James Joyce and Classical Modernism Leah Culligan Flack, 2020-02-06 *James Joyce and Classical Modernism* contends that the classical world animated Joyce's defiant innovative creativity and cannot be separated from what is now recognized as his modernist aesthetic Responding to a long standing critical paradigm that has viewed the classical world as a means of granting a coherent order shape and meaning to Joyce's modernist innovations Leah Flack explores how and why Joyce's fiction deploys the classical as the language of the new This study tracks Joyce's sensitive on going readings of classical literature from his earliest work at the turn of the twentieth century through to the appearance of *Ulysses* in 1922 the watershed year of high modernist writing In these decades Joyce read

ancient and modern literature alongside one another to develop what Flack calls his classical modernist aesthetic which treats the classical tradition as an ally to modernist innovation This aesthetic first comes to full fruition in *Ulysses* which self consciously deploys the classical tradition to defend stylistic experimentation as a way to resist static paralyzing notions of the past Analysing Joyce s work through his career from his early essays Flack ends by considering the rich afterlives of Joyce s classical modernist project with particular attention to contemporary works by Alison Bechdel and Maya Lang

James Joyce's Judaic Other Marilyn Reizbaum, 1999 How does recent scholarship on ethnicity and race speak to the Jewish dimension of James Joyce s writing What light has Joyce himself already cast on the complex question of their relationship This book poses these questions in terms of models of the other drawn from psychoanalytic and cultural studies and from Jewish cultural studies arguing that in Joyce the emblematic figure of otherness is the Jew The work of Emmanuel Levinas Sander Gilman Gillian Rose Homi Bhabha among others is brought to bear on the literature by Jews and non Jews alike that has forged the representation of Jews and Judaism in this century Joyce was familiar with this literature like that of Theodor Herzl Joyce sholarship has largely neglected even these sources however including Max Nordau who contributed significantly to the philosophy of Zionism and the literature on the psychobiology of race so prominent in the fin de si cle all of which circulates around and through Joyce s depictions of Jews and Jewishness Several Joyce scholars have shown the significance of the concept of the other for Joyce s work and more recently have employed a variety of approaches from within contemporary deliberations of the ideology of race gender and nationality to illuminate its impact The author combines these approaches to demonstrate how any modern characterization of otherness must be informed by historical representations of the Jew and consequently by the history of anti Semitism She does so through a thematics and poetics of Jewishness that together form a discourse and method for Joyce s novel
