in Timber Falls knows that his family is trash and sometimes Harry White thinks he'll always be trash. But he can't help getting angry. After all, what had he and his sister Helen ever done to anybody? When he discovers the local carpet factory is polluting the river, he comes up with a bold exposé that if he is successful will make people sit up and show him respect. He wants to do it alone even though he knows he's asking for trouble. As trash, Harry's got nothing to lose. Or does he? Gripping, disturbing, and exhilarating. When *The Stars Begin to Fall* reveals the hidden forces that conspire against well-meaning innocents, Harry's desire to change himself and society is so powerful, his voice so direct and real that listeners won't forget his struggle for dignity. In this striking departure from the historical novels he is so well known for, James Lincoln Collier has written a powerful even shocking novel that challenges and defies the rhetoric of contemporary America. **Planet out of the Past** James Lincoln Collier, 2013-06-01

Char Weddy and Nuell are excited over their discovery on the strange planet Pleisto but also terrified for the leader of their expedition. Professor Joher has disappeared. Nuell and Weddy, Joher's children, are concerned for his safety while Char, his research assistant, feels not only worried but responsible for all of them. He realizes that these prehistoric people may have carried off the professor and may even have killed him. The three set out to find the professor and their search leads them through a frightening world where they must fight for their lives every day against mastodons and jaguars as well as Pleisto's prehistoric inhabitants. They befriend a wounded hunter, a man who is like their own ancestors from millions of years earlier, and hope that he will lead them to the professor. As their journey progresses, Char is thrilled to have the chance to study prehistoric humans so closely but he is disturbed by the violence of everyday life on Pleisto by its uncomfortable similarity to life on Earth and by his own feelings of competition and aggression. In an exciting climax, he learns about human courage, love, generosity, and cooperation. **The Jazz Kid** James Lincoln Collier, 2013-01-01

Paulie Horvath is never going to be a good student like his brother John, never going to follow his hardworking father into the plumbing trade, never going to ease his mother's mind by passing tests or cleaning up his room. But once he hears jazz by accident from the basement of a speakeasy, he knows exactly what he will do: learn that music and make it his life. Jazz is all around in gangland Chicago but not so easy for a twelve-year-old to find, especially when his father disapproves of it. Paulie has to lie, beg, and steal just to get time for lessons, time to practice, time to slip across town to see stars like King Oliver and Louis Armstrong. Lies last only so long until they are found out and a confrontation is coming. Will he choose home and family or sleazy dives with that wonderful music? To decide, Paulie has to face an even tougher question: What is jazz after all? Author James Lincoln Collier has played and studied jazz throughout his life. Here is a novel that shows us a great moment in the history of jazz and points at issues that still trouble us today. *The Worst of Times* James Lincoln Collier, 2013-02-01
