Marshall, 2023-08-03 The only child of Brooke Astor the Queen of New York a powerful force who inherited the enormous Astor fortune Anthony Marshall became a decorated Marine a diplomat and US ambassador a codebreaker a covert spy with the newly formed CIA a special assistant to the U2 program during the Cold War and dedicated to the global conservation of animal and floral habitat Always interested in the arts he and his third wife co produced two Tony Award Broadway plays in the early 2000s Marshall was the stepson of Vincent Astor one of the wealthiest men in America and witnessed the life of the ultra privileged in New

York City firsthand In 2006 his carefully directed life was on the verge of being destroyed by a criminal accusation from his own son Heartbroken Marshall read the formal wording of the accusation elder abuse of his mother who was then one hundred four years old What followed were years of constant tabloid sensationalism and negative press that destroyed Marshall s reputation and damaged his relationships with family and friends After a six months long trial he was sentenced to 1 3 years in a New York State prison when he was eighty nine years old Together with his beloved wife Charlene he faced what he called the greatest challenge of my life since landing his Marine platoon onto Blue Beach at Iwo Jima on D 1 These two survived this brutal attack together with their souls intact and their love stronger than ever These are his stories *The Language of Balinese Shadow Theater* Mary Sabina Zurbuchen,2014-07-14 Bali s shadow puppet theater like others in Southeast Asia is a complex tradition with many conventions that puzzle Western observers Mary Zurbuchen demonstrates how the linguistic codes of this rich art form mediate between social groups cultural influences historical periods and conceptual schemes Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Between Light and Shadow** Mac Darrow,2003-03-20 Much has been written on the human rights relevance and impacts of the policies and activities of the World Bank and IMF or International Financial Institutions IFIs However while many of the human rights based critiques of the Bank and Fund purport to link broadly defined reforms with obligations under international human rights law rarely has this been carried out through a rigorous and in depth application of international legal rules governing the proper interpretation of the institutions mandates and rarely have the policy consequences and practical possibilities for human rights integration been explored in any detail These are the principal gaps that the present book aims to fill by reference to a sample of the IFIs most important and controversial contemporary activities *Tall Tree, Nest of the Wind: The Javanese Shadow-play Dewa Ruci Performed by Ki Anom Soeroto* Bernard Arps,2016-04-18 Javanese shadow puppetry is a sophisticated dramatic form often felt to be at the heart of Javanese culture drawing on classic texts but with important contemporary resonance in fields like religion and politics How to make sense of the shadow play as a form of world making In *Tall Tree Nest of the Wind* Bernard Arps explores this question by considering an all night performance of Dewa Ruci a key play in the repertoire Thrilling and profound Dewa Ruci describes the mighty Bratasena s quest for the ultimate mystical insight The book presents Dewa Ruci as rendered by the distinguished master puppeteer Ki Anom Soeroto in Amsterdam in 1987 The book s unusual design presents the performance texts together with descriptions of the sounds and images that would remain obscure in conventional formats of presentation Copious annotations probe beneath the surface and provide an

understanding of the performance's cultural complexity. These annotations explain the meanings of puppet action music and shifts in language how the puppeteer wove together into the drama the circumstances of the performance in Amsterdam. Islamic and other religious ideas and references to contemporary Indonesian political ideology. Also revealed is the performance's historical multilayering and the picture it paints of the Javanese past. Tall Tree Nest of the Wind not only presents an unrivalled insight into the artistic depth of wayang kulit it exemplifies a new field of study the philology of performance.

the Shadow of 'just Wars' Médecins sans frontières (Association), 2004 Essays written by scholars, journalists and humanitarian relief workers look at humanitarian crises of the past five years for their successes and failures and suggest that humanitarian action has often failed to live up to its ideals. These essays expose the shortcomings of the various humanitarian organizations particularly the U N and illuminate the complex moral and political debate that surrounds even the most basic relief operations.

Far Side of the Shadow Screen Thomas Champion, 2016-05-18 My name is Peter Grant. I didn't start out to save the world it just sort of happened. I only wanted to win back the love of the woman who broke up with me. She was chosen to work on this anthropological expedition to Bali an excellent place to rekindle the magic of romance. I more or less invited myself along. That wasn't the kind of magic I found. While Gayle my ex was working on her tan beside a Balinese lagoon I was chasing down headhunters in the jungles of Irian Jaya. She made the cocktail party circuit I buried the last King of the Torajan. And while the lovely Ms O Conner got engaged to the Major Domo Demon of the Underworld I became the sorcerer's apprentice. So you tell me how's a guy suppose to win a woman's heart if he can't spend any quality time with her. I'm a child of my times an amalgamation of nature and nurture. I did what any red blooded American male my age has learned to do. I battled the evil lord of the universe to stop his union with the woman I love and saved all of mankind in the process. You would think that would count for something wouldn't you. Man has always known the gods the demons. They are as real as the moon and stars. From his first taste of the apple man recognized good and evil and honored and feared the gods they represent. But someday we must ask how much of this is real and how much is just man's invention. For Peter Grant the answer means everything.

Australia's Security in China's Shadow Euan Graham, 2023-03-21 A major shift in the paradigm undergirding relations between Australia and China has become clear in the early 2020s with geopolitical concerns trumping economic considerations. Canberra has implemented a range of new policies in response to the risks it perceives in Australia's economic relations with China the Chinese Communist Party's efforts to exert political influence in Australia the expanding capabilities and presence of the People's Liberation Army and Beijing's economic and diplomatic gains in

Southeast Asia and the Southwest Pacific China's policies towards Australia have become more coercive in economic as well as diplomatic terms. However, Australia has withstood Beijing's punitive trade measures without suffering significant economic damage. China's more assertive regional posture has prompted far-reaching changes to Australia's defence and alliance policy settings, including new capability acquisitions and strategic initiatives such as AUKUS. In this Adelphi book, Euan Graham argues that Australia has provided an imperfect but nevertheless useful exemplar of how governments may respond effectively to multifarious security challenges from China. In particular, the Australian case shows how measures to address domestic vulnerabilities may serve as the foundation for a successful China policy at the international level.

In the Shadow of the Palms Sophie Chao, 2022-05-02. With *In the Shadow of the Palms*, Sophie Chao examines the multispecies entanglements of oil palm plantations in West Papua, Indonesia, showing how Indigenous Marind communities understand and navigate the social, political, and environmental demands of the oil palm plant. As Chao notes, it is no secret that the palm oil sector has destructive environmental impacts; it greatly contributes to tropical deforestation and is a major driver of global warming. Situating the plant and the transformations it has brought within the context of West Papua's volatile history of colonization, ethnic domination, and capitalist incursion, Chao traces how Marind attribute environmental destruction not just to human technologies and capitalism but also to the volition and actions of the oil palm plant itself. By approaching cash crops as both drivers of destruction and subjects of human exploitation, Chao rethinks capitalist violence as a multispecies act. In the process, Chao centers how Marind fashion their own changing worlds and foreground Indigenous creativity and decolonial approaches to anthropology.
