Jacques Villon:

Jacques Villon Jack Leissring, 2011-11 The text describes the art of Jacques Villon 1875-1963 in the collection of Jack Leissring. It includes 350 works on paper, 77 of which are either unique or artist's proofs. The work was gathered over a period of forty-one years from world-wide sources. This collection may be the most significant collection of the print work of Jacques Villon. The book is extensively referenced and includes translated citations of the standard French text on Villon by Jacqueline Auberty and Charles Perrussaux. There is an image of each work in color. In addition to an essay about Villon's significance to him, the author discusses poets and poetry which importantly influenced Villon's work. The book will prove to be an important reference source for those interested in the etchings and lithographs of Villon. **Jacques Villon Master of Graphic Art (1875-1963).** Jacques Villon, 1964 **Jacques Villon**, 1955 Jacques Villon Jacques Villon, E.V. Thaw & Co, 1964 **Jacques Villon-Cubist Work on Paper** Jack Leissring, 2013-02-23 Jacques Villon is one of the 20th Century's most significant artists. Stanley Hayter and others have called Villon the father of modern printmaking. Jacques Villon, actually named Gaston Duchamp, was probably the most significant painter-graveur of the twentieth century in France. This book explores a segment of his painting and printmaking skills, one commonly known as Cubism. Villon and his brothers were a part of a group of influential intellectual painters, poets, and essayists who met regularly in Villon's studio. His work is intimately connected with ideas that originated there. The author in 2011 completed a definitive catalog of the entire collection of Villon's work gathered over a forty-year period: 350 graphic and painting works on paper. The present study focuses specifically on 53 Cubist-related images from that collection and discusses the influence of the Section d'Or on the artist's working method. The work is extensively referenced. **Master of Graphic Art** Jacques Villon, 1967 *Artist File* Jacques Villon, 1970 **Villon** Jacques Villon, Raymond Cogniat, 1963 **Jacques Villon, Lyonel Feininger** Institute of Contemporary Art (Boston, Mass.), 1949 **Jacques Villon** Jacques Villon, 1967 *Jacques Villon and His Cubist Prints* Innis H. Shoemaker, Jacques Villon, Philadelphia Museum of Art, 2001 Jacques Villon, brother of Marcel Duchamp and Raymond Duchamp-Villon, was one of the premier printmakers in Paris during the early part of the 20th century. Originally influenced by the work of Toulouse-Lautrec, he later moved toward Cubism in his work. This catalogue from the Philadelphia Museum of Art places Villon's cubist prints in their proper perspective and includes a critical essay about his work.
