with key issues such as public participation digital tools and media and the internationalization of public history Part One focuses on public history sources and offers an overview of the creation collection management and preservation of public history materials archives material culture oral materials or digital sources Chapters cover sites and institutions such as archival repositories and museums historic buildings and structures and different practices such as collection management preservation archives objects sounds moving images buildings sites and landscape oral history and genealogy Part Two deals with the different ways in which public historians can produce historical narratives through different media including exhibitions film writing and digital tools The last part explores the challenges and ethical issues that public historians will encounter when working with different communities and institutions Either in public history methods courses or as a resource for practicing public historians this book lays the groundwork for making meaningful connections between historical sources and popular audiences

Settling the Valley, Proclaiming the Gospel Reid L. Neilson, Nathan N. Waite, 2017-02-01 The Mormons had just arrived in Utah after their 1 300 mile exodus across the Great Plains and over the Rocky Mountains Food was scarce the climate shocking in its extremes and local Indian bands uneasy Despite the challenges Brigham Young and his counselors in the First Presidency sent church members out to establish footholds throughout the Great Basin But the church leaders felt they had a commission to do more than simply establish Zion in the wilderness they had to invite the nations to come up to the mountain of the Lord s house In these critical early years when survival in Utah was precarious missionaries were sent to every inhabited continent The 14 general epistles sent out from the First Presidency from 1849 to 1856 provide invaluable perspectives on the events of Mormon history as they unfolded during this complex transitional time Woven into each epistle are missionary calls and reports from the field giving the Mormons a glimpse of the wider world far beyond their isolated home At times the epistles are a surprising mixture of soaring doctrinal expositions and mundane lists of items needed in Salt Lake City such as shoe leather and nails **Settling the Valley Proclaiming the Gospel** collects the 14 general epistles with introductions that provide historical religious and environmental contexts for the letters including how they fit into the Christian epistolary tradition by which they were inspired

Collected Writings of Charles Brockden Brown Charles Brockden Brown, 2013-04-18 The Letters and Early Epistolary Writings of Charles Brockden Brown gathers and presents for the first time the complete extant correspondence of a key American author along with early manuscript fictions never before published and new scholarly work contextualizing and exp

minor sites in the Messina province from Italy's Unification to the end of the First World War 1861-1918 **Continuing Education for Librarians** Carol Smallwood, Kerol Harrod, Vera Gubnitskaia, 2013-02-26 It is an exciting time to be a librarian. Advances in technology have let libraries expand far beyond walls and lead the way in information delivery while transforming the physical library into a place where customers can connect to information in new ways. It is also a challenging time to be a librarian. With continual change as the new normal, staying current can seem overwhelming. Even as they face budget shortfalls and staff reductions, librarians are tasked with finding the time and resources to keep abreast of rapid changes. This book offers a cornucopia of practical advice about how to acquire new skills and formal and informal credentials through all stages of a career. The 27 essays cover formal and online education, conferences, fellowships, workshops, networking, teaching, mentoring, balancing personal with professional lives, and money matters, and are filled with practical, honest, and real-world advice. *Annual Report - National Historical Publications and Records Commission* United States.
