The Contemporary Superintendent Lars G. Bjork, Theodore J. Kowalski, 2005-06-28. The role, practice and preparation of today and tomorrow's superintendent. A strong superintendent is critical to the success of an entire school district. So why is it one of the most deregulated positions? Over the past several decades, many states have either rescinded licensing requirements for school district superintendents or abandoned regulations altogether. *The Contemporary Superintendent* offers a scholarly and objective analysis of the issues surrounding the state policies that appoint superintendents. Lars G. Bjork and Theodore Kowalski have developed a coherent guide to critical professional aspects such as superintendent licensure, professional preparation and staff development. Featuring the research of educational leadership specialists, this resource is not to be missed. *The Contemporary Superintendent* includes Quality Strategies by the field's top scholars to implement decisive practices for superintendents. Detailed analysis of the concerns over superintendent qualifications and preparations. An examination of past, present and future practices of superintendents. A distinct look at the evolution of the role of the superintendent. Developed over a three-year period, the authors have compiled a collection of useful, hands-on strategies for aspiring and existing superintendents as well as ideas for adoption in the educational administration, leadership, professional development and educational policy areas.
