#### YOUNG WOMEN'S CHRISTIAN ASSOCIATION

MISS ERMA APPLEBY, *General Secretary*

The Young Women's Christian Association has been organized in the North Texas State Normal College for three years. It is the largest student organization of the College, enrolling during the past session over 460 members. The Young Women's Association employs a resident secretary, Miss Erma Appleby, who devotes her entire time to the welfare of the girls of the institution. Miss Appleby is a graduate of the National Training School for Secretaries, in New York City. The Association is open to members of all churches, and offers associate membership to those who belong to no church at all. The aim of the Association is to unite the young women of the institution in loyalty to Jesus Christ, to serve as a connecting link between the students and the local churches, and to help build up the social life of the students. The Association has a well furnished rest room in the Science Hall. This is open to the students at all times. Miss Appleby also has her office there. Weekly meetings are held on Wednesday evenings.

#### ADJUSTMENT OF FORMER STUDENTS TO NEW CONDITIONS

Although the nomenclature of classes and courses of study have been changed within the past few years, former students will have no difficulty in finding their proper places, when it is understood that each class now, as heretofore, covers one year's work.

Prior to 1911 the course consisted of three years' work. Since that time four years have been required for graduation. Beginning in September, 1917, an additional two years' course

*The Therapeutic Purposes of*

*Reminiscence* Mike Bender, Paulette Bauckham, Andrew Norris, 1998-12-29 I was impressed with the accessibility of the book offering a guided tour through the history context and purposes of reminiscence therapy the range of applications from promoting social and emotional stimulation to reminiscence as psychotherapy It also provides a brief overview of its theoretical underpinnings As a book for health professionals interested in reminiscence work it is a must for the shelf most importantly it emphasizes the need for adequate training and supervision for those undertaking this type of work the authors also provide a very good working guide to the assessment process Aging and Health In this practical and accessible book leading exponents of reminiscence work describe the purposes and techniques of reminiscence and set out detailed guidelines on how to implement and conduct a wide range of reminiscence activities with different types of client Highlighting its tremendous diversity and potential and its special ability to allow people of all ages and abilities to communicate deeply about their lives the authors separate out the different aims of reminiscence which include intellectual or social stimulation allowing people to leave behind them a cultural legacy or a means of intergenerational communication They show clearly how each can be directly beneficial either to clients or their carers or for improving the culture of the arena in which the activity is being carried out Reminiscence Theatre Pam Schweitzer, 2007 This book is a comprehensive guide to the nature practice and therapeutic effects of reminiscence theatre Drawing on examples from real life case studies Pam Schweitzer provides practical advice on the process of taking an oral history creating from it a written script and developing that into a dramatic production on whatever scale *East Village, Des Moines* Hope Mitchell, 2016-12-05 East Village was not always the fashionable destination it is today When the first settlers arrived in 1843 on the muddy banks of the Des Moines River it was in direct violation of a treaty with the local natives The settlement grew so quickly that by 1855 the fledgling city had been selected to be the state capital and the building was constructed in East Village The next century saw rivalries with the western half of the city the birth and battle of one of the city's largest red light districts and the construction of some of Des Moines most prized historic treasures Historian Hope Mitchell investigates the people and events that shaped the culture and landscape of Des Moines most dynamic neighborhood **Reminiscences of Saratoga and Ballston** William Leete Stone, 1875 *The Midshipman Culture and Educational Reform* Todd A. Forney, 2004 The Midshipman Culture and Educational Reform examines the effect of educational and professional reforms on the culture of Annapolis from 1945-76 The Naval Academy has juggled the competing priorities of training and education throughout its history Proper balance was a perennial problem since the academy was limited to a four year timetable to graduation Bancroft Hall was the focal point for professional indoctrination and the heart and soul of the academy culture Its traditions and activities often competed with academies for the midshipmen's time and attention technology and operational requirements forced the school to reevaluate the emphasis paid to academics Outside groups such as the Folsom Board and Admiral Hyman Rickover also acted as a catalyst for reform The culmination of these efforts was the academic revolution of

