The Emblems of James Reaney Thomas Gerry, 2013-03-11 The literary emblem can trace its roots back to sixteenth century English collections which sought to reconcile classical philosophy with Christian doctrine Consisting of images and verses emblems challenged readers to use their wit and knowledge to deduce the connection between the visual and the textual In The Emblems of James Reaney former Reaney student and professor Thomas Gerry draws on his own considerable wit and knowledge to help readers understand the myth mystery and meaning behind ten literary emblems published in 1972 as Two Chapters from an Emblem Book by poet playwright and painter James Reaney Gerry conducts an exhaustive investigation of the magnetic arrangement that links each emblem with some of Reaney s best known fiction poetry drama and painting His detailed analysis of the visual and verbal aspects of each emblem draws on alchemy biblical mythology and Haitian voodoo By referring to the influence and inspiration that Reaney drew from William Blake Edmund Spenser Northrop Frye and Carl Jung Gerry reveals the overall cycle of meaning behind the emblems and shows how Reaney marries the opposing concepts of art and experience into a unified artistic vision The Emblems of James Reaney presents a fascinating organizational scheme within which to study some of Reaney s most beloved works encouraging readers to frolic in the playbox of Reaney s imagination and to revisit his work and Canadian literature with new eyes **James Reaney on the**

Stewart Reaney, 1989-01-01 James Reaney is a prolific Canadian playwright and poet This analysis of his work written by Richard Stingle explores his place within English and Canadian literary traditions and ability to make local Ontario life universally relatable The Box Social and Other Stories James Reaney, 1996 *The Box Social* Other Stories gathers together nine of James Reaney's short fictions written in the 40s and early 50s and never previously collected in book form The collection takes its title from a short piece the author originally published in the *University College Undergrad* and which provoked a firestorm of eight hundred angry letters from subscribers when it was republished nationally in the *New Liberty* in the late 40s It also thwarted the young author's designs on the editorship of the *Undergrad* because of his clear moral unsuitability for such an august position This is doubtful because the *Undergrad* eventually came to be edited thirty years later by PQL publisher Tim Inkster *The Box Social* is remarkable not only that it introduced the theme of date rape to Canadian literature some thirty years before the phrase was coined but also that it is told from Sylvia's point of view and yet again that it ends with one of the quietest lines of literary vitriol imaginable I hated you so much she said softly If Alice Munro has put the sexually awakening female under glass in *Lives of Girls and Women* then *The Box Social* could just as easily have been titled *Lives of Boys and Men* In *The Bully* the brutality of what passes for etiquette in secondary school is contrasted with the simpler life of the farm personified in Noreen who drops grain in the shape of letters to feed her chickens

so that when the hens ate the grain they were forced to spell out Noreen's initials or to form a cross and circle. There were just enough hens to make this rather an interesting game. Sometimes I know Noreen spelled out whole sentences in this way a letter or two each night and I often wondered to whom she was writing up in the sky. The Bully was included in The New Oxford Book of Canadian Short Stories edited by Margaret Atwood and Robert Weaver. The young Margaret Atwood first encountered The Bully as an undergraduate. She read the story oddly enough in an anthology edited by Robert Weaver and the experience was apparently seminal to her own development as a writer of fiction. Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene. It is designed to help students, teachers and librarians choose the most appropriate books for research and study.

Northrop Frye on Canada Northrop Frye, 2003-01-01 Brings together all of the writings of Northrop Frye both published and unpublished on the subject of Canadian literature and culture from his early book reviews of the 1930s and 1940s through his cultural commentaries of the 60s, 70s and 80s.

Everyday Magic Laurie Ricou, 2011-11-01 Child language is a subject in which everyone is an expert. All parents study their children's language carefully if undeliberately and every family has its precious memories of the unique verbal improvisations of childhood. For writers who continually struggle with and revel in the mysteries of language, the language of children holds a special attraction. *Everyday Magic* looks at the way Canadian writers have written through as distinct from for or about children at the ways they have used child language and children's models of perception to achieve various literary effects. It describes how texts might be shaped by child usage and speculates that adult artists often find themselves surprised and informed by the child language they seek to create. Ricou examines how the distinctive features of child language described by psycholinguists intersect with the written languages used by writers to suggest not only a child language but also the way a child sees and organizes an understanding of the world. The book's subtitle putting the term child language into the plural points out that not one but many written interpretations of the child's perspectives are possible. In order to emphasize this plurality and indicate that there are any number of child languages, the author has organized his study as a series of closely related essays. Each chapter considers the work of a Canadian author or authors with the book as a whole moving from the more conventional writers to those who step outside the bounds of convention. Ricou proposes analogies with Wordsworth and Dylan Thomas, Proust and Dickens but he finds his principal subject in the inherent interest of, for example, the Piagetian scheme that W. O. Mitchell seems to adopt in *Who Has Seen the Wind*, the obsessions with similes in Ernest Buckler, the variations on the Bildungsroman in Margaret Laurence and Alice Munro and the persistent experiments with presymbolic language in Bill Bissett. For these and other writers such as Clark Blaise, Emily Carr, Dennis Lee, Dorothy Livesay, P. K. Page

James Reaney and Miriam Waddington Ricou illuminates the particular literary languages appropriate to each author's subject. The result is a fascinating and unique approach to Canadian literature.
