James Abbe, Photographer James Abbe, 2000 Still David S. Shields, 2013-06-18 The success of movies like *The Artist* and *Hugo* recreated the wonder and magic of silent film for modern audiences many of whom might never have experienced a movie without sound But while the American silent movie was one of the most significant popular art forms of the modern age it is also one that is largely lost to us as more than eighty percent of silent films have disappeared the victims of age disaster and neglect We now know about many of these cinematic masterpieces only from the collections of still portraits and production photographs that were originally created for publicity and reference Capturing the beauty horror and moodiness of silent motion pictures these images are remarkable pieces of art in their own right In the first history of still camera work generated by the American silent motion picture industry David S Shields chronicles the evolution of silent film aesthetics glamour and publicity and provides unparalleled insight into this influential body of popular imagery Exploring the work of over sixty camera artists *Still* recovers the stories of the photographers who descended on early Hollywood and the stars and starlets who sat for them between 1908 and 1928 Focusing on the most culturally influential types of photographs the performer portrait and the scene still Shields follows photographers such as Albert Witzel and W F Seely as they devised the poses that newspapers and magazines would bring to Americans who mimicked the sultry stares and dangerous glances of silent stars He uncovers scene shots of unprecedented splendor visions that would ignite the popular imagination And he details how still photographs changed the film industry whose growing preoccupation with artistry in imagery caused directors and stars to hire celebrated stage photographers and transformed cameramen into bankable names Reproducing over one hundred and fifty of these gorgeous black and white photographs *Still* brings to life an entire long lost visual culture that a century later still has the power to enchant The Christian Leader, 1928

Biographical Review. This Volume Contains Biographical Sketches of the Leading Citizens of Hampden County, Massachusetts..., 1895 **James Abbe**, 1975 **The History of Enfield, Connecticut ...** Francis Olcott Allen, 1900

Lillian Gish Stuart Oderman, 2015-07-11 With a theatrical career spanning nearly 100 years Gish saw motion pictures evolve from flickers to blockbusters Usually playing someone needing to be rescued or protected her trademark delicacy and vulnerability belied a strong and complex woman whose fatherless childhood taught her frugality love for her mother and her sister Dorothy and a distrust of men The author who was her friend chronicles the hardships heartaches and fierce determination that shaped her all her days With rare photographs and intimate recollections of Lillian Dorothy and many other important figures The Jacobite Peerage, Baronetage, Knightage and Grants of Honour Melville Henry Massue marquis de Ruvigny et Raineval, 1904 Report of the Third Assistant Postmaster-general United States. Post Office

Department,1887 **Politics of Guilt & Pity** R. J. Rushdoony,2019-07-17 From the foreword by Steve Schlissel Rushdoony sounds the clarion call of liberty for all who remain oppressed by Christian leaders who wrongfully lord it over the souls of God's righteous ones I pray that the entire book will not only instruct you in the method and content of a Biblical worldview but actually bring you further into the glorious freedom of the children of God Those who walk in wisdom's ways become immune to the politics of guilt and pity Man has trampled God's law under foot In doing so he has misused himself and trampled on the God-given rights of his fellowman He is conscious of his guilt and seeks self-justification through self-atonement The author makes it perfectly clear that there is only one way of escape from present slough and despair It is in turning in heartfelt repentance to God who has already provided atonement in the sacrifice of His Son And true repentance includes a return to the doing of God's will as revealed in God's Word the Bible **Clothes Make the Character** Lora Ann Sigler,2021-02-26 Clothes make the man or woman This is especially true in early Hollywood silent films where a character's appearance could show an immense number of different things about them For example Theda Bara's role in *A Fool There Was* 1915 was known for her revealing clothing seductive appearance and being the first Vamp Wardrobe and costume design played a larger role in silent films than in modern movies The character's clothes told the audience who they were and what their role was in the movie In this in-depth analysis the author provides examples and explanations about noteworthy characters who used their appearance to further their fame **Observers from Abroad** Martin A. Miller,2025-03-31 *Observers from Abroad* offers an examination of published and archival images of Soviet Russia providing a deeper understanding of the complexities and vicissitudes of its political culture The book argues that photography when accurately interpreted can be utilized as primary historical evidence that has the potential to both enhance and counter traditional verbal analysis Employing a number of images of the Soviet Union captured by gifted documentary photographers from the West who received visas to work in Moscow from the Bolshevik seizure of power in 1917 to the collapse of the USSR in 1991 the book also assesses the intentions of the photographers who acted as conscious observers capturing visual evidence under the restraining conditions of state surveillance Each chapter provides a closer look at the life and work of these photographers with a wealth of historical images and discussion Richly illustrated and engaging this volume will be ideal for students scholars and readers interested in Soviet history twentieth century history and the history of photography *The Soviet Mind* Isaiah Berlin,2004-02-09 Isaiah Berlin's response to the Soviet Union was central to his identity both personally and intellectually Born a Russian subject in Riga in 1909 he spoke Russian as a child and witnessed both revolutions in St Petersburg in 1917 emigrating to the West in 1921 He first returned to Russia in 1945 when he met the writers Anna Akhmatova and Boris Pasternak These formative encounters helped shape his later work especially his defense of political freedom and his studies of pre-Soviet Russian thinkers Never before collected Berlin's writings about the USSR include his accounts of his famous meetings with Russian writers shortly after the Second World War the celebrated 1945 Foreign Office

