

Dogs & Cats OF THE WORLD

What is the purpose of the study? The purpose of the study was to determine the effect of a 12-week, low-intensity, supervised walking program on the physical and psychological health of older adults with mild cognitive impairment (MCI).

Why is this study important? This study is important because it provides evidence that a low-intensity walking program can improve physical and psychological health in older adults with MCI, which may help to delay or prevent the onset of dementia.

How was the study conducted? The study was conducted using a randomized controlled trial design. Participants were randomly assigned to either a walking program or a control group. The walking program consisted of 12 weeks of supervised walking at a low intensity (30-40% of maximum heart rate) for 30 minutes, 3 times per week. The control group received no intervention.

What were the results of the study? The results of the study showed that the walking program had a significant positive effect on physical and psychological health in older adults with MCI. Participants in the walking program showed significant improvements in gait speed, balance, and mood compared to the control group.

What are the implications of the study? The implications of the study are that a low-intensity walking program may be a safe and effective intervention for older adults with MCI to improve physical and psychological health. Further research is needed to determine the long-term effects of the program and to explore the underlying mechanisms of the improvements.

From the Mouths of Dogs B.J. Hollars, 2015-11-01 What is it that dogs have done to earn the title of man's best friend? And more broadly, how have all of our furry, feathered, and four-legged brethren managed to enrich our lives? Why do we love them? What can we learn from them? And why is it so difficult to say good-bye? Join B.J. Hollars as he attempts to find out, beginning with an ancient dog cemetery in Ashkelon, Israel, and moving to the present day. Hollars's firsthand reports recount a range of stories: the arduous existence of a shelter officer; a woman's relentless attempt to found a senior dog adoption facility; a family's struggle to create a one-of-a-kind orthotic for its bulldog; and the particular bond between a blind woman and her Seeing Eye dog. The book culminates with Hollars's own cross-country journey to Hartsdale Pet Cemetery, the country's largest and oldest pet cemetery, to begin the long overdue process of laying his own childhood dog to rest. Through these stories, Hollars reveals much about our pets, but even more about the humans who share their lives, providing a much-needed reminder that the world would be a better place if we took a few cues from man's best friends. *Concise Encyclopedia of Special*

Crippling Girlhood Anastasia Todd, 2024-05-27 Crippling Girlhood offers a new theorization of disabled girlhood tracing how and why representations of disabled girls emerge with frequency in twenty first century U S media culture It uncovers how the exceptional figure of the disabled girl most often appears as a resource to work through post Americans with Disabilities Act ADA anxieties about the family healthcare labor citizenship and the precarity of the bodymind In paying critical attention to disabled girlhood the book uses feminist disability studies to rupture the unwitting assumption in girls studies that girlhood is necessarily non disabled By closely examining the ways that disabled girls represent themselves Anastasia Todd goes beyond a critique of the figure of the privileged disabled girl subject in the national imagination to explore how disabled girls circulate their own capacious re envisioning of what it means to be a disabled girl In analyzing a range of cultural sites including YouTube TikTok documentaries and GoFundMe campaigns Todd shows how disabled girls actively upend what we think we know about them and their experience recasting the meanings ascribed to their bodyminds in their own terms By analyzing disabled girls self representational practices and cultural productions Todd shows how disabled girls deftly theorize their

experiences of ableism sexism racism and ageism and cultivate communities online creating archives of disability knowledge and politicizing other disabled people in the process **Eye Care Sourcebook, 6th Ed.** James Chambers,2020-04-01
