Character's Theater Lisa A. Freeman, 2013-05-07 If the whole world acted the player how did the player act the world In Character's Theater Lisa A Freeman uses this question to test recent critical discussion of eighteenth century literature and culture Much current work she observes focuses on the concept of theatricality as both the governing metaphor of social life and a primary filter of psychic perception Hume's theater of the mind Adam Smith's impartial spectator and Diderot's tableaux are all invoked by theorists to describe a process whereby the private individual comes to internalize theatrical logic and apprehend the self as other To them theatricality is a critical mechanism of modern subjectivity but one that needs to be concealed if the subject's stability is to be maintained Finding that much of this discussion about the Age of the Spectator has been conducted without reference to the play texts or actual theatrical practice Freeman turns to drama and discovers a dynamic model of identity based on eighteenth century conceptualizations of character In contrast to the novel which cultivated psychological tensions between private interiority and public show dramatic characters in the eighteenth century experienced no private thoughts The theater of the eighteenth century was not a theater of absorption but rather a theater of interaction where what was monitored was not the depth of character as in the novel but the arc of a genre over the course of a series of discontinuous acts In a genre by genre analysis of plays about plays tragedy comedies of manners humours and intrigue and sentimental comedy Freeman offers an interpretive account of eighteenth century drama and its cultural work and demonstrates that by deploying an alternative model of identity theater marked a site of resistance to the rise of the subject and to the ideological conformity enforced through that identity formation *The Universal Anthology* Richard Garnett, Leon Vallée, Alois Brandl, 1899 [The World's Greatest Literature](#), 1900 [The World's Great Classics](#), 1899

Imperial ed Richard Garnett, 1899 *The International Library of Famous Literature* Richard Garnett, 1899 [The School for Scandal and Other Plays](#) Richard Sheridan, 2004-05-27 The three plays collected in this volume demonstrate Sheridan's unerring ability to create unrivalled comedy out of ingenious plots witty repartee farcical situations and flamboyant characters And while he never overtly moralizes Sheridan uses brilliant comedy to deflate hypocrisy and satirize the manners of his age In *The Rivals* Captain Absolute becomes his own rival for the hand of Lydia Languish wooing her under another name while her aunt the verbally inept Mrs Malaprop wishes her to marry the real Captain School for Scandal continues the theme of imposture when Sir Oliver tests his nephews by appearing to them in disguise and learns that reputation and the approval of society are of little value And *The Critic* featuring the pompous Puff and the arrogant Sneer is a mocking depiction of the theatre playwrights and of course critics [The Rivals](#) Richard Brinsley Sheridan, 2014-05-29 Both Sheridan and Goldsmith lamented the popularity of sentimental comedy in the later eighteenth century and wrote their witty and satirical plays though never lascivious in the manner of Restoration comedies to

counteract the sentimental mode *The Rivals* 1775 was a qualified success the suave young officer who is forced by his father to marry the very girl to whom he is secretly engaged must always please but first audiences were as uncertain as later critics about how to evaluate his neurotic friend Faulkland who invents a series of caveats for his marriage to the earnest Julia A country squire who becomes alarmingly foppish in town an impetuous Irishman and the linguistically challenged Mrs Malaprop complete the cast This edition includes the original preface and several prologues in an appendix it lists all the fashionable books and songs to which the characters allude