memorandum on the state of the arts under Stalin his account of Stalin's manipulative artificial dialectic portraits of Osip Mandelstam and Boris Pasternak his survey of Soviet Russian culture written after a visit in 1956 a postscript stimulated by the events of 1989 and more This collection includes essays that have never been published before as well as works that are not widely known because they were published under pseudonyms to protect relatives living in Russia The contents of this book were discussed at a seminar in Oxford in 2003 held under the auspices of the Brookings Institution Berlin's editor Henry Hardy had prepared the essays for collective publication and here recounts their history In his foreword Brookings president Strobe Talbott an expert on the Soviet Union relates the essays to Berlin's other work The Soviet Mind will assume its rightful place among Berlin's works and will prove invaluable for policymakers students and those interested in Russian politics past present and future

Passionate Publishers Phoebe Kornfeld, 2021-08-12 *Passionate Publishers* traces the lives of the German Jewish refugee migr founders of the Black Star photo agency Ernest Mayer Kurt Safranski and Kurt Kornfeld whose expertise helped ignite a revolution in photojournalism The first half of the book lays the groundwork for understanding how Black Star's founders could play such a key role in photojournalism The author reconstructs their history in Germany before and during World War I and details their accomplishments in Berlin's dynamic Weimar era publishing industry The journey into exile of Safranski Mayer and Kornfeld their influence on the editors of *Life* the first decade of Black Star and the most notable post World War II experiences of the photo agency's founders are the focus of the second half of the book Family and governmental archives provide extensive new information about the three men and reveal harrowing investigations by J Edgar Hoover's FBI which believed Black Star's founders to be spies or agents of a foreign government The author argues that the refugee migr's successfully contested the never substantiated allegations on account of their strong views relating to the freedom of the press and the malevolence of discrimination on the basis of race religion or national origin

The Stalin Cult Jan Plamper, 2012-01-17 Between the late 1920s and the early 1950s one of the most persuasive personality cults of all times saturated Soviet public space with images of Stalin A torrent of portraits posters statues films plays songs and poems galvanized the Soviet population and inspired leftist activists around the world In the first book to examine the cultural products and production methods of the Stalin cult Jan Plamper reconstructs a hidden history linking artists party patrons state functionaries and ultimately Stalin himself in the alchemical project that transformed a pock marked Georgian into the embodiment of global communism Departing from interpretations of the Stalin cult as an outgrowth of Russian mysticism or Stalin's psychopathology Plamper establishes the cult's context within a broader international history of modern personality cults constructed around Napoleon III Mussolini Hitler and Mao Drawing upon evidence from previously inaccessible Russian archives Plamper's lavishly illustrated and accessibly written study will appeal to anyone interested in twentieth century history visual studies the politics of representation dictator biography socialist realism and real socialism