the 1960s which transformed Annapolis into an elite engineering college Midshipmen and their officers occasionally resisted changes that undercut their most cherished traditions including plebe indoctrination Ironically most core values of the academy culture remained similar to what they had always been including the emphasis on career service and loyalty to one's shipmates Fomey's book uses all original sources including a thorough survey of graduates from these years Writing the Materialities of the Past Sam Griffiths, 2021-06-14 Writing the Materialities of the Past offers a close analysis of how the materiality of the built environment has been repressed in historical thinking since the 1950s Author Sam Griffiths argues that the social theory of cities in this period was characterised by the dominance of socio economic and linguistic cultural models which served to impede our understanding of time space relationality towards historical events and their narration The book engages with studies of historical writing to discuss materiality in the built environment as a form of literary practice to express marginalised dimensions of social experience in a range of historical contexts It then moves on to reflect on England's nineteenth century industrialization from an architectural topographical perspective challenging theories of space and architecture to examine the complex role of industrial cities in mediating social changes in the practice of everyday life By demonstrating how the authenticity of historical accounts rests on materially emplaced narratives Griffiths makes the case for the emancipatory possibilities of historical writing He calls for a re evaluation of historical epistemology as a primarily socio scientific or literary enquiry and instead proposes a specifically architectural time space figuration of historical events to rethink and refresh the relationship of the urban past to its present and future Written for postgraduate students researchers and academics in architectural theory and urban studies Griffiths draws on the space syntax tradition of research to explore how contingencies of movement and encounter construct the historical imagination *International Perspectives on Reminiscence, Life Review and Life Story Work* Faith Gibson, 2018-11-21 This book collates the latest research developments and evidence base for reminiscence life review and life story work in a single volume Charting the wide applications for narrative therapeutic methods the book emphasises the effectiveness of these approaches with varied people from different cultural backgrounds *The Power Makers* Maury Klein, 2010-09-01 Maury Klein is one of America's most acclaimed historians of business and society In *The Power Makers* he offers an epic narrative of his greatest subject yet the power revolution that transformed American life in the course of the nineteenth century The steam engine the incandescent bulb the electric motor inventions such as these replaced backbreaking toil with machine labor and changed every aspect of daily life in the span of a few generations The cast of characters includes inventors like James Watt Elihu Thomson and Nikola Tesla entrepreneurs like George Westinghouse savvy businessmen like J P Morgan Samuel Insull and Charles Coffin of General Electric Striding among them like a colossus is the figure of Thomas Edison who was creative genius and business visionary at once With consummate skill Klein recreates their discoveries their stunning triumphs and frequent failures and their unceasing bare knuckled battles in the marketplace In Klein's hands their personalities and

discoveries leap off the page *The Power Makers* is a dazzling saga of inspired invention dogged persistence and business competition at its most naked and cutthroat a biography of America in its most astonishing decades **Routledge Revivals: Reform in New York City (1991)** Augustus Cerillo,2018-02-01 Originally published in 1991 *Reform in New York City* provides an interpretive synthesis of urban progressivism and provides a comprehensive historical look at progressivism in New York City The book argues that urban reform still poses a major historiographical challenge to historians working today and that there is limited analysis of the social and political action that characterised turn of the century New York The book addresses the conceptual approaches interpretive differences and thematic emphasis of the urban reform agenda **The Meaning of Reminiscence and Life Review** Jon Hendricks,2019-04-04 Robert Butler's call for life reviews has exerted a key influence on the way gerontologists have looked at reminiscence and remembering Widely thought to be a helpful mechanism for integrating past and future the process of life review needs better specification and evaluation based on sound research *The Meaning of Reminiscence and Life Review* brings together both research and application pieces covering the range of possibilities It examines important controversies and asks Does it work and What is the evidence Given their own voice what do old people say about looking back *The 7th Tennessee Infantry in the Civil War* William Thomas Venner,2013-07-20 This book follows the 7th Tennessee Infantry Regiment from their May 1861 mustering in to the war's final moments at Appomattox in April 1865 It is an intensely personal account based upon the Tennesseans letters journals memoirs official reports personnel records and family histories It is a powerful account of courage and sacrifice The men a full roster is included changed from exhilarated volunteers to battle hardened veterans They had eagerly rushed to join up anxious to confront the enemy on the battle front Later amid the grim realities the Tennesseans stayed with their comrades and carried out their responsibilities Rifleman Tom Holloway wrote I went into this measure with the conviction that it was my imperative duty Eventually as the war destroyed the Tennesseans Lt Ferguson Harris wrote simply I wonder who will be the last of us to go **The New History in an Old Museum** Richard Handler,Eric Gable,1997 An ethnographic exploration of the presentation of history at Colonial Williamsburg It examines the packaging of American history and the consumerism and the manufacturing of cultural beliefs
