Glossary and bibliography. *Information Security Management Handbook, Fourth Edition* Harold F. Tipton, 2001-09-26 Whether you are active in security management or studying for the CISSP exam, you need accurate information you can trust. A practical reference and study guide. *Information Security Management Handbook Fourth Edition Volume 3* prepares you not only for the CISSP exam but also for your work as a professional. From cover to cover, the book gives you the information you need to understand the exam's core subjects. Providing an overview of the information security arena, each chapter presents a wealth of technical detail. The changes in the technology of information security and the increasing threats to security from open systems make a complete and up-to-date understanding of this material essential. Volume 3 supplements the information in the earlier volumes of this handbook, updating it and keeping it current. There is no duplication of material between any of the three volumes. Because the knowledge required to master information security, the Common Body of Knowledge (CBK), is growing so quickly, it requires frequent updates. As a study guide or resource that you can use on the job, *Information Security Management Handbook Fourth Edition Volume 3* is the book you will refer to over and over again. **The CISSP and CAP Prep Guide** Ronald L. Krutz, Russell Dean Vines, 2007-05-23 The Certified Information Systems Security Professional (CISSP) is the industry standard test on IT security.
